IT IS SO!
Farm land is bound to raise in price before long. Now is the time to buy. I have a number of good improved farms to sell or trade. Can give possession any time. Money to loan at 6 and 7 per cent. interest. If you want to buy a home, don't forget to look at my list of houses and beautiful lots in all parts of the city.
Respectfully,
LOUIS F. CURDES,
Home Phone 622. 8 & 9 Pixley-Long Block.

U. S. CONSUL
CURED OF
ECZEMA
BY
CUTICURA
I had an attack of Eczema, and ordered a box of oxide of zinc ointment. The first application changed the Eczema to hell-fire, which seemed unquenchable. The druggist had used a rancid cerate and I was poisoned. A local physician did not help matters, and everything either failed to help, or made it worse, I was becoming desperate, when I thought of CUTICURA REMEDIES, and dispatched my servant for a cake of CUTICURA SOAP and a box of CUTICURA (ointment). The *first application relieved me* and in *three days I was well.*

ARE COMING HOME.

Fort Wayne Soldiers Will be Mustered Out.

Orders Issued for One Hundred and Fifty-Seventh.

Twenty-Eighth Light Battery Also to Quit Service.

War Department Begins the Important Work of Disbanding the Mighty Armies of Volunteers.

WASHINGTON, Aug. 24.—Orders have been issued for the mustering out of the following regiments:

First Vermont, First Maine, Fifty-second Iowa, Sixth Pennsylvania, Second New York, Second Nebraska, One Hundred and Fifty-seventh Indiana, all infentry; also battery of Ohio light artillery, First Illinois volunteer cavalry, batteries A and B, Georgia light artillery, Twenty-eighth Indiana light battery and the New York and Pennsylvania cavalry troops now in Porto Rico.

Other orders to muster out troops will be announced as soon as definite decisions are reached.

RAILROADS RUSHED MOVING TROOPS.

CHICKAMAUGA, National Military Park, Aug. 24.—The Eighth Massachusetts, Twelfth New York and Twenty-first Kansas left Camp Thomas today for Lexington, Ky., where they will camp until further orders. Other regiments were ready to move but on account of lack of railroad facilities were unable to do so. General Breckinridge is now making the removal of troops his main business and the regiments under orders are kept working until they are ready to go. The regiments of the second brigade, second division, first corps, will begin moving to Knoxville. The First Illinois cavalry is expected to leave at an early hour tomorrow for Chicago, arriving at its destination Friday night.

The commissary supply depot, which has been located at Chattanooga for several months, is to be moved at once to Huntsville, Ala. Major Nye, commissary of subsistence, began today preparing for the move. A large amount of supplies is now on hand.

This corps will begin moving to Huntsville as soon as the remaining regiments of the First corps gets to Knoxville and Lexington. Huntsville is to have by far the largest camp in the south. When the regiments ordered there arrive, there will be about 40,000 men at the little Alabama village. The place is well watered, healthy and in every way adapted for a camping ground.

ALGER PAYS VISIT TO CAMP WIKOFF.

NEW YORK, Aug. 24.—The report of the condition of the men on the Yale which arrived off Camp Wikoff, Montauk Point, L. I., last night, has not yet been made by the quarantine officers.

In the electrical storm which continued for four hours last night, the wind blew down many of the soldier's tents, twisted the wires about the camp, blew down the Red Cross hospital tent in the general hospital and caused havoc generally. Two tents were picked up from the ground and carried into the ocean.

The wrecking of five unoccupied tents in the detention hospital will prevent the landing of some sick soldiers on the transports.

This forenoon soldiers are busy fixing up tents which were blown down and putting the camp into fine shape again.

The large Y. M. C. A. tent, in which the soldiers spend much of their time writing to their relatives or reading, was also levelled by the gale.

The news that an order is soon to be issued at Washington to muster out the volunteers in camp, including the rough riders and the Seventy-first regiment, has been received with much satisfaction by the volunteer troops.

The transport Arcadia which arrived last night was inspected today. Captain Capron, father of Captain Capron, of the rough riders, who was killed at Santiago, is on board sick.

Secretary Alger arrived at the camp today on a special train. To a newspaper corrrspondent Secretary Alger stated that he hoped to make as thorough inspection as possible of the camp in the length of time he had at his disposal.

He rode with the army officers, who met him at the depot, to headquarters and as soon as he was recognized by the volunteers and regulars the secretary was loudly cheered.

Secretary Alger was especially interested in the condition of the sick men and how they were being cared for. He intimated that President McKinley was much concerned in the matter of properly caring for the sick soldiers.

The secretary will make a complete tour of the big camp before he returns to New York. He will also be fully informed when he leaves as to how the volunteers feel about their being mustered out.

For this reason he will spend considerable time in the camps of the Rough Riders and the Seventy-first New York.

It is said that Secretary Alger informed General Wheeler that he would stay in camp two or three days if necessary to make a thorough inspection of everything and devise some means for the relief and comfort of the soldiers, especially those in the hospital.

PUBLIC SCHOOLS TO OPEN IN SANTIAGO.

SANTIAGO DE CUBA, Aug. 23, 6:45 p. m.—(Delayed in transmission)—The conference between General Wood, military governor of Santiago and the local authorities with reference to opening the public schools has resulted satisfactorily, and places will be ready for 4,000 children on September 15. The salaries of the school commissioners have been fixed at somewhat reduced figures; the element of sectarianism has been eliminated from the management and an American basis of education have been proposed.

The San Juan arrived today from Guantanamo Bay bringing two companies of Hood's regiment and 107 bags of mail, delivered there by the Fern from Key West. It was the first mail matter received for ten days. When the Fifth regular infantry arrives for garrison duty in the city, taking the place of Hood's regiment, that will be transferred to San Juan de Porto Rico. Crane's immunes will be assigned to guard the Spanish prisoners of war.

The embarkation of the latter continues. Today 1,200 sailed by the transport Montevideo and 1,000 by the transport Pedro de Satrustogui. Thirteen hundred will leave by the transport Leon tomorrow.

The Spanish general, Linares, whom General Toral succeeded in commend at Santiago prior to the evacuation, left by the Pedro de Satrustogui. There was a great demonstration by the Spanish soldiers on his departure.

The United States transport Minnewaska left today with ninety-five men of the Thirty-third Michigan volunteers, the Second regular cavalry, a balloon detachment of the engineer corps and about 250 men of the First District of Columbia volunteers.

ADMIRAL SCHLEY MUCH IMPROVED.

WESTPORT, Conn., Aug. 24.—This morning found Rear Admiral W. S. Schley greatly improved and everything now points to a speedy and complete recovery. The admiral passed a very comfortable night and arose with the other members of the Wortley household at an early hour. The admiral announced today that he intends going to Washington tomorrow unless his physician absolutely forbids it.

A BOLD HOLD-UP.

Traveling Man Robbed by a Thug on Superior Street.

The Robber Gets a Gold Watch and $40 in Money--Police are On the Trail.

At 2 o'clock this morning a well-known traveling man reported to the police that he had been robbed of $40 in cash and a gold watch and chain. He was coming east on Superior street, and when about 100 feet west of Calhoun was stopped by a man who held a gun to his breast and demanded that he hold up his hands. The robber kept the gun pointed at the traveling man, and with the other hand went through the pockets of his victim.

The fellow who committed the robbery is about five feet eight inches in heighth, has square shoulders and weighs about 170 pounds. He wore a gray beard, which his victim believes was false. He sported a dark suit of clothes and a pair of eye-glasses, but wore his slouch hat drawn over his eyes.

While the police have no positive clue which points to the guilt of any particular person they have suspicions and two of three fellows are being closely watched and followed.

Convention Killed Him.

DAYTON, Ohio, Aug. 24.—Homer Parrott, of this city, dropped dead from heart disease today while attending the democratic state convention. He was a brother of Col. Ed Parrott, of Dayton, and of Col. Charles Parrott, of Columbus.

PEACHES! PEACHES!
Remember that the Early Yellow Crawford is the best flavored peach for canning that there is on the market. We will have in a car load (400 bushel) tomorrow forenoon. We are bringing them here to sell and they must go, so be sure and call early for they will be the finest carload brought in this season.
Remember the place.
THE NEW KEYSTONE,
238 and 240 Calhoun St.
N. B.—The car will arrive on the Wabash and we will sell from the car and store both. Yours,
A. R. WALTER & Co.

William C. Ferguson this morning pleaded guilty to harboring a dog and was fined by 'Squire Tanbey.

The Walther League will hold an ice cream social at Swinney park this evening.

DO NOT TRUST SPAIN

Philippine Insurgents State Their Attitude.

They Want American or British Protectorate.

In That Case They are Willing to Disarm.

Will Not Lay Down Their Guns Under Spanish Domination--Conference Held in Manila.

MANILA, Philippine Islands, Aug. 24.—At a conference today between the insurgents and the Americans the former declared emphatically that they were willing to co-operate with the Americans and to surrender their arms promptly if assured that the islands would remain either an American or a British colony or under the protectorate of the United States or Great Britain.

Otherwise the insurgent leaders asserted they would not dare disarm but must positively refuse to do so. They threaten a fresh rebellion within a month if the Americans withdraw.

FIGHTING REPORTED IN THE PHILIPPINES.

MADRID, Aug. 24.—4:30 p. m.—The government has received a dispatch from General Rios, governor of the Viscayas islands and the successor of General Jaudenes in the governor generalship of the Philippines, saying that there has been bloody fighting between the Spaniards and the insurgents with an estimated loss to the latter of 500 men. The Spanish losses were "unimportant."

The dispatch says that a number of the insurgent chiefs were captured and shot. A sergeant of the gendarmes who attempted to incite a rising against the authorities barely escaped lynching at the hands of the populace. He was turned over to the courts and shot.

General Rios adds that he has organized six battalions of natives and Spaniards for the purpose of resisting a threatened invasion of insurgents from the island of Luzon, and also a small squadron to watch the coasts and rivers of Mandanao island and the Viscayas. The government is highly satisfied with the services of General Rios.

RELIGIOUS ORDERS ARE MAKING TROUBLE.

MANILA, Philippine Islands, Aug. 24.—The natives assert that the religious orders are instigating opposition to American supremacy.

Many Spaniards assert that they are eager to invest their fortunes in new enterprises but that they fear ruin if the Americans withdraw. A few monopolists, fearing competition, are secretly intriguing against the new regime.

Newspapers published in both the English and Spanish languages have already appeared.

The United States transports Rio Janeiro and Pennsylvania arrived today, the former bearing two battalions of South Dakota volunteer recruits for the Utah light artillery and a detachment of the signal corps and the latter the First Montana volunteers and 300 recruits for the First California volunteers.

GENERAL MERRITT HAS ASSUMED HIS DUTIES.

SAN FRANCISCO, Aug. 24.—A special from Manila, of Aug. 23, says: General Merritt has assumed the governor's duty and transferred the command of the eighth corps to Major General Otis.

Brig. Gen. G. H. Otis, of California, has been ordered to report to General Anderson and General MacArthur has been assigned to command the second division. Colonel Overshine, of the Third regulars, will command the brigade in place of General MacArthur.

CLOSING SALOONS IN CITY OF PONCE.

PONCE, Porto Rico, Aug. 24.—(Morning)—General James H. Wilson has assumed control of the district of Ponce and has ordered that all saloons shall be closed for three days, with a view to quieting the existing orders. They will be opened subsequently under special regulations. General Grant has established his headquarters here.

FIGHTING IN CUBA REPORTED IN SPAIN.

LONDON, Aug. 24.—According to a dispatch from Madrid to a local news agency, there has been serious fighting between the Spaniards and the insurgents in Cuba, in which the insurgents lost 500 killed and wounded.

The report cannot be confirmed from other sources.

A HOSPITAL TRAIN LEAVES FOR SOUTH.

PHILADELPHIA, Aug. 24.—The Philadelphia hospital train left here at 8:40 this morning via the Pennsylvania and Southern roads for Fernandina, Fla., to bring home the sick soldiers of the Third regiment, Pennsylvania volunteers, who live here. The train consists of four hospital cars, a baggage car, fitted up as a kitchen and medical headquarters and two Pullman cars for nurses, doctors and the committee of city councils under whose auspices the train is being sent south. The train is in charge of District Passenger Agent John M. Beall, of the Southern railway, and is due at Fernandina at 9:30 o'clock tomorrow morning. The train will bring back about seventy-five sick soldiers.

GENERAL MILES IS DELAYED IN PONCE.

PONCE, Porto Rico, Aug. 23, afternoon.—(Delayed in transmission) | A cable message announcing that Mrs. Miles, accompanied by her daughter, Mrs. Colonel Rice, sailed for Ponce on the United States transport Obdam from Charleston last Saturday, will delay the departure of General Miles and his staff possibly several days.

During the attempt last night to locate a fire to the east of Ponce, a platoon of troop A, of New York, under command of Lieutenant Coudert, accompanied Lieutenant Davenport, of the signal corps, to Santa Isabel. The men had an exciting time, riding at a furious gallop after midnight and covering twenty miles in two hours. Lieutenant Davenport tapped the telegraph wires at several points without locating the fire. The party returned this afternoon utterly exhausted.

AUXILIARY CRUISERS AT CRAMPS' SHIP YARD.

PHILADELPHIA, Aug. 24.—The United States auxiliary cruiser St. Louis arrived at Cramps' ship yard today. The St. Paul, the sister ship of the St. Louis, is already at Cramps'. It is thought two months will elapse before the great ocean greyhounds will be in condition to be returned to the International Navigation company.

WEARY WAITING ON TRANSPORTS.

(Correspondence of the Associated Press.)

WITH THE TRANSPORTS, Montauk Point, L. I., Aug. 22.—It is weary waiting for the American troops on the transports anchored off Camp Wikoff. There is absolutely nothing to do on baard, and the men lounge about the decks, seeking what scant shade that can be found under awnings and longing for the orders that will free them from irksome confinement. Again and again the men discuss the happenings of the days before Santiago. Plans are made for trips home whenever freedom finally comes.

Pay day is spoken of as many of the men are without money and the everlasting subject of something good to eat in the future fills all minds.

Fortunately the weather is cool. There is a good breeze every day, and in the evenings it is even chilly. Overcoats are brought out and the warm corners behind the steamers' smokestacks are the spots most sought after. The men are poorly provided with clothing and the prolonged stay on the vessels has used up the supply of clean linen that the officers had carefully hoarded.

TYPOTHETÆ MEETS.

President's Address Speaks Hopefully of Employer and Employe.

MILWAUKEE, Wis., Aug. 24.—The United Typothetæ of America convened its twelfth annual meeting in the club room of the Hotel Pfister today with about 150 delegates in attendance.

A. J. Aikens, president of the Milwaukee Typothetæ, and Mayor Rose welcomed the delegates to the city, response being made by Louis A. Weyman, of Boston.

President N. L. Burdick then delivered his annual address. President Burdick noted with pleasure that happenings of the past year affecting the business interest of those engaged in the printing and publishing business have been few and not of great importance and that minor disturbances have been brought to a satisfactory settlement in most cases.

"Employers and employes have begun to see, I trust," said the speaker, "that their interests are not antagonistic; that one side cannot succeed by crippling and harassing the other and that it is for their mutual interest to uphold and help each other in all lawful ways. I do not wish to intimate that the millenium has arrived, but surely the tendency should be in the direction of a harmony of interests; the workman doing what he can to enable his employer to make money enough to keep out of bankruptcy and pay his weekly salary list and the proprietor to pay his hands what he can consistently afford out of the profits of his business."

He then referred to the deaths of Wesley Washington Paska, an honored member of the Typothetae of New York, and Cyrene Blakely, one of the founders of the Typothetae, of Chicago, and closed by thanking the gentlemen of the convention for their generous attendance.

The annual report of the executive committee, which furnished matter for discussion durihg the convention, was then read.

POLICE WILL EXCURT.

The Special Train Leaves Fort Wayne at 7 a. m. Tomorrow.

The policemen have completed arrangements for their big excursion which leaves for Rome City tomorrow morning at 7 o'clock. The program is complete and the roosters have been in daily training for their exhibition. The officers do not often have an outing together and they are certain to have a fine time tomorrow with their friends.

DOWN TO WORK.

The Ohio Democrats Meet in Convention.

Chairman Smalley Makes a Speech in Which He Discusses the Issues--Other Conventions.

DAYTON, Ohio, Aug. 24.—The democratic state convention assembled at 11 a. m. today. at the Fairview Casino, a suburban summer resort. The attendance of delegates was not as large as usual, but the factional fighting was more bitter than usual. For two days the factions, headed respectively by Joseph H. Dowling and Allen O. Myers, had contended for control of the convention, the state committee and the whole party organization. At the district meetings yesterday and at the committee meetings last night the fighting at times got beyond harsh words.

It was expected that the factions would fight on the floor of the convention and a large crowd of visitors assembled to witness the exhibition. The convention was called to order by W. W. Durbin, chairman of the state committee, who briefly reviewed the work of the last campaign. Prayer was offered by Rev. E. E. Baker, when the following temporary organization was announced: Chairman, Judge Allan Smalle; secretary, Col. W. A. Taylor; assistant, Martin J. Burke; sergeant-at-arms, L. D. Abell; assistant, Byron Bowers.

In taking charge of the convention Chairman Smalley made a long speech in which he touched upon all the great issues now prominent, specially those growing out of the war with Spain, concluding his speech as follows:

"The grand old democratic party has stood manfully by the administration in our war with Spain, but, at the same time, we commend our representatives in congress for the resistence they made to the war revenue measures. The gold men had their wrongful way, and an enormous bond war debt has been saddled upon our people, which the wealth producers of our country must ultimately pay. The honest, patriotic legal tender greenback, without the exception clause, should have been utilized to meet all expenses growing out of the war with Spain, so that our currency should not have been withdrawn from our ordinary business and commercial pursuits.

"The only hope for a political millenial dawn lies through a triumph of the people over monopoly. Democracy alone offers the correct solution of the troublesome questions that confront us. Let the liberty-loving, constitution-loving, trust and plutocratic-hating citizens of this country rally around the flag of democracy on the Chicago platform, with proper additions touching the Spanish war questions, and successfully conduct the successive advancing skirmishes until 1900, when 10,000,000 of American freemen will triumphantly sweep through the grand arch of victory, singing praises to Almighty God for our great deliverance and shouting for brotherhood, bimetallism and Bryan."

The resolutions adopted reaffirm the Chicago platform, endorse Bryan and his "conduct in peace and war," demand that the spirit of the congressional resolutions with respect to Cuba be observed and fully carried out.

The resolutions favor the building of the Nicaraguan canal, enlarging the militia of all states and reducing the standing army, oppose alliance with England or any other foreign power and demand that the United States senate take action upon the findings of the Ohio senate on the election of Marcus A. Hanna as senator.

FILLEY'S SUCCESSOR.

ST. LOUIS, Aug. 24.—Last night's festivities kept many of the delegates to the republican state convention up until a late hour and it was long after the scheduled time that they assembled in Music hall today and Vice-Chairman Cyrus P. Walbridge called the convention to order.

He immediately proceeded to the regular order of business, which was the placing in nomination of candidates for the position of chairman of the republican state central committee to succeed the veteran manager, Chauncey Ives Filley, who for many years has been at the head of the party in this state.

Herbert A. Hadley, assistant city counsellor of Kansas City, put in nomination Wallace Love, of that city. T. K. Aikins, of Humansville, Polk county, was nominated by Joseph Upton, of Bolliver. Hon. Matt Reynolds, of St. Louis, presented the name of W. L. Morsey, of Warrenton. Aikins was elected on the second ballot.

California Republicans.

SACRAMENTO, Cali., Aug. 26.—The republican state convention reconvened today and listened to the reports of the various committees. **The balloting for governor will not take place until late in the day. The platform will endorse the administration of President McKinley and the annexation of the Hawaiian Islands and will strongly advocate the permanent retention of the Philippines.**

CORTES CONVOKED.

Queen Regent Summons the Spanish Parliament.

Body Will Assemble in Early Part of September.

Royal Decree of Convocation Has Been Signed.

First of the Repatriated Spanish Soldiers Reach Corunna--Enormous Crowds Were Gathered.

MADRID, Aug. 24—3 p. m.—The queen regent has signed the royal decree convoking the cortes for September 5.

HAS NOT ORDERED BLANCO TO FIGHT.

MADRID, Aug. 24.—4 p. m.—The government definitely denies that it has sent an order to General Blanco instructing him to resume hostilities against the insurgents.

General Blanco has full liberty to act as occasion may require.

TNE REPATRIATED HAVE REACHED SPAIN.

CORUNNA, Spain, Aug. 24.—The Spanish steamer Alicante, with the first of Spain's repatriated soldiers who arrived from Santiago de Cuba, reached here today.

Enormous crowds gathered on the quays but were not allowed to get near the vessels for fear of the yellow fever contagion.

All the military and civil authorities were present.

Some of the sick will be taken to the Osa Lazaretto, where they will be quarantined.

Others will be kept five days in hospital ships before they are dispatched to their homes. Those who are in good health will be promptly disembarked.

CROWD YET THERE.

Fifty Thousand Strangers in Indianapolis.

All is Not Lovely in the Supreme Lodge of the Knights of Pythias Convention.

INDIANAPOLIS, Aug. 24.—While a great many people who came here since Saturday have gone home there is still an immense crowd in the city, estimated at about 50,000 strangers.

The supreme lodge today continued at work on the charges of extravagance that have been made against the supreme officers by some of the representatives.

One of the members of that committee announced this morning that he would also bring a suit for libel in the United States court for the district of North Carolina as soon as he got home. While a strong fight is being made against the supreme officers it is understood that the present officers will be continued. Ninety votes have been pledged to Judge Carter, of California, for supreme vice chancellor, and in the event that he cannot be elected his strength will be thrown to some one against Charles E. Shively, who is being pushed for the place by the knights of Indiana. The supreme lodge has not yet got down to business, the investigation going on having taken up all the time of the representatives. J. H. Abbott, of Massachusetts, and J. D. Turner, of Virginia, this morning announced themselves as candidates for major general of the uniform rank, but the indications are that James R. Carnahan, of Indianapolis, will be re-elected.

A seat in the supreme lodge was refused this morning to Representative Berry, of Wisconsin, on account of the filing of a written protest that he secured his credentials in an irregular manner and he has demanded an investigation and a committee was appointed for that purpose.

This evening the supreme lodge will give a popular reception to all visiting knights at the state house. The major general reviewed the uniform rank at Camp Colgrove this afternoon. About 14,000 uniformed men were in the review.

The Knights of Khorassan this afternoon re-elected John A. Hinsey, of Chicago, imperial prince; H. W. Belding, of St. Louis, imperial secretary, and H. B. Stolte, of Chicago, imperial treasnrer.

The laws of the order were amended so as to create offices for three supreme past imperial princes; changes were made in the constitution providing for the election of the alternate delegates, and there is no requirement now that the author of the ritual shall be a member of the order. The great parade of the Knights of Khorassan, in full Arabic costumes, will take place tomorrow evening, and will be the largest and most unique of its kind ever attempted. About 5,000 uniformed men will be in rank and the imperial officers will be escorted by the First Regiment Indiana Knights of Uniform Rank.

CANDIDATE KILLED.

Thomas M. Adams Foully Assassinated in Georgia.

COLUMBUS, Ga., Aug. 24.—Hon. Thomas M. Adams, democratic nominee for the legislature, **has been assassinated at Giles, a country town in Chattahoochee county, remote from here. The deed was** committed in a general row at a political gathering. A dispute between Jeff Davis, a negro school teacher, democrat, and William Bagley, populist nominee for the legislature, precipitated a general fight, in which several shots were fired. Mr. Adams was a bystander and received one bullet in the temple and one in the heart. Mr. Adams was very popular.

SHE WILL CONFESS.

Mrs. Botkin, Alleged Poisoner, is Breaking Down.

Arrested in San Francisco Charged With Sending Poisoned Candy to Mrs. Gunning in New Jersey.

SAN FRANCISCO, Aug. 24.—Detective Gibson, who assisted in the arrest of Mrs. Botkin, charged with the murder of Mrs. Dunning and her sister, states that he has no warrant for the arrest of any other woman. He thinks that Mrs. Botkin will break down and has taken precautions to prevent her from committing suicide. She was much agitated when told that she would have to stand trial on a charge of murder, but soon recovered herself and said that the charge would have to be proved. A trunk belonging to Mrs. Botkin was seized in this city today by Detective Seymour. Chief of Police Lees has not yet opened it and will not do so until formal extradition papers are received from Delaware.

MR. DUNNING TALKS.

DOVER, Del., Aug. 24.—John P. Dunning, whose wife and sister-in-law were poisoned by candy sent from San Francisco, has made a statement to the Associated Press. He says:

"I have talked with the attorney general and other state officials of Delaware disclosing all facts within my knowledge which could lead to the detection of the person whose act caused this tragedy. From the moment I learned of the fiendish murder of my wife and sister-in-law, upon my arrival in New York, from Porto Rico last Friday, my one desire has been that the guilty should be brought to justice. I have withheld nothing from the officials which could lead to the detection of the criminal. But for two reasons I must refuse to make any statements for publication. First, because it might defeat the ends of justice, and, second, because innocent persons might be involved. I will continue to maintain this course even at the risk of subjecting myself to unjust criticism."

LIGHTNING'S FLASH

Sets Fire to Two Barns Owned by Louis Oetting.

Both Structures and Most of Their Contents Were Completely Destroyed--Big Loss.

During the heavy storm early this morning lightning struck a barn on the farm of Louis Oetting in Wayne township south of the city. There were two barns on the place, one a handsome new structure. The flames carried from one to the other and it was impossible to save them. The horses and other live stock were taken out, but the machinery and 1,200 or 1,500 bushels of grain were burned. The loss will reach several thousand dollars. Mr. Oetting carried some insurance, but not enough to recompense him for the entire loss.

DEATHS AND FUNERALS.

The death of Fred H. Stonebrook, the four-months-old son of Mr. and Mrs. Thomas Stonebrook, occurred last evening at the home of the parents at 119 Fairfield avenue. The father is a painter at the Pennsylvania shops, and is quite ill himself.

TIERNEY.

John Edward Tierney, the two-year-old son of Mr. and Mrs. Edward Tierney, of 72 Melita street, died last night of summer complaint. The funeral will occur tomorrow morning from the residence, and at 9 o'clock from St. Patrick's church.

FISHER.

Ernest, the sixteen-year-old son of Jobest Fisher, of New Haven, died last night at Hope hospital. He was operated upon last Sunday for appendicitis. He was a member of the New Haven Cornet band.

Tugboat Sinks.

NEW YORK, Aug. 24.—The tugboat Marian, of the Pennsylvania railroad, sunk at South Amboy this morning. All the crew escaped except the pilot, James Hennesby, who was drowned.

THE MARKETS.

CHICAGO, Aug. 24.—Wheat—Aug., 67¢; Sept., 63⅛¢; Dec., 61½@⅝¢; May, 63⅜¢.

Flax—Cash, N. W., 91¢; Sept., 88¼¢.

Timothy — Aug., $2.50; Sept., $2.27@ $2.30.

A. M. E. CONFERENCE

Notable Gathering of Colored Ministers.

Celebrated Bishop Arnett is Present.

One of the Great Leaders of His Race.

The Sessions of the Michigan Conference Began in the A. M. E. Church This Morning.

The most notable gathering of colored people ever held in northern Indiana began in Fort Wayne this morning, when the annual sessions of the Michigan conference of the African Methodist Episcopal church opened in the chapel of the local congregation on East Wayne street.

A large number of colored ministers are present and the sessions promise great profit and interest. The most illustrious minister present is Bishop Benjamin William Arnett, of Ohio, whose wonderful eloquence and power in the pulpit has caused him to be denominated the "Beecher of the colored church."

Another noted divine is Rev. William H. Butler, D. D., of Michigan, presiding elder of the conference. Rev. Butler is also an eloquent minister and quite famous.

Tonight one of the most interesting features of the conference will take place at the A. M. E. church. It will be a reception to the bishop and the visiting clergymen. Elaborate preparations have been made.

THE PROCEEDINGS.

It was late this morning before Bishop B. W. Arnett called the twelfth annual conference to order, addressing a few remarks to the delegates. Rev. G. W. Brown offered up prayer and then a chapter was read from Israel, "And are we yet alive."

A few remarks were made by many of the reverends present before a permanent organization was proceeded with. S. Simmons, of Ann Arbor, was elected secretary, the former secretary and assistant secretary having been transferred. Rev. W. W. Clark, of Detroit, was chosen assistant secretary. Revs. J. F. Williams and Thornton Becks were elected marshals and Rev. William Simpson postmaster of the conference.

Rev. Dr. Hurley was selected as reporter for the Christian Recorder and the Voice of Mission.

Among the transfers announced were those of Rev. Pettiford from the Illinois conference, and Rev. Clark from the Indiana conference.

Rev. Ballinger, of the United Brethern church, Rev. Johnson, of the Simpson M. E. church and Rev. J. A. Weimar, of the Baptist church were among the local reverends who visited the conference this morning. This afternoon Rev. W. D. Parr called on the conference. All these gentlemen were cordially received by Bishop Arnett and responded with remarks encouraging to the members of the Michigan conference.

A motion was made and adopted extending to the visiting members of the colored Masons the freedom of the conference, and they were invited to visit it whenever their time allowed.

Bishop Arnett appointed the following examining committees:

Admissions—Benjamin Roberts, Robert Miller and G. W. Brown.

First Year—G. B. Pope, J. I. Hill and J. W. Saunders.

Second Year—William Collins, J. S. Masterson and J. K. Hart.

Third Year—Louis Pettiford, Robert Miller and S. Simmons.

Fourth Year—W. H. H. Butler, J. H. Alexander and W. H. Brown.

Education—Rev. R. F. Hurley, W. H. H. Butler and G. T. Woodson.

Temperance—S. Simmons, J. K. Hart and Benjamin Roberts.

Missions, Circuits and Stations—W. H. H. Butler, J. H. Alexander and Benjamin Roberts.

Sunday Schools—J. S. Masterson, William Simpson.

Condition of the Church and Country—R. F. Hurley, Robert Miller and W. W. Clark.

Publication Department—C. F. Hill, J. S. Masterson and H. L. Haywood.

Bible Cause—J. K. Hart and J. E. Lyons.

Finance and Contingent Expenses—William Simpson, R. F. Hurley and Louis Pettiford.

Church Extension—William Collins and J. I. Hill.

Public Worship—William Simpson, W. H. H. Butler and G. W. Brown.

Dollar Money Committee—R. F. Hurley, W. H. H. Butler and G. W. Brown.

It was announced that Rev. R. French Hurley would preach at the United Brethren church this evening.

This afternoon's session was devoted to the raising of funds and the discussion of matters for the good and welfare of the conference.

Bicycle Freaks En Route.

SPRINGFIELD, Mass., Aug. 24.—E. Victor Sergeant and Robert McKisson, both of Lowell, passed through this city yesterday evening on bicycles on their way to San Francisco where they they must arrive by December 1 without the assistance of railroad or steamboat conveyance to satisfy a wager made by members of Vesper country club of Lowell.

WELKER,

Block,

118 Calhoun Street.

Final Reduction Sale of Summer Goods.

This week every department in our store will offer most extraordinary inducements in all lines of summer goods which must be closed out at once to make room for our unusually large Fall Stock.

Men's 50c and 65c summer shirts, reduced to 39c.

Ladies shirt waists that sold at $1.25 to $2.00, reduced to 75c

Ladies' lawn wrappers worth $1.25, at 69c.

Ladies' vest 15c, worth 25c.

Ladies' black lisle hose 25c a pair, worth 39c.

7c outing flannel, 5c yd.

10c outing flannel, 8c a yd.

The Evening Sentinel.

BY E. A. K. HACKETT.

WEDNESDAY, AUGUST 24, 1898.

TONIGHT.

Lawn Social—Given by members of the Church of the Redeemer at Swinney park; Walther League, at Swinney park.

Prayer Meetings—At various city churches.

Retail Clerks—Regular meeting union No. 10.

Lodges—Fort Wayne Council, No. 4 R. & S. M.; Mechecannechqua Tribe, No. 166, I. O. R. M.; Concordia Lodge No. 228, I. O. O. F.; Kekionga Council, No. 93, National Union; Fort Wayne Lodge, No. 1547; Eden Lodge, No. 1, Adams Royal Sons; Wayne Council, No. 35, Jr. O. U. A. M.; Degree of Honor, No. 28; Maumee No. 50, A. O. U. W.

Robison Park—Mackey Opera company every afternoon and evening this week.

At all events, "let there be light."

Among the horrors of war deeply felt in New York is the fact that Colonel Jack Astor was compelled, while in Cuba, to wear a celluloid collar.

The Princess Kaiulani, of Hawaii, is a loyal American young woman. She believes in annexation, and as an evidence of her faith will annex an American husband.

The Ohio democrats appear to be violently indisposed to permit their friends the enemy to enjoy alone the crosses and other blessings to be had from a red hot factional fight.

The story that John R. McLean had been slated to succeed Secretary Alger in the war department was what the square-jawed guild would call a "dopy tale." And, indeed, it was. So bad was it that McLean himself, who seldom denies anything, felt constrained to authorize its denial.

THE Warsaw National Union has been sold by Frank J. Zimmerman, who for thirty-five years dispensed conscientious and consistent democratic doctrine through the columns of that newspaper. Mr. Zimmerman has worked hard and with a faithfulness that his party in republican Kosciusko could never substantially reward, but he has thrived and retires from the newspaper field, it is said, in comfortable circumstances, able to enjoy a rest that he must greatly need.

PRINCE ALBERT of Flanders is home again, and from some of his statements of what he saw in this country, as made to a Brussels newspaper, it would appear that he was, at times, too highly entertained during his visit to this country. "The remarkable industries," he says, "are refining petroleum in New York, factories in Hartford, slaughter of pigs in Boston, Cramp's dockyards, the Baldwin Locomotive works and the agricultural methods near San Francisco." What he best remembers of some Sunday concerts he attended—though he doesn't say whether they were in Boston or San Francisco—is that the women chewed gum as they listened to the music.

CONCERNING the failure of somebody or anybody to invite Captain Sigsbee and his ship, the St. Paul, to participate in the welcome accorded the fleet at New York, although his ship was right there in the harbor, Admiral Sampson says the reception was a purely municipal affair. "I did not issue the invitations. I did not signal the St. Paul to follow because she did not belong to my fleet," he adds. This the secretary of the admiral supplements by pointing out that the St. Paul did not take part in the battle of Santiago, but he can scarcely mean this as the reason, or one of the reasons, for the failure of the cruiser to be recognized in the celebration, for, as everyone will remember, there was another ship which had no part in the battle.

PERRY HEATH, Hoosier and incidentally first assistant postmaster general, writes home from Europe, where he is making the most of present opportunities to impress the old world folk, as follows: "It's a genuine pleasure traveling in Europe since we whipped Spain. Europeans have believed that we wouldn't fight if we could, and couldn't fight if we would. Now they believe the reverse—that we are the bravest, most skilled and most dangerous foe on earth. Commercially and for respectable objects this is worth more than the cost of the war. President McKinley stands in Europe as the equal of Grant, Lincoln, Napoleon or Emperor William I. The first in all that humanity and war represent."

APPROVE THE CONTRACT.

The council is wearing hard on the public patience in delaying approval of the electric lighting contract. The contract prepared by the board of public works should be approved and the contention which is becoming acrimonious put aside.

As THE SENTINEL on a previous occasion said, the majority of the people of Fort Wayne are doubtless in favor of a municipal lighting plant. Such a project is, however, at the present time impracticable. The city cannot legally contract the obligations necessary to construct a plant and install a public lighting system. The thing for the council to do is to approve the lighting contract now before it and at the same time take steps in the direction of a fund to erect a municipal plant by the time the contract now pending shall expire. That will be practicable, satisfactory and an exhibition of common sense.

And it should be here stated that neither council nor public should treat with patience any devious scheme for accomplishing municipal ownership by any such means as Councilman Poirson's resolution proposes. The purposes of that resolution are as hard to follow as its grammar; and as a specimen of fearful and wonderful syntax the document is unique. The councilman who wants a serious hearing for municipal ownership will do well to be frank. The people want public lighting, but not by any system of perpetual contract to fasten forever on the city a blood sucking institution that shall exist in the name of municipal ownership.

Let the council ratify the contract now before it and follow that action with an ordinance that will begin the accumulation of a fund that will make municipal ownership possible.

PROTECT HOME CAPITAL.

Whenever it shall be necessary for the people of Fort Wayne to choose between loyalty to home capital and distinctively home enterprise and devotion to outside capital and interests, they will choose wisely and patriotically.

Such choice has been presented to the people of Fort Wayne in the telephone war which has been in progress for many months and which has within the past few days presented some new phases. The Home Telephone company is a Fort Wayne institution. It was conceived, projected, organized and established by Fort Wayne men and its stocks and its bonds are owned and held in this city. It therefore behooves all citizens to give moral and material support and encouragement to the Home telephone by continuing to patronize it. Low telephone rates were unknown in this city until the Home company installed its system. The monopoly that is seeking to wreck the company by ruinous competition will collect with abundant interest all it is giving away, once it gets the people again at its mercy, as it hopes to.

Other gigantic corporations, notably the express companies, are throwing their powerful influence to the great telephone monopoly in an effort to strangle the Fort Wayne institution. The people of Fort Wayne cannot on any account afford to abandon their support of the Home company. It is the one bulwark against exhorbitant telephone charges. Support of the local company should be united and determined so long as the monopoly is bent on prosecuting its war of extermination. It is an invasion that should be resisted with all determination. Home capital and home capitalists should be protected.

SITUATION SERIOUS.

Pana Miners are Much Incensed by Importation of Negroes.

PANA, Ill., Aug. 24.—Sheriff Coburn assembled 125 deputies at the city hall today, swore all in and gave them instructions to reassemble armed with Winchesters and meet a number of negroes expected to arrive from Alabama to work here in the coal mines.

Ten negroes arrived in Pana last night to take the places of white miners here who have been on strike for several months. The negroes were escorted to the city limits by a committee of miners and induced to leave town.

The strikers are being reinforced by union miners from over the state. The strikers today assembled near the Illinois Central railway tracks in large bodies awaiting the arrival of negroes. During the day a special train arrived in Pana from Birmingham, Ala., with two hundred negroes. The train was rushed through the city to the Springside coal mine, outside the city limits, where the negroes were unloaded under the guard of deputy sheriffs.

Several hundred miners were at the Union depot to meet the negroes and talk with them but were unable to do so. All the grounds at the Springside mine are under heavy guard and no citizens are permitted to pass the lines. The strike leaders have requested Governor Tanner to take action regarding the mining efficiency of the negroes, and he has answered that he will send state mine inspectors to examine the men.

THE COUNCIL ACTS.

Refuses to Pay More Than $85 Each for Street Lights.

Councilman Poirson Introduces a Resolution Providing for a Municipal Plant--The Curfew.

There were more people in the lobby of the city council chamber than usual last evening when Mayor Scherer rapped for the council to come to order. Most of them were employes of the Fort Wayne Electric corporation, who were present to see what disposition would be made with the city lighting contract. The matter came up immediately after the minutes of the previous meeting had been approved. Councilman Haag, who had signed the report of the committee of the whole, moved that the report of that committee be reconsidered, and Councilman Poirson moved to lay Councilman Haag's resolution on the table. The motion to lay on the table carried by a vote of 11 to 7, Councilmen Wheelock and Schwartz being absent when the vote was taken. The latter arrived at the council chamber later in the evening.

City Clerk Monning next read a petition signed by business men and citizens asking the council to approve the contract submitted by Mr. McDonald and the board of works. Councilman Scheid moved to refer the petition without reading to the committee on contracts and franchises and Councilman Ehrman opposed the motion. The council voted to hear the petition, which the clerk occupied an hour in reading. The board of works reported back the contract originally made with the company with the section providing for lamps at $120 and a rebate stricken out. A motion was made to refer the report to the committee on contracts and franchises. Councilman Bauer opposed the motion and believed it should go to the street light committee. The committee on contracts was given the report on a vote of the council. The Trades and Labor council submitted a resolution requesting the city to build a municipal lighting plant. On motion of Councilman Scheid, R. T. McDonald was permitted to address the council. He said the Jenney Electric Light and Power company would never accept the proposition of the council and the contract submitted by the board of works was the only one he would agree to.

Later in the meeting Councilman Poirson introduced the following resolutions, which were preceded by a long preamble reciting the cost of maintaining an electric light plant:

Be it resolved by the council:

First—That the Jenney Electric Light and Power company be required to refuse or accept the offer of $85.00 per annum on or before the meeting of the council on the 13th day of September, 1898, and in the event said offer is refused by said company, the board of public works is hereby directed to report same at once to the council; and,

Second—That in case said offer is refused by said company, then in that event the board of public works is hereby directed to at once enter into a contract with a local company, organized in the city of Fort Wayne, allowing said company the sum of $100 per light per annum; said lights to be of 2,000-candle power, operated on the same schedule as we now have, upon the condition that said company shall, after receiving the actual running expenses of the plant to be erected by it, including a reasonable rate of interest on the money invested, account to the city for the balance of the $100 per light each and every month, and that said balance be credited upon the original cost of said plant each and every month; and when said credits shall equal the original cost of the plant, said plant shall immediately become the absolute property of the city; and,

Third—In case the contract for lighting the city is awarded to such new company, the board of public works and the common council, jointly, shall have the exclusive right to determine upon what kind of plant shall be erected, where the power house, or power houses, shall be erected, the kind and character of all machinery purchased and shall have general supervision over the conduct of the business of said company.

Councilman Bauer moved to lay the preamble and resolutions on the table. His motion was defeated by the following vote:

Ayes, 9, viz: Bauer, Eckert, Ehrman, Haag, Hench, McMahon, O'Ryan, Schuhler, Zurbuch.

Nays, 10, viz: Borkenstein, Buhr, Clark, Gerding, Hayes, Hosey, Lennart, Poirson, Scheid and Schwartz.

A motion to adopt was then carried.

OTHER BUSINESS.

Comptroller Berghoff then submitted his estimates for appropriations needed by the departments of the city next year. The total amount was fixed at $228,000, as announced in yesterday's SENTINEL. The comptroller recommended that the water works trustees be compelled to pay the interest on the water works bonds. He also recommended that the levy be fixed at 95 cents, divided as follows: General purposes, 89 cents; sinking fund, 5 cents; firemen's pension fund, 1 cent. The recommendations were referred to the committee on finance and will be acted on at the next meeting of the council.

Hon. R. C. Bell addressed the council and suggested that they adopt resolutions requesting the governor of Indiana and President McKinley to have the Indiana soldiers moved north. Mayor Scherer appointed the following committee to draft resolutions: Councilmen Hench, Scheid, McMahon, Clark and Eckert. Appropriate resolutions were prepared and signed by the councilmen.

A claim of $150 against the city for damages received from a fall from his bicycle was presented by Samuel B. Baddock. It was referred to the committee on claims and city attorney.

An ordinance submitted by Councilman Bauer providing for changing the name of the Northside park to Anthony Wayne park was referred to the committee on parks. Another ordinance submitted by Councilman Bauer prohibiting the burning of rubbish on public streets and alleys was referred to the committee on streets and alleys.

Councilman Eckart introduced a resolution calling on the school trustees to submit a report of last year's business. Carried.

The rules, regulation and ordinance committee reported in favor of the curfew law and later Councilman Schuhler introduced a new ordinance, prohibiting children under the age of fifteen from being on the streets of the city between the hours of 9 p. m. and 4 a. m. from April 1 to November 1, and between the hours of 8 p. m. and 4 a. m. from November 1 to April 1 without the permission of their guardians or parents. The ordinance was read a first and second time, but Councilmen Scheid and Zurbuck voted against a suspension of the rules and the ordinance went to the committee on rules, regulations and ordinances.

In the case of Rebecca Smith, who was awarded damages against the city for injuries received during a parade of Ringling Bros.' circus, it was recommended that the city pay the claim and then proceed to collect the same from Ringling Bros., who show in Wabash August 31.

Residents of Columbia street remonstrated against the removal of the street railway tracks.

FAST SEARCHLIGHT.

Paces Two Heats at Dubuque in 2:04 1-2 and 2:04 3-4.

May Bloom Won the 2:23 Trot--Miss Logan Takes Two Heats in the 2:25 Pace.

DUBUQUE, Iowa, Aug. 24.—The 4,000 spectators who braved the threatened storm were repaid by witnessing the magnificent performance of Searchlight in the 2:07 pace. The wonderful four-year-old put to his credit the fastest heat of the season in a race—the 2:04¼ of Chehalis at Columbus excepted—and the two fastest consecutive heats in a race. His victory against such a field was a popular one, and when McHenry landed him under the wire in the final heat a great cheer went up from the crowded amphitheater.

May Bloom, the favorite in the 2:23 trot, also encountered a fast field, and the performance of Bergenia in this race was particularly creditable. She drove out the winner in every heat and forced the favorite to stop the first in 2:13.

Miss Logan, though it was reported she had an injured knee, was good enough to reach the wire first in the the 2:25 pace. After the second heat the storm broke out and the race was postponed. The rainfall was slight, though the temperature fell considerably and an ideal day and track are promised for today.

The summaries:

2:07 pace; purse, $2,000.

Searchlight, br h, by Dark Knight, dam Nora Mapes, by Furor (McHenry)	1	1	1

Time—2:10¼, 2:13¼.

RAIN AT GLENS FALLS.

GLENS FALLS, Aug. 24.—The grand circuit meeting opened here under quite unfavorable circumstances. At 2 o'clock there promised to be an afternoon of fine sport, but after two heats had been worked off one of the heaviest thunder storms of the season rolled down from the Adirondacks and flooded the ground and grand stand. The attendance was large for a first day, and included some of the best known horsemen in the country. In the 2:30 trot John Nolan won from Timorah in 2:13¼ and Helen Grace won a heat in the 2:40 pace in 2:25½.

WOULD TEACH SPANISH.

Dr. Benjamin Andrews Believes the Language Will be Useful to Americans.

CHICAGO, Aug. 24.—Spanish will be added to the list of studies taught in the Chicago schools if Dr. E. Benjamin Andrews, the new superintendent, has his way. Chicago's new educational chief also favors the annexation of the Philippines.

Dr. Andrews says that when Cuba, Porto Rico, and the Philippines come under the control of this government, rich new fields for business enterprises will be opened to the young men of Chicago. For that reason he considers it fully as essential now to teach the Spanish language as German and French.

"Since we are beginning to spread out," said he, "and take in new territory, some of our school boys may want to seek their fortunes when they grow up, in these countries wrested from Spanish control. It would be greatly to their advantage to understand the Spanish language which is spoken by the common people of those islands."

Would-Be Murderer Sentenced.

GIBRALTAR, Aug. 24.—Owen Collan, the solicitor who shot and bludgeoned Hubert Birkin at the Bristol hotel, Tangier, Morocco, a couple of months ago, after Birkin had insured his life for £50,000 and had made a will leaving Collan £25,000, has been found guilty of intent to murder and sentenced to ten years' penal servitude.

HAYMAKERS WON.

Batted Norcum's Curves When Hits Meant Runs.

The Element of Luck Was With the Visitors, Too--Dayton and New Castle Shut Out.

The crippled Haymakers won the third game of the series by batting Norcum's curves when hits counted for runs. Luck was with the visitors. In the fourth when they scored four runs a pretty grounder went toward Fisher, but just before it reached him the ball took a high bound and passed three feet over his head. This was after one man was out and had the ball not taken the high bound the batter would have been easily out. The feature of the game was a catch of a high fly by Beecher. Brodie hit the ball and it was about to hit the left field fence when Beecher reached out, and as he collided with the fence grabbed the ball and Brodie was out. The catch saved at least two runs. In the ninth inning Belden and Norcum were on bases and nobody out. Two runs were needed to tie. Fisher went to bat and was foolishly ordered to sacrifice. He did. Griffin then went out on a short foul to Brott and Babb was an easy out. Score:

FORT WAYNE.

Other Inter-State Games.

TOLEDO, 8; GRAND RAPIDS, 10.

TOLEDO, Ohio, Aug. 24.—A small crowd saw a very poor exhibition of ball. The home team put up the worst game of the season and for two hours the visitors ran them a close second. The batting of the Grand Rapids team was a little more lucky and they were a little more assisted by errors. Carson was pounded out of the box and Wayne substituted. Torreyson was removed for using abusive language to the umpire. The score:

Gr. Rapids...4 2 0 1 0 0 3 0 0—10
Toledo.......0 4 0 3 1 0 0 0 0— 8

Base hits—Toledo, 11; Grand Rapids, 14. Errors—Grand Rapids, 2; Toledo, 5. Batteries—Ewing and Arthur; Carson, Wayne and Cote.

DAYTON, 0; SPRINGFIELD, 13.

SPRINGFIELD, Ohio, Aug. 24.—Poole was invincible, not a visitor reaching third base. Bates was wild and was hit freely, retiring in the seventh in favor of Lattimer, who was wilder than the former. Durrett's batting was the feature. The score:

Springfield....0 1 2 2 0 3 0 4 3—15
Dayton ....0 0 0 0 0 0 0 0 0— 0

Base hits—Springfield, 15; Dayton, 2. Errors—Springfield, 1; Dayton, 5. Batteries—Poole and Graffius; Bates, Lattimer, Pequinney and Donahue. Umpire—Donovan.

YOUNGSTOWN, 13; NEW CASTLE, 0.

YOUNGSTOWN, Ohio, Aug. 24.—Heiberger was invincible. Umpire Lally put Ganzel out of the game for questioning a decision. Katz's batting and the fielding of Miller and Esterquest were the features. The score:

Youngstown. 4 2 0 0 3 4 0 0 0—13
New Castle...0 0 0 0 0 0 0 0 0— 0

Base hits—Youngstown, 16; New Castle, 2. Errors—New Castle, 3. Batteries—Youngstown, Heiberger and Schrecongost; New Castle, Minnehan, Hewitt, Barclay and Zinram.

MANAGER HANLON RESTRAINED.

BALTIMORE, Md., Aug. 24.—An injunction was served on the Baltimore Base Ball and Exposition company yesterday restraining it from suspending J. William Holmes, familiarly known as "Ducky," an outfielder, and preventing his earning his livelihood. Ten days is given President Hanlon to show cause why a permanent injunction should not be granted.

The suit was directed against President and Manager Edward Hanlon and Treasurer Harry W. Vonderhorst. Judge Phelps signed an order for the club to show cause before September 3 why the injunction should not be issued. In order to keep within the provisions of the national board's findings Manager Hanlon has already served a notice of suspension on Holmes. The injunction proceeding will not be warmly contested by the base ball company. Manager Hanlon does not intend to allow Freedman the slightest loophole to get out of paying his fine, but at the same time he is determined that Holmes shall not suffer.

WASHINGTON, Aug. 24.—President Vanderhorst, of the Baltimore base ball club, passed through Washington with his club, which was on its way to Cincinnati. Mr. Vanderhorst filed with Mr. Young, president of the league, a certified copy of the injunction secured by Holmes from the court in Baltimore, enjoining the Baltimore club temporarily from restraining him. He did this to show to the league that the Baltimore club had complied with the directions of the board of directors at the Philadelphia meeting. No further steps will be taken by the league until the decision of the court. In case the injunction is made permanent it is difficult to see how Holmes can be suspended.

NOTES.

Beecher is tough, but as a ball player is par excellence.

Kihm continues to play a sensational first base. He has no superior in the league.

The Fort Waynes go to Toledo tomorrow for five games, two of which may be played next Sunday.

Youngstown Telegram: "John A. Blakeney of Washington, upon recommendation of Cy Swaim, was added to the list of Youngstown twirlers yesterday. He will report tomorrow and is said to be the equal of any pitcher in the Inter-State league."

HOPE FOR SILVER.

Moreton Frewen Believes the Indian Mints Will Soon Open.

DENVER, Aug. 24.—G. G. Merrick has received a letter from Moreton Frewen, the noted British bimetallist, in which he expresses the hope that the party in this country which favors currency expansion will also favor national expansion. Regarding the currency experiment in India, he says:

"I understand that the commission now sitting—a commission carefully packed with complacent officials—are yet unable to get any evidence which they dare print which favors the gold standard in India. It cannot then be very long before the Indian mints re-open."

Mr. Frewen also says China will absorb an enormous quantity of silver "if the trade of those myraids is about to be unlocked by modern conditions of transportation."

Killed Her Husband With Roach Poison.

NEW YORK, Aug. 24.—Anton Wozoneeski, a Pole of Jersey City, died today from the effects of a dose of roach poison administered to him by his wife, instead of rochelle salts for which he had asked. The drug clerk says she called for roach poison and he marked it plainly as such. Mrs. Wozoneeski insists that she asked for rochelle salts.

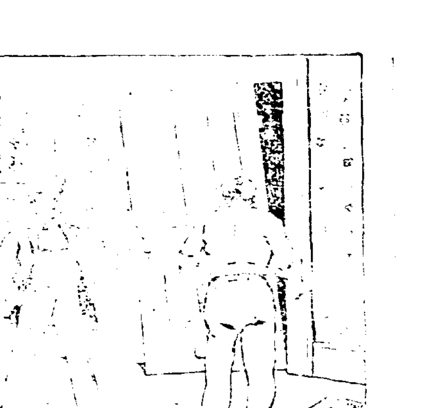
Your Head Aches To-day.

It is a small matter; but it ached two days ago, and again a week ago. You are acquiring a habit of headache. That must be stopped. The trouble is with your liver. You want a mild laxative, and then a tonic to stimulate the appetite and make the blood rich and pure.

Ask your druggist for RAMON'S LIVER PILLS AND TONIC PELLETS.

CROSS & PELLENS, 96 Calhoun Street.



It Won't Do

to put in inferior fittings and fixtures. Sooner or later—generally sooner, you'll regret not getting first-class materials whenever you could. You don't want doors to sag, knobs to come off, windows to fall down and glass that will break if you look at it. Buy good fixtures and pay a reasonable price for them. They are the best and cheapest in the end.

10 Per Cent. Off On Gas and Gasoline Stove Ovens.

Photographs from the Front

Picturing the Army and Navy, Bombardments, Sieges, Defenses and Desperate Charges. All go to make up the extremely interesting contents of

THE SENTINEL Portfolio Series of War Pictures.

The events of the War will be followed through the aid of expert photographers with camera, and of trained War correspondents with tablet and sketching pencil.

There is no Series War Pictures THAT EQUALS THE SENTINEL'S Series of War Pictures.

TERMS OF DISTRIBUTION.

OUR NATION IN WAR will appear weekly, and will be complete in Sixteen Parts or less, as may be justified by the developments of our War with Spain. These Portfolios are offered exclusively to OUR READERS, at a nominal price of Ten Cents per copy.

Parts 1, 2, 3, 4, 5, 6 and 7 Now Ready.

FALL HATS

From time immemorial the 1st of September has sounded the "sunset gun" of the straw. It's bad form--very--to wear a straw hat longer--"but that's another story"--what we want to say to you is that the Fall blocks are now all in--the stock's complete, and handsomer Hats we've never handled.

THE Howard Derby Hat

For which we are sole agents in Fort Wayne, is without question the peer of any $5.00 agency Hat on the market--but when we control anything the price is bound to be the lowest, and that's why we sell the Howard for $3.00.

Our Hats at $2.00 come in both Derby and Fedora styles, and in all the newest shades--no $3.00 Hat in town can touch these in the salient point of style, quality and finish.

At $1.50 and even at $1.00 we show both Derby and Fedora Hats that are really price wonders. Dealing as we do directly with the manufacturers, we are enabled to save you the jobbers' profit.

Miss Pugsley—Yes, thank you.
Dudley—With whom.

IN TROUBLE.

Grand Trunk Runs Against Dominion Government.

Violated the Law Upon Importing Laborers—Probably a False Rumor Concerning the Limited.

A dispatch from Hamilton, says: "A gang of about sixty Italian laborers have been imported from Buffalo by the Grand Trunk authorities to work on the double-tracking of the system between Hamilton and Burlington. Today a gang of Canadian workmen were discharged to make room for the imported Italians. The Canadians called on T. H. MacPherson, M. P., and asked to have the alien labor law brought to bear against the railway people and have the Italians sent back. Mr. MacPherson told them no officer had been appointed in this district to enforce the law, but gave them a letter to ex-Mayor W. N. McMurrich, of Toronto, who had been appointed by the Dominion government for that purpose, and who will be asked to investigate the circumstances and do what is necessary."

A NEW AND POWERFUL ENGINE.

Our former fellow citizen, William S. Morris, now superintendent of motive power of the Chesapeake and Ohio road, has designed a consolidation freight locomotive from which he expects great work. In its design Mr. Morris has retained as many as possible of the parts now considered standards, and has thus simplified construction and at the minimum cost. A railway magazine thus describes this engine:

"The most interesting features of the design are the great weight, and the large boiler capacity. The weight on the driving wheels will be 165,000 pounds and the total weight in working order, 184,000 pounds, or 14,000 pounds less than the weight of the big class H-5 consolidation "helpers" lately built by the Pennsylvania railroad. The tube heating surface of the Chesapeake and Ohio engine will be 2,566 square feet, and that of the fire box 239 square feet; the corresponding values for the Pennsylvania class H-5 are 2,720 square feet, and 197 square feet.

"The boiler of the Chesapeake and Ohio engine will be of the extended wagon top type, built of acid open-hearth steel to carry a working steam pressure of 200 pounds per square inch, and must be tested by the makers with a water pressure of 280 pounds per square inch. The boiler will be covered with magnesia sectional lagging, containing about 85 per cent. of carbonate of magnesia and jacketed with planished iron. The same covering will be used for the dome and cylinders, and the jackets of these parts will be sheet iron. The cylinders are to be twenty-two inches in diameter by twenty-eight inches stroke, and the driving wheels fifty-six inches in diameter; the driving wheel centers will be cast iron. The main crank pins only will be of nickel steel, the others being of high-carbon steel treated by the Coffin process. The driving axles and piston rods will also be of Coffin process steel, and the tender axles of hammered iron. The cross heads and driving boxes will be cast steel.

"The tender will weigh about 87,000 pounds when loaded, and will have a capacity for seven tons of coal and 4,500 gallons of water. The underframe will be of steel construction and diamond frame trucks will be used, having Simplex body and truck bolsters."

TROUBLES OF A RAILROAD.

The Detroit and Lima Northern road has a few troubles of its own at Wapakoneta, Ohio, just at present. The trouble with the Cincinnati, Hamilton and Dayton regarding a crossing has been settled, but not so the difficulties with citizens of the town. The company, it seems, made certain promises to the town if it would be allowed to build through it, but it refused to keep the agreements and the town decided to not let it build across the streets unless it lived up to its promises. A detail of police was put to watch the different streets and the company cannot cross them. It is constructing its tracks, however, between the streets.

TALK OF WITHDRAWING THE LIMITED.

This morning's edition of the Chicago Record says that there is a probability that the only two Chicago-New York limited trains now in existence, that of the Pennsylvania and the Lake Shore, will be taken out of service.

The Record adds that "the whole matter comes out of the determination of the standard lines to knock out the differential fares in the east. The plea for differentials has been chiefly based on the fact that the strong lines were able to, and did in fact, make better time to New York than the other roads could. Now the first-class roads are figuring that by withdrawing these limited trains they will deprive the differential roads of any plea for special consideration. A few days ago the Michigan Central withdrew its North Shore limited, which made the journey between Chicago and New York in twenty-four hours. This left only the limited trains of the Lake Shore and Pennsylvania making such time."

A Sentinel reporter this morning called Superintendent C. D. Law's attention to the foregoing, and asked his opinion of it. He had heard of no intention to withdraw the Pennsylvania limited and did not believe the officials contemplated such a move. The limited is not a money-maker, Mr. Law said, but he thinks it will continue in the service.

A BOILER SALE.

Yesterday the Bass Foundry and Machine company secured a contract to build two boilers of 100 horse power each and a stand pipe twenty feet in diameter and twenty feet high for the town of Kaukauna, Wis. That city is putting in water works.

A SHOPMAN HURT.

The accident yesterday to August Kaade, of the Wabash shops, which was at first considered a trivial affair, proves to be more serious and the unfortunate man will do well if he is able to resume work inside of a month. While working under an engine, a drive wheel jaw wedge dropped from the jaw and alighted upon Mr. Kaade, bruising the right leg between the knee and the hip. This morning the injured man was unable to use the limb in the least and he suffered considerably.

FOUND A DEAD BODY.

The section men at Kirby, Ohio, on the Pittsburg, this morning discovered a headless body lying along the tracks just east of the crossing. The remains were turned over to the coroner and are now being held for identification. It is supposed to be a case of suicide.

FREIGHT AGENTS ENJOY A FEAST.

H. C. Moderwell, agent of the Nickel Plate, entertained the other local freight agents at a 6 o'clock dinner last evening and later gave them a ride to Robison park. The meal was a sumptuous affair, served in six courses, and followed by a social session at cigars prior to taking the street car ride. The guests were Messrs. F. E. Sawyer, of the Pennsylvania; C. H. Newton, of the Wabash, and E. S. Philley, of the Lake Shore.

General and Local Gossip.

Nickel Plate Fireman C. Sonder is sick and off duty.

Sickness keeps J. A. Wise from his work in the Pittsburg tank shop.

Nickel Plate Brakeman F. H. Wolf is off duty on account of sickness.

The Wabash pay car arrived in the city this morning at 9:35 o'clock.

G. Meyers, of the Pittsburg planing mills, is disabled by a big carbuncle on his neck.

C. H. DeRome has resumed his old place in the electric works after a lay off of six weeks.

Jim Young, a switch-tender for the Pittsburg at the east yards, is at Van Wert on a brief visit.

John C. Manary, of the Pittsburg shops, has gone to Kalkaska, Mich., to remain a week on his farm.

The Chicago Great Western has a weed-burning car which it is using with marked success on its lines in Iowa.

Charles Smith, a carpenter at the electric works, is sorely afflicted with hay fever and is unable to work.

W. E. Hunter, of the Wayne Oil Tank company, has gone to Cleveland to attend to some business for the firm.

Machinist Louis Seibt has gone to Columbia City to set up a Bass engine in the power plant of the Ruch Brothers.

Charles Young, of the draughting department of the Bass works, is on duty again after a two weeks' visit in Detroit.

Fireman A. Lawson, of the Nickel Plate, accompanied by his wife, left yesterday for Milwaukee for a ten days' visit.

New names on the sick list of the Pittsburg blacksmith shop are Casper Lehmkuler, Henry Dryer and Michael Gans.

M. Griley, the Nickel Plate fireman, who had been sick several days, resumed his duties on the road yesterday.

The Nickel Plate trainmen were well represented at the park theater last evening, there being twelve or fifteen of them present.

Mrs. F. I. Stump, wife of the Findlay trainman, and her daughter, are visiting friends and relatives in Tiffin and Bellevue, Ohio.

L. G. Dailey resumed his duties as clerk at the Pittsburg machine shop this morning, after a ten days' stay at Rome City with his family.

Mr. and Mrs. George Moore have returned home after a visit to the Omaha exposition. Mr. Moore is a passenger engineer on the Nickel Plate.

That part of the Illinois Central system running from East St. Louis to Belleville, fourteen miles, will be converted into an electric line, the better to accommodate suburban travel.

Jacob Scheafer this morning resigned a position in the lumber department of the Pittsburg shops and took a position in the foundry department of the Kerr Murray works.

The Terre Haute car works last week received an order from the Iowa Central road for 100 box and 150 coal cars, to be standard in every respect, and to be delivered in October.

O. W. Fassett, a machinist, had his lips badly cut this morning by being struck by an iron wedge, which rebounded when he struck it. He had to quit work and seek the aid of Dr. G. C. Stemen.

The directors of the Fort Wayne and Jackson road have declared a dividend of 2¾ per cent. on its preferred stock, payable September 1. The road has no common stock, being leased to the Pennsylvania.

W. H. Hill, of S. F. Bowser's oil tank works, has been called to Grand Rapids by the serious illness of his mother. Mrs. Hill will soon be ninety years old and little hopes are entertained for her recovery.

James Muirhead, chief engineer of the Phoenix engineering works, St. Petersburg, Russia, and Arthur G. Hopper, machinery builder, of Leeds, Eng., are visiting the locomotive works of this country and other important iron industries.

It is now stated that the Ohio Southern road will be sold on September 29, at foreclosure sale, and it is further stated that the Brice syndicate will secure the property, now having securities in its possession to justify such statement.

D. D. Streeter & Co., of Chicago, have the contract to build the extention of the Lake Erie and Western road from Akron, Ohio, to Niles, and Ryan & McDonald the contract to build the line from Niles to New Castle, Pa. The distance from Akron to New Castle is eighty-five miles.

J. D. Lause, a railway brakeman, has transferred his services from the Wabash to the Nickel Plate. Formerly he ran on local between Toledo and Fort Wayne and resided in the former city. He is now at Toledo packing up his household furniture, preparatory to moving to this city.

Last night the local lodge of Modern Woodmen completed arrangements with the Lake Erie and Western road for the excursion to Rushville on Monday, Sept. 5, when the state log rolling takes place there. The Woodmen will be accompanied by the Olympia band and they expect to take 300 or 400 excursionists.

Business men's excursions to large cities are becoming very popular, especially with the wholesalers, who are thus enabled to sell goods without the expensive traveling salesman. The wholesale merchants of Clevelend have arranged with the Nickel Plate and other lines running into that city for an excursion some time in September.

Captain Stoll is in receipt of a letter from F. M. Butcher, the man who resigned a position on the Pennsylvania police force to enter the service of his country. He enlisted as a private in Company F, United States Volunteer engineers, and has arisen in the ranks until he is now first sergent. His company is stationed at Camp Wikoff, N. Y.

Some time ago the American and Adams Express companies "consolidated" in the maintenance of offices at many Indiana towns. This method has been very unsatisfactory, and at a number of places, notably Anderson, Crawfordsville, Greencastle, Franklin and Columbus, each company is again maintaining a separate office and agent.

The large picture of Pennsylvania police department officials and patrolmen mentioned in The Sentinel a few days ago, has arrived, and now occupies a conspicuous place on the wall of the captain's office. In the center of the group is the photograph of Captain Henry Stoll and on either side are the pictures of his four lieutenants, Messrs. W. M. Somers, A. M. Fox, I. B. Dreeson and E. Distel. Surrounding this quintet are the pictures of the patrolmen, thirty-one in number, the whole making a very pretty piece of wall decoration.

THE FARMERS' OUTING.

They Will Have a Great Time at Robison Park Tomorrow.

Tomorrow will be farmers' day at the park and a great day it will be, too. Last year there were farmers on the grounds until further orders. They came by rail, by wagon, on horseback and on foot, and one fellow even landed in a parachute, but he was hired to do it. This year promises to eclipse last year in point of attendance. One of the interesting events of the day will be the barbecue. Ten beeves and 900 loaves of bread will be distributed and all without fee or charge of any kind. The barbecue will be held about noon and everybody will be made welcome. One of the special features of the day will be a balloon ascension and parachute drop by Miss LeRoy, queen of the air.

SAID PASHA TONIGHT.

There were over 500 people at the park theater last evening to witness the first production of "Olivette" by the Mackay Opera company.

Tonigh "Said Pasha" will be repeated and the advance sale indicates that the first production on Sunday was pleasing. The reserved seats are already pretty well taken. Since the first presentation several voices have been added to the chorus and the orchestra music has been revised.

From September 5th to 10th, there will be a great gathering of the boys of '61, at Cincinnati, for their National Encampment. The Nickel Plate road sells tickets to that point at very low rates. For complete information, address any agent of the Nickel Plate road, or B. F. Horner, general passenger agent, Cleveland, Ohio.

SAVE THE BOYS.

Mass Meeting Held in the City Hall Last Night.

A Petition Prepared and Sent to President McKinley Asking Him to Send the Soldiers North.

The city hall was comfortably filled last evening with citizens who came to discuss the best manner of protecting the lives and health of the young men who went south as volunteers to fight for their country.

The meeting organized by the election of Col. C. B. Oakley as chairman and Capt. Pat. Ryan as secretary. Speeches were made by Dr. C. B. Stemen, Rev. P. J. Rice, F. W. Kiel, Hon. R. C. Bell and others. Many ladies were present. The following telegram was ordered sent to the president:

"Fort Wayne, Ind., Aug. 23, '98.

"To the president, the Hon. William McKinley, Washington: We, the citizens of Fort Wayne, Ind., in mass meeting assembled hereby petition your excellency to use your utmost power to remove to the north the Indiana troops, especially the One Hundred and Fifty-seventh Indiana regiment at Fernandina and the Twenty-eighth battery at Camp Thomas, Ga. We are informed that the condition of the boys is little less than deplorable, that the fever is spreading and that they are all liable to the disease since their systems are full of the malaria.

"Our boys went out cheerfully and we believe that should necessity compel, they would be as ready to go again, and we earnestly petition you to listen to our prayers and do all in your power to save our boys' lives by sending them to the north. We present Fort Wayne as a desirable camp ground."

The telegram was signed by members of the committee who immediately dispatched it to the president at Washington.

COUNCIL PETITIONS.

A committee appointed by the city council prepared the following petition, which was unanimously adopted:

Whereas, There are now with the One Hundred and Fifty-seventh regiment, Indiana volunteers, now in camp at Fernandina, Fla., two companies of Fort Wayne soldiers; and,

Whereas, The war with Spain is now practically at an end and the government of the United States does not now require the services of this volunteer soldiery; and,

Whereas, The health and lives of these soldiers are endangered by the unsanitary conditions, unhealthful atmosphere and impure water of the camp at Fernandina; therefore, be it

Resolved, That in behalf of the soldiers themselves and their relatives and friends in this city, that the secretary of war be respectfully petitioned to take such action as is necessary for the immediate removal of the One Hundred and Fifty-seventh Indiana regiment to the state of Indiana, there to be mustered out or to remain until such time as their active service is required by the government of the United States.

G. R. Hench,
P. J. Scheid,
Sylvester McMahon,
D. S. Eckert,
A. W. Clark,
Special Committee.

Adopted, and it was directed that a copy be sent to the governor of the state and secretary of war.

Magnificent Train Service

Of the Union Pacific from Council Bluffs or Kansas City makes it the popular line to all points in Nebraska, Kansas, Colorado, Wyoming, Utah and the Pacific coast. Three trains daily from Council Bluffs. Two trains daily from Kansas City. Pullman Palace Double Drawing Room Sleepers, Buffet Smoking and Library Cars, Free Reclining Chair Cars, Dining Cars. PRACTICAL QUESTIONS.

Bankers' Convention in Denver Takes Up Business Problems.

Denver, Aug. 24.—The second day's session of the twenty-fourth annual convention of the American Bankers' association was called to order by President Hendrix at 10 o'clock with practically a full attendance of delegates. Prayer was offered by Rev. H. Martyn Hart, dean of St. John's cathedral.

Today's session was devoted to the discussion of practical banking questions. There were four general subjects under discussion, thirty minutes being allotted for each and only five minute speeches being allowed. The first subject was, "Patriotic Spirit of Bankers." The discussion was opened by J. D. Powers, president of the First National bank, of Owensboro, Ky.

Lincoln's Pioneer.

Abraham Lincoln's western pioneer, always on the lookout for danger and ready to magnify it beyond its true proportions, is only one of a large class of people who use up, in one way and another, a good deal of vitality which might be profitably applied. Mr. Lincoln's old backwoodsman had very heavy, overhanging eyebrows, and wore big spectacles with brass rims. One day he came rushing into his cabin, and seizing his rifle, aimed it carefully through a crack of the door at a great oak tree that stood near, and fired. "What is it?" whispered his wife. "A wildcat, Sairy, the orneriest wildcat you ever see, an' I missed him!" He hastily loaded and fired again, and then again. "Now hold on, Joshua," said his good wife. "Let me look at you. Why, lawks-a-daisy, it's nothin' but a little bug on one o' your eyebrows."

War Afield and Afloat.

A generation has passed since the battle cry of America was silenced by the Angel of Peace; so long an interval that even veterans have almost forgotten the part they played in the great tragedy, while the masses, being without experience, have no appreciation of the true significance of war. Aroused from our happy reveries and peaceful pursuits by Cuba's appeals and Spain's inhumanities, the plowshare again gives place to the sword, and the national emblem is flung to the breeze amid bugle blast and drum beat, that echoes from shore to shore. "Our Nation in War" is the pictographic record of this conflict against Spanish barbarism and cruelty, which will picture by photograph and graphic drawings the chief incidents of our conflict with Spain, and by reproduction of the most famous paintings in the galleries of states and the nation, will illustrate the memorable events of American history; noted battles by land and sea; incidents of thrilling heroism; and representations of the ships, weapons, fortifications and military resources of the country, thus presenting pictorially and descriptively the struggles and the victories of the United States from 1776 to 1898. Each weekly number will contain sixteen or more stirring and instructive photographs of noted paintings and actual scenes connected with the wars of the century, showing objectively, aided by brief but well-drawn text, the decisive engagements and personal heroism that have mightily influenced the nation, and make us the supreme power in the western hemisphere.

Parts 1, 2, 3, 4, 5, 6, 7, to be had at this office at 10c each, or same will be mailed on receipt of price.

The Spanish War is Over.

The people of Greater America will now be in a position to pay more attention to domestic affairs transpiring in our midst, among which we know of none more interesting to contemplate than the Trans-Mississippi and International Exposition, popularly recognized as our Omaha Exposition. The Columbian Exposition at Chicago in 1893 may have been of greater proportions, but we are assured the Great Omaha Exposition is in all essential particulars, possessed of equal merit. Reduced rates are authorized via the Nickel Plate road every day. Look out for special train excursions at low rates on dates to be announced later.
17-18-23-24

The most interesting portfolios published—"Our Nation in War." Parts 1, 2, 3, 4, 5, 6 and 7 are now ready and can be had at this office.

UTAH KIDNEY BEANS

The Great Kidney and Bladder Remedy.

A certain cure for Bright's Disease Diabetes, Dropsy, Stone in Bladder, Gall Stones, Inflammation of Kidneys or Bladder, Incontinence of Urine, Retention in Urine Sediment in Urine, Scalding Urine, Difficulty in Passing Urine, and Bed-Wetting of Children, Rheumatism, Dropsical Swellings, Pains in the Back, Irritation and Pains in the Bladder, Palpitation of the Heart, Pains under the Shoulder-Blades, Extreme Pains in the Loins, Sallow Complexion, Blotches, Continuous Headache, Great Thirst.

Beware of Liquid Kidney Remedies!

they contain Alcohol. Sick kidneys should not be fed on Alcohol—it aggravates the disease. Uthah Kidney Beans are solid; they are concentrated; and they act directly on the kidneys.

Rev. Roland Hull, an eminent clergyman of the Baptist Church, residing at Williamsport, Tennessee, endorses **Utah Kidney Beans** for the great relief his wife received from using them. Rev. Mr. Hull is known from one end of the State of Tennessee to the other, having been in the ministry for over half a century. This good man would not endorse a medicine or anything else unless he knew beyond the shadow of a doubt that it was worthy. Therefore, such endorsements give **Utah Kidney Beans** a standing that no other kidney remedy in the country has. Mrs. Hull received great benefit from the use of **Utah Kidney Beans**; they gave her new strength—and new life. They will lift all sufferers from kidney troubles out of sick beds and restore them to vigorous health. Strength begins to return after the first few doses.

Utah Kidney Beans, made by the Turners of Philadelphia.

Turners' Little Liver Turners—A very small pill. Turns your liver. A true laxative. An after-dinner pill. As gentle as the dew.

A Cure for Dyspepsia.

I was troubled with liver trouble, and my stomach was out of order, and after eating my breakfast would throw up what I eat. It went on this way for about two years. At last, after trying other remedies without any good effect, I was induced to try Ramon's Liver Pills and Tonic Pellets. After using one or two boxes I found myself in a healthy condition. I use them occasionally yet, always when in need of pills. I consider them the best pill on the market, and feel safe in saying that they are the finest things ever used.—John Livesay, Luther, Hancock Co., Tenn.

The board of school trustees has appointed Patrick Ryan janitor of the Clay street school. Mr. Ryan was formerly janitor of the Fort Wayne postoffice.

Last evening Miss Emma Volmer, of Lakeside, entertained the Tuesday Cycling club at progressive pedro in honor of the several visiting ladies in the city.

Owing to the Sunday school convention now in session at Salem Reformed church there will be no prayer meeting at Heidelberg Reformed church this evening.

The bicycle club had a public sale of the furnishings of their club rooms last night. The auctioneer even tried to sell Willis Souder's wheel. A small sum of money was realized.

There were three drunks in police court this morning, two of whom came to the city on a passenger train with their "jags" aboard. The trio were sent to jail by Mayor Scherer.

Superintendent Gorsline has prepared a fine display of police relics which he has displayed in a case in his office. There are revolvers, keys, knives, knuckles and pieces of ropes used by suicides.

FEEDING NEW ENGLAND.

Western Products in Favor.

A Battle Creek food concern (The Postum Cereal Co., Lim.) are sending a prepared food called Grape-Nuts to Boston by the carload. The New England people are proverbial for the care with which they select food, and these Grape-Nuts appeal strongly to them as the article is made to supply a need for a predigested and toothsome food, and something different from the ordinary soft mushes. They are known to possess in a concentrated form, the most valuable elements of nutrition.

AT THEIR BEST.

Michigan Plums are now at their best for canning purposes. We are receiving daily direct from the growers immense quantities of "Genii" variety, put up in half-bushel baskets, and would advise you to buy at once.

We are also receiving daily large shipments of Michigan Freestone Peaches, which we are selling at very low prices.

Large Sweet Heart Melons, 12c each.

Jersey Sweet Potatoes, 45c peck.

Home Grown Celery, Large Bunches, 16c.

THE GREATEST GROCERY.

SUNDAY SCHOOL INSTITUTE

Miss Harlow Begins Her Talks at the Baptist Church.

A large number of teachers in the Sunday schools of Allen county are in attendance at the Sunday school institute now in session at the Baptist church in this city. Miss Harlow began her talks this morning and they promise to be the means of great good. She is one of the greatest workers in this line in the country, and her presence is always an inspiration at conventions and institutes. The institute continues Thursday, Friday and Saturday.

"Our Nation in War."

Miss Tillie Sturmer is home from Lafayette.

Miss Mary Arnold is visiting in Logansport this week.

Misses Lyda and Gretchen Needheimer are visiting in Garrett.

Miss Anna Bothner returned last night from a visit in Detroit and Mackinac.

Henry Haine and sister, Louise, of New Orleans, are the guests of F. Hollenbeck.

Miss Amanda Neiman, of Chicago, is the guest of the Misses Wenninghoff.

The Misses Rouen and Reuberry, of Chicago, are the guests of Miss Mattie Kelker.

J. F. Bunger, of Indianapolis, is in the city, the guest of his sister, Mrs. Dr. McCurdy.

Mrs. Frank Newcomb and daughter, Miss Dessie, have returned from a visit in Huntington.

Miss Alice Ward entertained at cards this afternoon in honor of Miss Ball, of Philadelphia.

Mrs. Paul Mossman returned home this morning from an extended visit at Bay View, Mich.

Miss Lizzie Hosler, of Decatur, was in the city last evening, en route home from a trip in the east.

Mrs. William Johnson, of Forest, Ohio, is visiting her brother, C. A. Myers, of No. 46 West Berry street.

J. Allison, a former Valparaiso student, has accepted a position as clerk at the Gross & Pellens pharmacy.

The policemen will go to Rome City tomorrow and everybody who goes with them is certain to have a fine time.

Miss Bessie Shrock and Mary Meyers, of Decatur, are the guests of Mrs. Robert Harding, of Creighton avenue.

The members of Liberty assembly, K. of L., will give a ball at Schroeder's hall on the evening of Labor day, September 5.

Mrs. Harry Shaffer, of No. 131 Horace street, who has been ill for a long time, has fully recovered and is able to be out again.

Roy, the eighteen-months-old son of Mr. and Mrs. C. A. Myers, of No. 46 West Berry street, is seriously ill with cholera infantum.

A permit to build a $2,500 dwelling has been granted to H. Stearle. The building will be erected on lot 2 in J. O. Brown's addition.

Charles K. Mavity and L. Anna Mavity, of Muncie, were guests of the New Aveline last night. They left for the Michigan lakes this morning.

Shiloh chapter, Order of Eastern Star will give a social at Swinney park Friday evening, August 26, to which the public is cordially invited.

George D. Benson, who has been superintending the building of the street fair floats, is attending carnivals at Saginaw, Mich., and Eldora, Ill., this week.

Miss Brinda Fisher will give a dinner party Saturday evening in honor of Miss McCarthy, of Carthage, Mo., and Miss Blanche Turner, of Wheeling, W. Va.

C. H. Burchinal, of Pittsburg, agent for the New Castle Asphalt block is in the city. The block to be used next to the street car rail on Calhoun street will arrive tomorrow.

The Ladies' Aid society of the West Jefferson street Church of Christ, will give a social at the home of Mr. and Mrs. Will Diether, 179 West Superior street, tomorrow evening.

The general committee of the street fair and carnival association held its regular weekly meeting at the Randall hotel last evening, as President P. A. Randall was not able to attend a meeting at the headquarters. The matter of lighting for the grand illuminations was talked about and it was finally referred to Fred Hunting, of the electric works.

At the St. Mary's Catholic church yesterday occurred the marriage of Miss Julia Anna Bauer, of this city, and A. J. Eda, of Defiance, Rev. J. H. Oechtering performing the ceremony. The young people were tendered a reception at the Douglas avenue home of the bride's parents, Mr. and Mrs. K. J. Bauer, and in the evening left for a short wedding trip. Mr. and Mrs. Eda will reside in Defiance.

The colored Masons last evening met at the hall of Lincoln commandery No. 8 and marched to the A. M. E. church, at the corner of Wayne and Francis streets, where their memorial services were held. The services were opened with singing and prayer. The choir of the church furnished the music. The opening address was made by Sir Knight W. H. Brown, of this city. He was followed by the bishop, the Very Rev. Arnett.

A pretty event was the progressive pedro party given by Miss Madeline Meegan yesterday afternoon. Her home was beautifully decorated with sweet flowers and ferns. There were thirteen tables in all, which were tastefully arranged through the house, and when all these tables were surrounded by the summer girls it was a pretty sight indeed. The first prize was won by Miss Edith Philips, second prize by Mrs. Max Blitz.

THE GREATEST GROCERY

CHOOSE OFFICERS.

H. Rapp, of Fort Wayne, Was Elected Secretary--The Addresses.

The afternoon session of the Sunday school convention of the Zion classis of the German Reformed church yesterday opened by devotional services, led by "Father" Rettig, of the orphans' home. Reports on the condition of the Sunday schools followed, and then came the election of officers, which resulted as follows:

President—Rev. G. N. Hirsch, of Marion.

Secretary—H. Rapp, of Fort Wayne.

Treasurer—Henry Pohler, of Huntington.

Rev. E. W. Kruse, of Decatur, delivered an address, taking for his topic the question, "How May Children Who Go to Sunday School, but Not to Church, be Won Over to the Church?" He took the ground that it depended on the parents, who are chiefly responsible for the child's inclinations. To reach such children one must influence the parents.

Rev. G. M. Hirsch handled the question, "Who Should be Superintendent of the Sunday School?" taking the ground that all members of the congregation should take an interest in teaching the little ones, instead of leaving that duty wholly to the pastor. In the discussion which followed it was decided that a member, assisted by the pastor, should be the superintendent.

Rev. C. H. Schoepfle spoke on "Encouraging the Sunday School," and at the conclusion of his address the convention adjourned.

The classis was in session after adjournment, examining a candidate for clerical orders, E. Werkman, of this city, who has passed the theological course. In the evening there was a German service in the church, led by the Rev. Ruf, of Berne.

Sessions were held this morning and afternoon and the visitors were tendered a banquet in the church parlors. Later they enjoyed a visit to Robison park.

Real Estate Transfers.

Following is the list of real estate transfers as reported by John C. Heller & Co.'s Abstract office:

U. S. CONSUL
CURED OF
ECZEMA
BY
CUTICURA
I had an attack of Eczema, and ordered a box of oxide of zinc ointment. The first application changed the Eczema to hell-fire, which seemed unquenchable. The druggist had used a rancid cerate and I was poisoned. A local physician did not help matters, and everything either failed to help, or made it worse. I was becoming desperate, when I thought of CUTICURA REMEDIES, and dispatched my servant for a cake of CUTICURA SOAP and a box of CUTICURA (ointment). The first application relieved me and in three days I was well.

ARE COMING HOME.

Fort Wayne Soldiers Will be Mustered Out.

Orders Issued for One Hundred and Fifty-Seventh.

Twenty-Eighth Light Battery Also to Quit Service.

War Department Begins the Important Work of Disbanding the Mighty Armies of Volunteers.

WASHINGTON, Aug. 24.—Orders have been issued for the mustering out of the following regiments:

First Vermont, First Maine, Fifty-second Iowa, Sixth Pennsylvania, Second New York, Second Nebraska, One Hundred and Fifty-seventh Indiana, all infantry; also battery of Ohio light artillery, First Illinois volunteer cavalry, batteries A and B, Georgia light artillery, Twenty-eighth Indiana light battery and the New York and Pennsylvania cavalry troops now in Porto Rico.

Other orders to muster out troops will be announced as soon as definite decisions are reached.

RAILROADS RUSHED MOVING TROOPS.

CHICKAMAUGA, National Military Park, Aug. 24.—The Eighth Massachusetts, Twelfth New York and Twenty-first Kansas left Camp Thomas today for Lexington, Ky., where they will camp until further orders. Other regiments were ready to move but on account of lack of railroad facilities were unable to do so. General Breckinridge is now making the removal of troops his main business and the regiments under orders are kept working until they are ready to go. The regiments of the second brigade, second division, first corps, will begin moving to Knoxville. The First Illinois cavalry is expected to leave at an early hour tomorrow for Chicago, arriving at its destination Friday night.

The commissary supply depot, which has been located at Chattanooga for several months, is to be moved at once to Huntsville, Ala. Major Nye, commissary of subsistence, began today preparing for the move. A large amount of supplies is now on hand.

This corps will begin moving to Huntsville as soon as the remaining regiments of the First corps gets to Knoxville and Lexington. Huntsville is to have by far the largest camp in the south. When the regiments ordered there arrive, there will be about 40,000 men at the little Alabama village. The place is well watered, healthy and in every way adapted for a camping ground.

ALGER PAYS VISIT TO CAMP WIKOFF.

NEW YORK, Aug. 24.—The report of the condition of the men on the Yale which arrived off Camp Wikoff, Montauk Point, L. I., last night, has not yet been made by the quarantine officers.

In the electrical storm which continued for four hours last night, the wind blew down many of the soldier's tents, twisted the wires about the camp, blew down the Red Cross hospital tent in the general hospital and caused havoc generally. Two tents were picked up from the ground and carried into the ocean.

The wrecking of five unoccupied tents in the detention hospital will prevent the landing of some sick soldiers on the transports.

This forenoon soldiers are busy fixing up tents which were blown down and putting the camp into fine shape again.

The large Y. M. C. A. tent, in which the soldiers spend much of their time writing to their relatives or reading, was also levelled by the gale.

The news that an order is soon to be issued at Washington to muster out the volunteers in camp, including the rough riders and the Seventy-first regiment, has been received with much satisfaction by the volunteer troops.

The transport Arcadia which arrived last night was inspected today. Captain Capron, father of Captain Capron, of the rough riders, who was killed at Santiago, is on board sick.

Secretary Alger arrived at the camp today on a special train. To a newspaper correspondent Secretary Alger stated that he hoped to make as thorough inspection as possible of the camp in the length of time he had at his disposal.

He rode with the army officers, who met him at the depot, to headquarters and as soon as he was recognized by the volunteers and regulars the secretary was loudly cheered.

Secretary Alger was especially interested in the condition of the sick men and how they were being cared for. He intimated that President McKinley was much concerned in the matter of properly caring for the sick soldiers.

The secretary will make a complete tour of the big camp before he returns to New York. He will also be fully informed when he leaves as to how the volunteers feel about their being mustered out.

For this reason he will spend considerable time in the camps of the Rough Riders and the Seventy-first New York.

It is said that Secretary Alger informed General Wheeler that he would stay in camp two or three days if necessary to make a thorough inspection of everything and devise some means for the relief and comfort of the soldiers, especially those in the hospital.

PUBLIC SCHOOLS TO OPEN IN SANTIAGO.

SANTIAGO DE CUBA, Aug. 23, 6:45 p. m.—(Delayed in transmission)—The conference between General Wood, military governor of Santiago and the local authorities with reference to opening the public schools has resulted satisfactorily, and places will be ready for 4,000 children on September 15. The salaries of the school commissioners have been fixed at somewhat reduced figures; the element of sectarianism has been eliminated from the management and an American basis of education have been proposed.

The San Juan arrived today from Guantanamo Bay bringing two companies of Hood's regiment and 107 bags of mail, delivered there by the Fern from Key West. It was the first mail matter received for ten days. When the Fifth regular infantry arrives for garrison duty in the city, taking the place of Hood's regiment, that will be transferred to San Juan de Porto Rico. Crane's immunes will be assigned to guard the Spanish prisoners of war.

The embarkation of the latter continues. Today 1,200 sailed by the transport Montevideo and 1,000 by the transport Pedro de Satrustogui. Thirteen hundred will leave by the transport Leon tomorrow.

The Spanish general, Linares, whom General Toral succeeded in commend at Santiago prior to the evacuation, left by the Pedro de Satrustogui. There was a great demonstration by the Spanish soldiers on his departure.

The United States transport Minnewaska left today with ninety-five men of the Thirty-third Michigan volunteers, the Second regular cavalry, a balloon detachment of the engineer corps and about 250 men of the First District of Columbia volunteers.

ADMIRAL SCHLEY MUCH IMPROVED.

WESTPORT, Conn., Aug. 24.—This morning found Rear Admiral W. S. Schley greatly improved and everything now points to a speedy and complete recovery. The admiral passed a very comfortable night and arose with the other members of the Wortley household at an early hour. The admiral announced today that he intends going to Washington tomorrow unless his physician absolutely forbids it.

A BOLD HOLD-UP.

Traveling Man Robbed by a Thug on Superior Street.

The Robber Gets a Gold Watch and $40 in Money—Police are On the Trail.

At 2 o'clock this morning a well-known traveling man reported to the police that he had been robbed of $40 in cash and a gold watch and chain. He was coming east on Superior street, and when about 100 feet west of Calhoun was stopped by a man who held a gun to his breast and demanded that he hold up his hands. The robber kept the gun pointed at the traveling man, and with the other hand went through the pockets of his victim.

The fellow who committed the robbery is about five feet eight inches in heighth, has square shoulders and weighs about 170 pounds. He wore a gray beard, which his victim believes was false. He sported a dark suit of clothes and a pair of eye-glasses, but wore his slouch hat drawn over his eyes.

While the police have no positive clue which points to the guilt of any particular person they have suspicions and two of three fellows are being closely watched and followed.

Convention Killed Him.

DAYTON, Ohio, Aug. 24.—Homer Parrott, of this city, dropped dead from heart disease today while attending the democratic state convention. He was a brother of Col. Ed Parrott, of Dayton, and of Col. Charles Parrott, of Columbus.

PEACHES! PEACHES!

Remember that the Early Yellow Crawford is the best flavored peach for canning that there is on the market. We will have in a car load (400 bushel) tomorrow forenoon. We are bringing them here to sell and they must go, so be sure and call early for they will be the finest carload brought in this season.

Remember the place.

THE NEW KEYSTONE,
238 and 240 Calhoun St.

N. B.—The car will arrive on the Wabash and we will sell from the car and store both. Yours,

A. R. WALTER & Co.

William C. Ferguson this morning pleaded guilty to harboring a dog and was fined by 'Squire Tanbey.

The Walther League will hold an ice cream social at Swinney park this evening.

DO NOT TRUST SPAIN

Philippine Insurgents State Their Attitude.

They Want American or British Protectorate.

In That Case They are Willing to Disarm.

Will Not Lay Down Their Guns Under Spanish Domination—Conference Held in Manila.

MANILA, Philippine Islands, Aug. 24.—At a conference today between the insurgents and the Americans the former declared emphatically that they were willing to co-operate with the Americans and to surrender their arms promptly if assured that the islands would remain either an American or a British colony or under the protectorate of the United States or Great Britain.

Otherwise the insurgent leaders asserted they would not dare disarm but must positively refuse to do so. They threaten a fresh rebellion within a month if the Americans withdraw.

FIGHTING REPORTED IN THE PHILIPPINES.

MADRID, Aug. 24.—4:30 p. m.—The government has received a dispatch from General Rios, governor of the Viscayas islands and the successor of General Jaudenes in the governor generalship of the Philippines, saying that there has been bloody fighting between the Spaniards and the insurgents with an estimated loss to the latter of 500 men. The Spanish losses were "unimportant."

The dispatch says that a number of the insurgent chiefs were captured and shot. A sergeant of the gendarmes who attempted to incite a rising against the authorities barely escaped lynching at the hands of the populace. He was turned over to the courts and shot.

General Rios adds that he has organized six battalions of natives and Spaniards for the purpose of resisting a threatened invasion of insurgents from the island of Luzon, and also a small squadron to watch the coasts and rivers of Mandanao island and the Viscayas. The government is highly satisfied with the services of General Rios.

RELIGIOUS ORDERS ARE MAKING TROUBLE.

MANILA, Philippine Islands, Aug. 24.—The natives assert that the religious orders are instigating opposition to American supremacy.

Many Spaniards assert that they are eager to invest their fortunes in new enterprises but that they fear ruin if the Americans withdraw. A few monopolists, fearing competition, are secretly intriguing against the new regime.

Newspapers published in both the English and Spanish languages have already appeared.

The United States transports Rio Janeiro and Pennsylvania arrived today, the former bearing two battalions of South Dakota volunteer recruits for the Utah light artillery and a detachment of the signal corps and the latter the First Montana volunteers and 300 recruits for the First California volunteers.

GENERAL MERRITT HAS ASSUMED HIS DUTIES.

SAN FRANCISCO, Aug. 24.—A special from Manila, of Aug. 23, says: General Merritt has assumed the governor's duty and transferred the command of the eighth corps to Major General Otis.

Brig. Gen. G. H. Otis, of California, has been ordered to report to General Anderson and General MacArthur has been assigned to command the second division. Colonel Overshine, of the Third regulars, will command the brigade in place of General MacArthur.

CLOSING SALOONS IN CITY OF PONCE.

PONCE, Porto Rico, Aug. 24.—(Morning)—General James H. Wilson has assumed control of the district of Ponce and has ordered that all saloons shall be closed for three days, with a view to quieting the existing orders. They will be opened subsequently under special regulations. General Grant has established his headquarters here.

FIGHTING IN CUBA REPORTED IN SPAIN.

LONDON, Aug. 24.—According to a dispatch from Madrid to a local news agency, there has been serious fighting between the Spaniards and the insurgents in Cuba, in which the insurgents lost 500 killed and wounded.

The report cannot be confirmed from other sources.

A HOSPITAL TRAIN LEAVES FOR SOUTH.

PHILADELPHIA, Aug. 24.—The Philadelphia hospital train left here at 8:40 this morning via the Pennsylvania and Southern roads for Fernandina, Fla., to bring home the sick soldiers of the Third regiment, Pennsylvania volunteers, who live here. The train consists of four hospital cars, a baggage car, fitted up as a kitchen and medical headquarters and two Pullman cars for nurses, doctors and the committee of city councils under whose auspices the train is being sent south. The train is in charge of District Passenger Agent John M. Beall, of the Southern railway, and is due at Fernandina at 9:30 o'clock tomorrow morning. The train will bring back about seventy-five sick soldiers.

GENERAL MILES IS DELAYED IN PONCE.

PONCE, Porto Rico, Aug. 23, afternoon.—(Delayed in transmission.) A cable message announcing that Mrs. Miles, accompanied by her daughter, Mrs. Colonel Rice, sailed for Ponce on the United States transport Obdam from Charleston last Saturday, will delay the departure of General Miles and his staff possibly several days.

During the attempt last night to locate a fire to the east of Ponce, a platoon of troop A, of New York, under command of Lieutenant Condert, accompanied Lieutenant Davenport, of the signal corps, to Santa Isabel. The men had an exciting time, riding at a furious gallop after midnight and covering twenty miles in two hours. Lieutenant Davenport tapped the telegraph wires at several points without locating the fire. The party returned this afternoon utterly exhausted.

AUXILIARY CRUISERS AT CRAMPS' SHIP YARD.

PHILADELPHIA, Aug. 24.—The United States auxiliary cruiser St. Louis arrived at Cramps' ship yard today. The St. Paul, the sister ship of the St. Louis, is already at Cramps'. It is thought two months will elapse before the great ocean greyhounds will be in condition to be returned to the International Navigation company.

WEARY WAITING ON TRANSPORTS.

(Correspondence of the Associated Press.)

WITH THE TRANSPORTS, Montauk Point, L. I., Aug. 22.—It is weary waiting for the American troops on the transports anchored off Camp Wikoff. There is absolutely nothing to do on board, and the men lounge about the decks, seeking what scant shade that can be found under awnings and longing for the orders that will free them from irksome confinement. Again and again the men discuss the happenings of the days before Santiago. Plans are made for trips home whenever freedom finally comes.

Pay day is spoken of as many of the men are without money and the everlasting subject of something good to eat in the future fills all minds.

Fortunately the weather is cool. There is a good breeze every day, and in the evenings it is even chilly. Overcoats are brought out and the warm corners behind the steamers' smokestacks are the spots most sought after. The men are poorly provided with clothing and the prolonged stay on the vessels has used up the supply of clean linen that the officers had carefully hoarded.

TYPOTHETÆ MEETS.

President's Address Speaks Hopefully of Employer and Employe.

MILWAUKEE, Wis., Aug. 24.—The United Typothetæ of America convened its twelfth annual meeting in the club room of the Hotel Pfister today with about 150 delegates in attendance.

A. J. Aikens, president of the Milwaukee Typothetæ, and Mayor Rose welcomed the delegates to the city, response being made by Louis A. Weyman, of Boston.

President N. L. Burdick then delivered his annual address. President Burdick noted with pleasure that happenings of the past year affecting the business interest of those engaged in the printing and publishing business have been few and not of great importance and that minor disturbances have been brought to a satisfactory settlement in most cases.

"Employers and employes have begun to see, I trust," said the speaker, "that their interests are not antagonistic; that one side cannot succeed by crippling and harassing the other and that it is for their mutual interest to uphold and help each other in all lawful ways. I do not wish to intimate that the millenium has arrived, but surely the tendency should be in the direction of a harmony of interests; the workman doing what he can to enable his employer to make money enough to keep out of bankruptcy and pay his weekly salary list and the proprietor to pay his hands what he can consistently afford out of the profits of his business."

He then referred to the deaths of Wesley Washington Pasks, an honored member of the Typothetae of New York, and Cyrene Blakely, one of the founders of the Typothetae, of Chicago, and closed by thanking the gentlemen of the convention for their generous attendance.

The annual report of the executive committee, which furnished matter for discussion during the convention, was then read.

POLICE WILL EXCURT.

The Special Train Leaves Fort Wayne at 7 a. m. Tomorrow.

The policemen have completed arrangements for their big excursion which leaves for Rome City tomorrow morning at 7 o'clock. The program is complete and the roosters have been in daily training for their exhibition. The officers do not often have an outing together and they are certain to have a fine time tomorrow with their friends.

DOWN TO WORK.

The Ohio Democrats Meet in Convention.

Chairman Smalley Makes a Speech in Which He Discusses the Issues—Other Conventions.

DAYTON, Ohio, Aug. 24.—The democratic state convention assembled at 11 a. m. today, at the Fairview Casino, a suburban summer resort. The attendance of delegates was not as large as usual, but the factional fighting was more bitter than usual. For two days the factions, headed respectively by Joseph H. Dowling and Allen O. Myers, had contended for control of the convention, the state committee and the whole party organization. At the district meetings yesterday and at the committee meetings last night the fighting at times got beyond harsh words.

It was expected that the factions would fight on the floor of the convention and a large crowd of visitors assembled to witness the exhibition. The convention was called to order by W. W. Durbin, chairman of the state committee, who briefly reviewed the work of the last campaign. Prayer was offered by Rev. E. E. Baker, when the following temporary organization was announced: Chairman, Judge Allan Smalle; secretary, Col. W. A. Taylor; assistant, Martin J. Burke; sergeant-at-arms, L. D. Abell; assistant, Byron Bowers.

In taking charge of the convention Chairman Smalley made a long speech in which he touched upon all the great issues now prominent, specially those growing out of the war with Spain, concluding his speech as follows:

"The grand old democratic party has stood manfully by the administration in our war with Spain, but, at the same time, we commend our representatives in congress for the resistence they made to the war revenue measures. The gold men had their wrongful way, and an enormous bond war debt has been saddled upon our people, which the wealth producers of our country must ultimately pay. The honest, patriotic legal tender greenback, without the exception clause, should have been utilized to meet all expenses growing out of the war with Spain, so that our currency should not have been withdrawn from our ordinary business and commercial pursuits.

"The only hope for a political millenial dawn lies through a triumph of the people over monopoly. Democracy alone offers the correct solution of the troublesome questions that confront us. Let the liberty-loving, constitution-loving, trust and plutocratic-hating citizens of this country rally around the flag of democracy on the Chicago platform, with proper additions touching the Spanish war questions, and successfully conduct the successive advancing skirmishes until 1900, when 10,000,000 of American freemen will triumphantly sweep through the grand arch of victory, singing praises to Almighty God for our great deliverance and shouting for brotherhood, bimetallism and Bryan."

The resolutions adopted reaffirm the Chicago platform, endorse Bryan and his "conduct in peace and war," demand that the spirit of the congressional resolutions with respect to Cuba be observed and fully carried out.

The resolutions favor the building of the Nicaraguan canal, enlarging the militia of all states and reducing the standing army, oppose alliance with England or any other foreign power and demand that the United States senate take action upon the findings of the Ohio senate on the election of Marcus A. Hanna as senator.

Filley's Successor.

ST. LOUIS, Aug. 24.—Last night's festivities kept many of the delegates to the republican state convention up until a late hour and it was long after the scheduled time that they assembled in Music hall today and Vice-Chairman Cyrus P. Walbridge called the convention to order.

He immediately proceeded to the regular order of business, which was the placing in nomination of candidates for the position of chairman of the republican state central committee to succeed the veteran manager, Chauncey Ives Filley, who for many years has been at the head of the party in this state.

Herbert A. Hadley, assistant city counsellor of Kansas City, put in nomination Wallace Love, of that city. T. K. Aikins, of Humansville, Polk county, was nominated by Joseph Upton, of Bolliver. Hon. Matt Reynolds, of St. Louis, presented the name of W. L. Morsey, of Warrenton. Aikins was elected on the second ballot.

California Republicans.

SACRAMENTO, Cali., Aug. 24.—The republican state convention reconvened today and listened to the reports of the various committees. The balloting for governor will not take place until late in the day. The platform will endorse the administration of President McKinley and the annexation of the Hawaiian Islands and will strongly advocate the permanent retention of the Philippines.

CORTES CONVOKED.

Queen Regent Summons the Spanish Parliament.

Body Will Assemble in Early Part of September.

Royal Decree of Convocation Has Been Signed.

First of the Repatriated Spanish Soldiers Reach Corunna—Enormous Crowds Were Gathered.

MADRID, Aug. 24—3 p. m.—The queen regent has signed the royal decree convoking the cortes for September 5.

HAS NOT ORDERED BLANCO TO FIGHT.

MADRID, Aug. 24.—4 p. m.—The government definitely denies that it has sent an order to General Blanco instructing him to resume hostilities against the insurgents.

General Blanco has full liberty to act as occasion may require.

TNE REPATRIATED HAVE REACHED SPAIN.

CORUNNA, Spain, Aug. 24.—The Spanish steamer Alicante, with the first of Spain's repatriated soldiers who arrived from Santiago de Cuba, reached here today.

Enormous crowds gathered on the quays but were not allowed to get near the vessels for fear of the yellow fever contagion.

All the military and civil authorities were present.

Some of the sick will be taken to the Osa Lazaretto, where they will be quarantined.

Others will be kept five days in hospital ships before they are dispatched to their homes. Those who are in good health will be promptly disembarked.

CROWD YET THERE.

Fifty Thousand Strangers in Indianapolis.

All is Not Lovely in the Supreme Lodge of the Knights of Pythias Convention.

INDIANAPOLIS, Aug. 24.—While a great many people who came here since Saturday have gone home there is still an immense crowd in the city, estimated at about 50,000 strangers.

The supreme lodge today continued at work on the charges of extravagance that have been made against the supreme officers by some of the representatives.

One of the members of that committee announced this morning that he would also bring a suit for libel in the United States court for the district of North Carolina as soon as he got home. While a strong fight is being made against the supreme officers it is understood that the present officers will be continued. Ninety votes have been pledged to Judge Carter, of California, for supreme vice chancellor, and in the event that he cannot be elected his strength will be thrown to some one against Charles E. Shively, who is being pushed for the place by the knights of Indiana. The supreme lodge has not yet got down to business, the investigation going on having taken up all the time of the representatives. J. H. Abbott, of Massachusetts, and J. D. Turner, of Virginia, this morning announced themselves as candidates for major general of the uniform rank, but the indications are that James R. Carnahan, of Indianapolis, will be re-elected.

A seat in the supreme lodge was refused this morning to Representative Barry, of Wisconsin, on account of the filing of a written protest that he secured his credentials in an irregular manner and he has demanded an investigation and a committee was appointed for that purpose.

This evening the supreme lodge will give a popular reception to all visiting knights at the state house. The major general reviewed the uniform rank at Camp Colgrove this afternoon. About 14,000 uniformed men were in the review.

The Knights of Khorassan this afternoon re-elected John A. Hinsey, of Chicago, imperial prince; H. W. Belding, of St. Louis, imperial secretary, and H. B. Stolte, of Chicago, imperial treasurer.

The laws of the order were amended so as to create offices for three supreme past imperial princes; changes were made in the constitution providing for the election of the alternate delegates, and there is no requirement now that the author of the ritual shall be a member of the order. The great parade of the Knights of Khorassan, in full Arabic costumes, will take place tomorrow evening, and will be the largest and most unique of its kind ever attempted. About 5,000 uniformed men will be in rank and the imperial officers will be escorted by the First Regiment Indiana Knights of Uniform Rank.

CANDIDATE KILLED.

Thomas M. Adams Foully Assassinated in Georgia.

COLUMBUS, Ga., Aug. 24.—Hon. Thomas M. Adams, democratic nominee for the legislature, has been assassinated at Giles, a country town in Chattahoochee county, remote from here. The deed was committed in a general row at a political gathering. A dispute between Jeff Davis, a negro school teacher, democrat, and William Bagley, populist nominee for the legislature, precipitated a general fight, in which several shots were fired. Mr. Adams was a bystander and received one bullet in the temple and one in the heart. Mr. Adams was very popular.

SHE WILL CONFESS.

Mrs. Botkin, Alleged Poisoner, is Breaking Down.

Arrested in San Francisco Charged With Sending Poisoned Candy to Mrs. Dunning in New Jersey.

SAN FRANCISCO, Aug. 24.—Detective Gibson, who assisted in the arrest of Mrs. Botkin, charged with the murder of Mrs. Dunning and her sister, states that he has no warrant for the arrest of any other woman. He thinks that Mrs. Botkin will break down and has taken precautions to prevent her from committing suicide. She was much agitated when told that she would have to stand trial on a charge of murder, but soon recovered herself and said that the charge would have to be proved. A trunk belonging to Mrs. Botkin was seized in this city today by Detective Seymour. Chief of Police Lees has not yet opened it and will not do so until formal extradition papers are received from Delaware.

MR. DUNNING TALKS.

DOVER, Del., Aug. 24.—John P. Dunning, whose wife and sister-in-law were poisoned by candy sent from San Francisco, has made a statement to the Associated Press. He says:

"I have talked with the attorney general and other state officials of Delaware disclosing all facts within my knowledge which could lead to the detection of the person whose act caused this tragedy. From the moment I learned of the fiendish murder of my wife and sister-in-law, upon my arrival in New York, from Porto Rico last Friday, my one desire has been that the guilty should be brought to justice. I have withheld nothing from the officials which could lead to the detection of the criminal. But for two reasons I must refuse to make any statements for publication. First, because it might defeat the ends of justice, and, second, because innocent persons might be involved. I will continue to maintain this course even at the risk of subjecting myself to unjust criticism."

LIGHTNING'S FLASH

Sets Fire to Two Barns Owned by Louis Oetting.

Both Structures and Most of Their Contents Were Completely Destroyed—Big Loss.

During the heavy storm early this morning lightning struck a barn on the farm of Louis Oetting in Wayne township south of the city. There were two barns on the place, one a handsome new structure. The flames carried from one to the other and it was impossible to save them. The horses and other live stock were taken out, but the machinery and 1,200 or 1,500 bushels of grain were burned. The loss will reach several thousand dollars. Mr. Oetting carried some insurance, but not enough to recompense him for the entire loss.

DEATHS AND FUNERALS.

The death of Fred H. Stonebrook, the four-months-old son of Mr. and Mrs. Thomas Stonebrook, occurred last evening at the home of the parents at 119 Fairfield avenue. The father is a painter at the Pennsylvania shops, and is quite ill himself.

TIERNEY.

John Edward Tierney, the two-year-old son of Mr. and Mrs. Edward Tierney, of 72 Melita street, died last night of summer complaint. The funeral will occur tomorrow morning from the residence, and at 9 o'clock from St. Patrick's church.

FISHER.

Ernest, the sixteen-year-old son of Jobest Fisher, of New Haven, died last night at Hope hospital. He was operated upon last Sunday for appendicitis. He was a member of the New Haven Cornet band.

Tugboat Sinks.

NEW YORK, Aug. 24.—The tugboat Marian, of the Pennsylvania railroad, sunk at South Amboy this morning. All the crew escaped except the pilot, James Hennesby, who was drowned.

THE MARKETS.

CHICAGO, Aug. 24.—Wheat—Aug., 67¢; Sept., 63⅝¢; Dec., 61½@⅝¢; May, 63⅝¢.

Corn—Aug., 29¾¢, Sept., 29¾@⅞¢; Dec., 29⅞¢; May, 32@½¢.

Oats — Aug., 19¾@⅞¢; Sept., 19¾@⅞¢; Dec., 19⅞¢; May, 22⅛¢.

Pork—Aug., $8.90; Sept., $8.90; Oct., $8.87; Dec., $8.92; Jan., $9.65.

Lard—Aug., $5.10; Sept., $5.10; Oct., $5.15; Dec., $5.20.

Ribs—Aug., $5.15; Sept., $5.15; Oct., $5.17; Dec., $4.95.

Barley—No. 2 Sept., 44½¢.

Rye—Aug., 44¢; Sept., 40½¢.

Flax—Cash, N. W., 91¢; Sept., 88¼¢.

Timothy — Aug., $2.50; Sept., $2.27@$2.30.

A. M. E. CONFERENCE

Notable Gathering of Colored Ministers.

Celebrated Bishop Arnett is Present.

One of the Great Leaders of His Race.

The Sessions of the Michigan Conference Began in the A. M. E. Church This Morning.

The most notable gathering of colored people ever held in northern Indiana began in Fort Wayne this morning, when the annual sessions of the Michigan conference of the African Methodist Episcopal church opened in the chapel of the local congregation on East Wayne street.

A large number of colored ministers are present and the sessions promise great profit and interest. The most illustrious minister present is Bishop Benjamin William Arnett, of Ohio, whose wonderful eloquence and power in the pulpit has caused him to be denominated the "Beecher of the colored church."

Another noted divine is Rev. William H. Butler, D. D., of Michigan, presiding elder of the conference. Rev. Butler is also an eloquent minister and quite famous.

Tonight one of the most interesting features of the conference will take place at the A. M. E. church. It will be a reception to the bishop and the visiting clergymen. Elaborate preparations have been made.

THE PROCEEDINGS.

It was late this morning before Bishop B. W. Arnett called the twelfth annual conference to order, addressing a few remarks to the delegates. Rev. G. W. Brown offered up prayer and then a chapter was read from Israel, "And are we yet alive."

A few remarks were made by many of the reverends present before a permanent organization was proceeded with. S. Simmons, of Ann Arbor, was elected secretary, the former secretary and assistant secretary having been transferred.

Rev. W. W. Clark, of Detroit, was chosen assistant secretary. Revs. J. F. Williams and Thornton Becks were elected marshals and Rev. William Simpson postmaster of the conference.

Rev. Dr. Hurley was selected as reporter for the Christian Recorder and the Voice of Mission.

Among the transfers announced were those of Rev. Pettiford from the Illinois conference, and Rev. Clark from the Indiana conference.

Rev. Ballinger, of the United Brethern church, Rev. Johnson, of the Simpson M. E. church and Rev. J. A. Weimar, of the Baptist church were among the local reverends who visited the conference this morning. This afternoon Rev. W. D. Parr called on the conference. All these gentlemen were cordially received by Bishop Arnett and responded with remarks encouraging to the members of the Michigan conference.

A motion was made and adopted extending to the visiting members of the colored Masons the freedom of the conference, and they were invited to visit it whenever their time allowed.

Bishop Arnett appointed the following examining committees:

Admissions—Benjamin Roberts, Robert Miller and G. W. Brown.

First Year—G. B. Pope, J. I. Hill and J. W. Saunders.

Second Year—William Collins, J. S. Masterson and J. K. Hart.

Third Year—Louis Pettiford, Robert Miller and S. Simmons.

Fourth Year—W. H. H. Butler, J. H. Alexander and W. H. Brown.

Education—Rev. R. F. Hurley, W. H. H. Butler and G. T. Woodson.

Temperance—S. Simmons, J. K. Hart and Benjamin Roberts.

Missions, Circuits and Stations—W. H. H. Butler, J. H. Alexander and Benjamin Roberts.

Sunday Schools—J. S. Masterson, William Simpson.

Condition of the Church and Country—R. F. Hurley, Robert Miller and W. W. Clark.

Publication Department—C. F. Hill, J. S. Masterson and H. L. Haywood.

Bible Cause—J. K. Hart and J. E. Lyons.

Finance and Contingent Expenses—William Simpson, R. F. Hurley and Louis Pettiford.

Church Extension—William Collins and J. I. Hill.

Public Worship—William Simpson, W. H. H. Butler and G. W. Brown.

Dollar Money Committee—R. F. Hurley, W. H. H. Butler and G. W. Brown.

It was announced that Rev. R. French Hurley would preach at the United Brethren church this evening.

This afternoon's session was devoted to the raising of funds and the discussion of matters for the good and welfare of the conference.

Bicycle Freaks En Route.

SPRINGFIELD, Mass., Aug. 24.—E. Victor Sorgeant and Robert McKisson, both of Lowell, passed through this city yesterday evening on bicycles on their way to San Francisco where they they must arrive by December 1 without the assistance of railroad or steamboat conveyance to satisfy a wager made by members of Vesper country club of Lowell.

C. [illegible] WALKER.

Final Reduction Sale of Summer Goods.

This week every department in our store will offer most extraordinary inducements in all lines of summer goods which must be closed out at once to make room for our unusually large Fall Stock.

Men's [illegible] summer shirts, reduced [illegible]

Ladies' shirt waists that sold at [illegible]

[illegible] lawn wrappers worth [illegible]

[illegible] worth [illegible]

Outing flannel, [illegible]

Outing flannel, [illegible]

The Evening Sentinel.

BY E. A. K. HACKETT.

WEDNESDAY, AUGUST 24, 1898.

TONIGHT.

- **Lawn Social**—Given by members of the Church of the Redeemer at Swinney park; Walther League, at Swinney park.
- **Prayer Meetings**—At various city churches.
- **Retail Clerks**—Regular meeting union No. 10.
- **Lodges**—Fort Wayne Council, No. 4, R. & S. M.; Mechecunnoqua Tribe, No. 106, I. O. R. M.; Concordia Lodge No. 228, I. O. O. F.; Kekionga Council, No. 93, National Union; Fort Wayne Lodge, No. 1547; Eden Lodge, No. 1, Adams Royal Sons; Wayne Council, No. 35, Jr. O. U. A. M.; Degree of Honor, No. 26; Maumee No. 50, A. O. U. W.
- **Robison Park**—Mackey Opera company every afternoon and evening this week.

At all events, "let there be light."

Among the horrors of war deeply felt in New York is the fact that Colonel Jack Astor was compelled, while in Cuba, to wear a celluloid collar.

The Princess Kaiulani, of Hawaii, is a loyal American young woman. She believes in annexation, and as an evidence of her faith will annex an American husband.

The Ohio democrats appear to be violently indisposed to permit their friends the enemy to enjoy alone the circuses and other blessings to be had from a red-hot factional fight.

The story that John R. McLean had been slated to succeed Secretary [illegible]

The Warsaw [illegible] has been sold by Frank J. Zimmerman, who for thirty-five years directed [illegible] and consistent [illegible] through the columns of that newspaper. Mr. Zimmerman has wielded a [illegible] and with a [illegible] that his party in return [illegible] could never [illegible] substantial reward, but he has thrived and retires from the newspaper [illegible] in comfortable circumstances, able to enjoy a rest that he must greatly need.

Prince [illegible] of Flanders is home again, and from some of his statements of what he saw in this country, as made to a Brussels newspaper, it would appear that he was, at times, too highly entertained during his visit to this country. "The remarkable industries," he says, "are refining petroleum in New York, factories in Hartford, slaughter of pigs in Boston, Cramp's dockyards, the Baldwin locomotive works and the agricultural region near San Francisco." What he best remembers of some Sunday concerts he attended—though he doesn't say whether they were in Boston or San Francisco—is that the women chewed gum as they listened to the music.

Concerning the failure of somebody or anybody to invite Captain Sigsbee and his ship, the St. Paul, to participate in the welcome accorded the fleet at New York, although his ship was right there in the harbor, Admiral Sampson says the reception was a purely municipal affair. "I did not issue the invitations. I did not signal the St. Paul to follow because she did not belong to my fleet," he adds. This the secretary of the admiral supplements by pointing out that the St. Paul did not take part in the battle of Santiago, but he can scarcely mean this as the reason, or one of the reasons, for the failure of the cruiser to be recognized in the celebration, for, as everyone will remember, there was another ship which had no part in the battle.

Perry Heath, Hoosier and incidentally first assistant postmaster general, writes home from Europe, where he is making the most of present opportunities to impress the old world folk, as follows: "It's a genuine pleasure traveling in Europe since we whipped Spain. Europeans have believed that we wouldn't fight if we could, and couldn't fight if we would. Now they believe the reverse—that we are the bravest, most skillful and [illegible] on earth. [illegible] and for [illegible] President McKinley [illegible] in Europe as to [illegible] Lincoln, Napoleon and Emperor William I. The first in [illegible] humanity and war represent."

APPROVE THE CONTRACT.

[illegible] heard on the [illegible] approving the proposed electric lighting contract. The contract prepared by the board of public works should be approved and the contention which is [illegible] acrimonious put aside.

As The Sentinel, in a previous [illegible] said, the majority of the people of Fort Wayne are doubtless in favor of a municipal lighting plant. Such a project is, however, at the present time impracticable. The city cannot legally contract the [illegible] necessary to construct a plant or to install a public lighting system. The thing for the council to do is to approve the lighting contract now before it and at the same time take steps in the direction of a fund to erect a municipal plant by the time the contract now pending shall expire. That will be practicable, satisfactory and an exhibition of common sense.

And it should be here stated that neither council nor public should treat with patience any devious scheme for accomplishing municipal ownership by any such means as Councilman Poirson's resolution proposes. The purposes of that resolution are as hard to follow as its grammar; and as a specimen of fearful and wonderful syntax the document is unique. The councilman who wants a serious hearing for municipal ownership will do well to be frank. The people want public lighting, but not by any system of perpetual contract to fasten forever on the city a blood sucking institution that shall exist in the name of municipal ownership.

Let the council ratify the contract now before it and follow that action with an ordinance that will begin the accumulation of a fund that will make municipal ownership possible.

PROTECT HOME CAPITAL.

Whenever it shall be necessary for the people of Fort Wayne to choose between loyalty to home capital and distinctively home enterprise and devotion to outside capital and interests, they will choose wisely and patriotically.

Such choice has been presented to the people of Fort Wayne in the telephone war which has been in progress for many months and which has within the past few days presented some new phases. The Home Telephone company is a Fort Wayne institution. It was conceived, projected, organized and established by Fort Wayne men and its stocks and its bonds are owned and held in this city. It therefore behooves all citizens to give moral and material support and encouragement to the Home telephone by continuing to patronize it. Low telephone rates were unknown in this city until the Home company installed its system. The monopoly that is seeking to wreck the company by ruinous competition will collect with abundant interest all it is giving away, once it gets the people again at its mercy, as it hopes to.

Other gigantic corporations, notably the express companies, are throwing their powerful influence to the great telephone monopoly in an effort to strangle the Fort Wayne institution. The people of Fort Wayne cannot on any account afford to abandon their support of the Home company. It is the one bulwark against exhorbitant telephone charges. Support of the local company should be united and determined so long as the monopoly is bent on prosecuting its war of extermination. It is an invasion that should be resisted with all determination. Home capital and home capitalists should be protected.

SITUATION SERIOUS.

Pana Miners are Much Incensed by Importation of Negroes.

PANA, Ill., Aug. 24.—Sheriff Coburn assembled 125 deputies at the city hall today, swore all in and gave them instructions to reassemble armed with Winchesters and meet a number of negroes expected to arrive from Alabama to work here in the coal mines.

Ten negroes arrived in Pana last night to take the places of white miners here who have been on strike for several months. The negroes were escorted to the city limits by a committee of miners and induced to leave town.

The strikers are being reinforced by union miners from over the state. The strikers today assembled near the Illinois Central railway tracks in large bodies awaiting the arrival of negroes. During the day a special train arrived in Pana from Birmingham, Ala., with two hundred negroes. The train was rushed through the city to the Springside coal mine, outside the city limits, where the negroes were unloaded under the guard of deputy sheriffs.

Several hundred miners were at the Union depot to meet the negroes and talk with them but were unable to do so. All the grounds at the Springside mine are under heavy guard and no citizens are permitted to pass the lines. The strike leaders have requested Governor Tanner to take action regarding the mining efficiency of the negroes, and he has answered that he will send state mine inspectors to examine the men.

THE COUNCIL ACTS.

Refuses to Pay More Than $85 Each for Street Lights.

Councilman Poirson Introduces a Resolution Providing for a Municipal Plant—The Curfew.

There were more people in the lobby of the city council chamber than usual last evening when Mayor Scherer rapped for the council to come to order. Most of them were employes of the Fort Wayne Electric corporation, who were present to see what disposition would be made with the city lighting contract. The matter came up immediately after the minutes of the previous meeting had been approved. Councilman Haag, who had signed the report of the committee of the whole, moved that the report of that committee be reconsidered, and Councilman Poirson moved to lay Councilman Haag's resolution on the table. The motion to lay on the table carried by a vote of 11 to 7, Councilmen Wheelock and Schwartz being absent when the vote was taken. The latter arrived at the council chamber later in the evening.

City Clerk Monning next read a petition signed by business men and citizens asking the council to approve the contract submitted by Mr. McDonald and the board of works. Councilman Scheid moved to refer the petition without reading to the committee on contracts and franchises and Councilman Ehrman opposed the motion. The council voted to hear the petition, which the clerk occupied an hour in reading. The board of works reported back the contract originally made with the company with the section providing for lamps at $120 and a rebate stricken out. A motion was made to refer the report to the committee on contracts and franchises. Councilman Bauer opposed the motion and believed it should go to the street light committee. The committee on contracts was given the report on a vote of the council. The Trades and Labor council submitted a resolution requesting the city to build a municipal lighting plant. On motion of Councilman Scheid, R. T. McDonald was permitted to address the council. He said the Jenney Electric Light and Power company would never accept the proposition of the council and the contract submitted by the board of works was the only one he would agree to.

Later in the meeting Councilman Poirson introduced the following resolutions, which were preceded by a long preamble reciting the cost of maintaining an electric light plant:

Be it resolved by the council:

First—That the Jenney Electric Light and Power company be required to refuse or accept the offer of $85.00 per annum on or before the meeting of the council on the 13th day of September, 1898, and in the event said offer is refused by said company, the board of public works is hereby directed to report same at once to the council; and,

Second—That in case said offer is refused by said company, then in that event the board of public works is hereby directed to at once enter into a contract with a local company, organized in the city of Fort Wayne, allowing said company the sum of $100 per light per annum; said lights to be of 2,000-candle power, operated on the same schedule as we now have, upon the condition that said company shall, after receiving the actual running expenses of the plant to be erected by it, including a reasonable rate of interest on the money invested, account to the city for the balance of the $100 per light each and every month and that said balance be credited upon the original cost of said plant each and every month; and when said credits shall equal the original cost of the plant, said plant shall immediately become the absolute property of the city; and,

Third—In case the contract for lighting the city is awarded to such new company, the board of public works and the common council, jointly, shall have the exclusive right to determine upon what kind of plant shall be erected, where the power house, or power houses, shall be erected, the kind and character of all machinery purchased and shall have general supervision over the conduct of the business of said company.

Councilman Bauer moved to lay the preamble and resolutions on the table. His motion was defeated by the following vote:

Ayes, 8, viz: Bauer, Eckert, Ehrman, Haag, Hench, McMahon, O'Ryan, Schuhler, Zurbuch.

Nays, 10, viz: Borkenstein, Buhr, Clark, Gerding, Hayes, Hosey, Lennart, Poirson, Scheid and Schwartz.

A motion to adopt was then carried.

OTHER BUSINESS.

Comptroller Berghoff then submitted his estimates for appropriations needed by the departments of the city next year. The total amount was fixed at $228,000, as announced in yesterday's SENTINEL. The comptroller recommended that the water works trustees be compelled to pay the interest on the water works bonds. He also recommended that the levy be fixed at 95 cents, divided as follows: General purposes, 89 cents; sinking fund, 5 cents; firemen's pension fund, 1 cent. The recommendations were referred to the committee on finance and will be acted on at the next meeting of the council.

Hon. R. C. Bell addressed the council and suggested that they adopt resolutions requesting the governor of Indiana and President McKinley to have the Indiana soldiers moved north. Mayor Scherer appointed the following committee to draft resolutions: Councilmen Hench, Scheid, McMahon, Clark and Eckert. Appropriate resolutions were prepared and signed by the councilmen.

A claim of $150 against the city for damages received from a fall from his bicycle was presented by Samuel D. Biddick. It was referred to the committee on claims and city attorney.

An ordinance submitted by Councilman Bauer providing for changing the name of the Northside park to Anthony Wayne park was referred to the committee on parks. Another ordinance submitted by Councilman Bauer prohibiting the burning of rubbish on public streets and alleys was referred to the committee on streets and alleys.

Councilman Eckart introduced a resolution calling on the school trustees to submit a report of last year's business. Carried.

The rules, regulation and ordinance committee reported in favor of the curfew law and later Councilman Schuhler introduced a new ordinance, prohibiting children under the age of fifteen from being on the streets of the city between the hours of 9 p. m. and 4 a. m. from April 1 to November 1, and between the hours of 8 p. m. and 4 a. m. from November 1 to April 1 without the permission of their guardians or parents. The ordinance was read a first and second time, but Councilmen Scheid and Zurbuck voted against a suspension of the rules and the ordinance went to the committee on rules, regulations and ordinances.

In the case of Rebecca Smith, who was awarded damages against the city for injuries received during a parade of Ringling Bros.' circus, it was recommended that the city pay the claim and then proceed to collect the same from Ringling Bros., who show in Wabash August 31.

Residents of Columbia street remonstrated against the removal of the street railway tracks.

FAST SEARCHLIGHT.

Paces Two Heats at Dubuque in 2:04 1-2 and 2:04 3-4.

May Bloom Won the 2:23 Trot—Miss Logan Takes Two Heats in the 2:25 Pace.

DUBUQUE, Iowa, Aug. 24.—The 4,000 spectators who braved the threatened storm were repaid by witnessing the magnificent performance of Searchlight in the 2:07 pace. The wonderful four-year-old put to his credit the fastest heat of the season in a race—the 2:04¼ of Chehalis at Columbus excepted—and the two fastest consecutive heats in a race. His victory against such a field was a popular one, and when McHenry landed him under the wire in the final heat a great cheer went up from the crowded amphitheater.

May Bloom, the favorite in the 2:23 trot, also encountered a fast field, and the performance of Bergenia in this race was particularly creditable. She drove out the winner in every heat and forced the favorite to step the first in 2:13.

Miss Logan, though it was reported she had an injured knee, was good enough to reach the wire first in the the 2:25 pace. After the second heat the storm broke out and the race was postponed. The raintall was slight, though the temperature fell considerably and an ideal day and track are promised for today.

The summaries:

RAIN AT GLENS FALLS.

GLENS FALLS, Aug. 24.—The grand circuit meeting opened here under quite unfavorable circumstances. At 2 o'clock there promised to be an afternoon of fine sport, but after two heats had been worked off one of the heaviest thunder storms of the season rolled down from the Adirondacks and flooded the ground and grand stand. The attendance was large for a first day, and included some of the best known horsemen in the country. In the 2:30 trot John Nolan won from Timorah in 2:13¼ and Helen Grace won a heat in the 2:40 pace in 2:25½.

WOULD TEACH SPANISH.

Dr. Benjamin Andrews Believes the Language Will be Useful to Americans.

CHICAGO, Aug. 24.—Spanish will be added to the list of studies taught in the Chicago schools if Dr. E. Benjamin Andrews, the new superintendent, has his way. Chicago's new educational chief also favors the annexation of the Philippines.

Dr. Andrews says that when Cuba, Porto Rico, and the Philippines come under the control of this government, rich new fields for business enterprises will be opened to the young men of Chicago. For that reason he considers it fully as essential now to teach the Spanish language as German and French.

"Since we are beginning to spread out," said he, "and take in new territory, some of our school boys may want to seek their fortunes when they grow up, in these countries wrested from Spanish control. It would be greatly to their advantage to understand the Spanish language which is spoken by the common people of those islands."

Would-be Murderer Sentenced.

GIBRALTAR, Aug. 24.—Owen Collan, the solicitor who shot and bludgeoned Hubert Birkin at the Bristol hotel, Tangier, Morocco, a couple of months ago, after Birkin had insured his life for £50,000 and had made a will leaving Collan £25,000, has been found guilty of intent to murder and sentenced to ten years penal servitude.

HAYMAKERS WON.

Batted Norcum's Curves When Hits Meant Runs.

The Element of Luck Was With the Visitors. Toledo—Dayton and New Castle Shut Out.

The crippled Haymakers won the third game of the series by batting Norcum's curves when hits counted for runs. Luck was with the visitors. In the fourth when they scored four runs a pretty grounder went toward Fisher, but just before it reached him the ball took a high bound and passed three feet over his head. This was after one man was out and had the ball not taken the high bound the batter would have been easily out. The feature of the game was a catch of a high fly by Beecher. Brodie hit the ball and it was about to hit the left field fence when Beecher reached out, and as he collided with the fence grabbed the ball and Brodie was out. The catch saved at least two runs. In the ninth inning Belden and Norcum were on bases and nobody out. Two runs were needed to tie. Fisher went to bat and was foolishly ordered to sacrifice. He did. Griffin then went out on a short foul to Brett and Babb was an easy out. Score:

Earned runs—Mansfield, 4. Two-base hits—Wetrick, Ely. Three-base hits—O'Meara, Norcum. Sacrifice hits—Brodie, Fisher. First base on balls—Off Norcum, 1; off Ely, 1. Hit by pitched ball—By Norcum, 1. Struck out—By Norcum, 3; by Ely, 2. Wild pitch—Ely. Double play—Griffin to O'Meara. Umpire—Colgan. Time—1:50.

Other Inter-State Games.

TOLEDO, 8; GRAND RAPIDS, 10.

TOLEDO, Ohio, Aug. 24.—A small crowd saw a very poor exhibition of ball. The home team put up the worst game of the season and for two hours the visitors ran them a close second. The batting of the Grand Rapids team was a little more lucky and they were a little more assisted by errors. Carson was pounded out of the box and Wayne substituted. Torreyson was removed for using abusive language to the umpire. The score:

Gr. Rapids...4 2 0 1 0 0 3 0 *—10
Toledo.......0 4 0 3 1 0 0 0 0— 8

Base hits—Toledo, 14; Grand Rapids, 14. Errors—Grand Rapids, 2; Toledo, 5. Batteries—Ewing and Arthur; Carson, Wayne and Cote.

DAYTON, 0; SPRINGFIELD, 13.

SPRINGFIELD, Ohio, Aug. 24.—Poole was invincible, not a visitor reaching third base. Bates was wild and was hit freely, retiring in the seventh in favor of Lattimer, who was wilder than the former. Darrott's batting was the feature. The score:

Springfield....0 1 2 2 0 3 0 4 3—15
Dayton ......0 0 0 0 0 0 0 0 0— 0

Base hits—Springfield, 15; Dayton, 2. Errors—Springfield, 1; Dayton, 5. Batteries—Poole and Graffius; Bates, Lattimer, Poquinney and Donahue. Umpire—Donovan.

YOUNGSTOWN, 13; NEW CASTLE, 0.

YOUNGSTOWN, Ohio, Aug. 24.—Heiberger was invincible. Umpire Lally put Ganzel out of the game for questioning a decision. Katz's batting and the fielding of Miller and Esterquest were the features. The score:

Youngstown. 4 2 0 0 3 4 0 0 0—13
New Castle...0 0 0 0 0 0 0 0 0— 0

Base hits—Youngstown, 16; New Castle, 2. Errors—New Castle, 3. Batteries—Youngstown, Heiberger and Schrecongost; New Castle, Minnehan, Hewitt, Barclay and Zinram.

Detroit, 4; Minneapolis, 1.
St. Joseph at Indianapolis—postponed.

MANAGER HANLON RESTRAINED.

BALTIMORE, Md., Aug. 24.—An injunction was served on the Baltimore Base Ball and Exposition company yesterday restraining it from suspending J. William Holmes, familiarly known as "Ducky," an outfielder, and preventing his earning his livelihood. Ten days is given President Hanlon to show cause why a permanent injunction should not be granted.

The suit was directed against President and Manager Edward Hanlon and Treasurer Harry W. Vonderhorst. Judge Phelps signed an order for the club to show cause before September 2 why the injunction should not be issued. In order to keep within the provisions of the national board's findings Manager Hanlon has already served a notice of suspension on Holmes. The injunction proceeding will not be warmly contested by the base ball company. Manager Hanlon does not intend to allow Freedman the slightest loophole to get out of paying his fine, but at the same time he is determined that Holmes shall not suffer.

WASHINGTON, Aug. 24.—President Vanderhorst, of the Baltimore base ball club, passed through Washington with his club, which was on its way to Cincinnati. Mr. Vanderhorst filed with Mr. Young, president of the league, a certified copy of the injunction secured by Holmes from the court in Baltimore, enjoining the Baltimore club temporarily from restraining him. He did this to show to the league that the Baltimore club had complied with the directions of the board of directors at the Philadelphia meeting. No further steps will be taken by the league until the decision of the court. In case the injunction is made permanent it is difficult to see how Holmes can be suspended.

NOTES.

Beecher is tough, but a a ball player is par excellence.

Kuhn continues to play a sensational first base. He has no superior in the league.

The Fort Waynes go to Toledo tomorrow for five games, two of which may be played next Sunday.

Youngstown Telegram: "John A. Blakeney of Washington, upon recommendation of Cy Swain, was added to the list of Youngstown twirlers yesterday. He will report tomorrow and is said to be the equal of any pitcher in the Inter-State league."

HOPE FOR SILVER.

Moreton Frewen Believes the Indian Mints Will Soon Open.

DENVER, Aug. 24.—G. G. Merrick has received a letter from Moreton Frewen, the noted British bimetallist, in which he expresses the hope that the party in this country which favors currency expansion will also favor national expansion. Regarding the currency experiment in India, he says:

"I understand that the commission now sitting—a commission carefully packed with complacent officials—are yet unable to get any evidence which they dare print which favors the gold standard in India. It cannot then be very long before the Indian mints re-open."

Mr. Frewen also says China will absorb an enormous quantity of silver "if the trade of those myraids is about to be unlocked by modern conditions of transportation."

Killed Her Husband With Roach Poison.

NEW YORK, Aug 24.—Anton Wozoneeski, a Pole of Jersey City, died today from the effects of a dose of roach poison administered to him by his wife, instead of rochelle salts for which he had asked. The drug clerk says she called for roach poison and he marked it plainly as such. Mrs. Wozoneeski insists that she asked for rochelle salts.

IN TROUBLE.

Grand Trunk Runs Against Dominion Government.

Violated the Law Upon Importing Laborers. Probably a False Rumor Concerning the Limited.

A dispatch from Hamilton, says "A gang of about sixty Italian laborers have been imported from Buffalo by the Grand Trunk authorities to work on the double-tracking of the system between Hamilton and Burlington. Today a gang of Canadian workmen were discharged to make room for the imported Italians. The Canadians called on T. H. MacPherson, M. P., and asked to have the alien labor law brought to bear against the railway people and have the Italians sent back. Mr. MacPherson told them no officer had been appointed in this district to enforce the law, but gave them a letter to ex Mayor W. N. McMurrich, of Toronto, who had been appointed by the Dominion government for that purpose, and who will be asked to investigate the circumstances and do what is necessary."

A NEW AND POWERFUL ENGINE.

Our former fellow citizen, William S. Morris, now superintendent of motive power of the Chesapeake and Ohio road, has designed a consolidation freight locomotive from which he expects great work. In its design Mr. Morris has retained as many as possible of the parts now considered standards, and has thus simplified construction and at the minimum cost. A railway magazine thus describes this engine:

"The most interesting features of the design are the great weight, and the large boiler capacity. The weight on the driving wheels will be 165,000 pounds and the total weight in working order, 184,000 pounds, or 11,000 pounds less than the weight of the big class H-5 consolidation "helpers" lately built by the Pennsylvania railroad. The tube heating surface of the Chesapeake and Ohio engine will be 2,566 square feet, and that of the fire box 239 square feet; the corresponding values for the Pennsylvania class H-5 are 2,720 square feet, and 197 square feet.

"The boiler of the Chesapeake and Ohio engine will be of the extended wagon top type, built of acid open-hearth steel to carry a working steam pressure of 200 pounds per square inch, and must be tested by the makers with a water pressure of 280 pounds per square inch. The boiler will be covered with magnesia sectional lagging, containing about 85 per cent. of carbonate of magnesia and jacketed with planished iron. The same covering will be used for the dome and cylinders, and the jackets of these parts will be sheet iron. The cylinders are to be twenty-two inches in diameter by twenty-eight inches stroke, and the driving wheels fifty-six inches in diameter; the driving wheel centers will be cast iron. The main crank pins only will be of nickel steel, the others being of high-carbon steel treated by the Coffin process. The driving axles and piston rods will also be of Coffin process steel, and the tender axles of hammered iron. The cross heads and driving boxes will be cast steel.

"The tender will weigh about 87,000 pounds when loaded, and will have a capacity for seven tons of coal and 4,500 gallons of water. The underframe will be of steel construction and diamond frame trucks will be used, having Simplex body and truck bolsters."

TROUBLES OF A RAILROAD.

The Detroit and Lima Northern road has a few troubles of its own at Wapakoneta, Ohio, just at present. The trouble with the Cincinnati, Hamilton and Dayton regarding a crossing has been settled, but not so the difficulties with citizens of the town. The company, it seems, made certain promises to the town if it would be allowed to build through it, but it refused to keep the agreements and the town decided to not let it build across the streets unless it lived up to its promises. A detail of police was put to watch the different streets and the company cannot cross them. It is constructing its tracks, however, between the streets.

TALK OF WITHDRAWING THE LIMITED.

This morning's edition of the Chicago Record says that there is a probability that the only two Chicago-New York limited trains now in existence, that of the Pennsylvania and the Lake Shore, will be taken out of service.

The Record adds that "the whole matter comes out of the determination of the standard lines to knock out the differential fares in the east. The plea for differentials has been chiefly based on the fact that the strong lines were able to, and did in fact, make better time to New York than the other roads could. Now the first-class roads are figuring that by withdrawing these limited trains they will deprive the differential roads of any plea for special consideration. A few days ago the Michigan Central withdrew its North Shore limited, which made the journey between Chicago and New York in twenty four hours. This left only the limited trains of the Lake Shore and Pennsylvania making such time."

A SENTINEL reporter this morning called Superintendent C. D. Law's attention to the foregoing, and asked his opinion of it. He had heard of no intent, n to withdraw the Pennsylvania limited and did not believe the officials contemplated such a move. The limited is not a money maker, Mr. Law said, but he thinks it will continue in the service

ANOTHER SALE.

Yesterday The Bass Foundry and Machine company secured a contract to build two boilers of 100 horse power each and a stand pipe twenty feet in diameter and twenty feet high for the town of Kaukauna, Wis. That city is putting in water works.

A SHOPMAN HURT.

The accident yesterday to August Knade, of the Wabash shops, which was at first considered a trivial affair, proves to be more serious and the unfortunate man will do well if he is able to resume work inside of a month. While working under an engine, a drive wheel jaw wedge dropped from the jaw and alighted upon Mr. Knade, bruising the right leg between the knee and the hip. This morning the injured man was unable to use the limb in the least and he suffered considerably.

FOUND A DEAD BODY.

The section men at Kirby, Ohio, on the Pittsburg, this morning discovered a headless body lying along the tracks just east of the crossing. The remains were turned over to the coroner and are now being held for identification. It is supposed to be a case of suicide.

FREIGHT AGENTS ENJOY A FEAST

H. C. Mellerwell, agent of the Nickel Plate, entertained the other local freight agents at a 6 o'clock dinner last evening and later gave them a ride to Robison park. The meal was a sumptuous affair, served in six courses, and followed by a social session at cigars prior to taking the street car ride. The guests were Messrs. F. E. Sawyer, of the Pennsylvania; C. H. Newton, of the Wabash, and E. S. Philley, of the Lake Shore.

General and Local Gossip.

Nickel Plate Fireman C. Souder is sick and off duty.

Sickness keeps J. A. Wise from his work in the Pittsburg tank shop.

Nickel Plate Brakeman F. H. Wolf is off duty on account of sickness.

The Wabash pay car arrived in the city this morning at 9:35 o'clock.

G. Meyers, of the Pittsburg planing mills, is disabled by a big carbuncle on his neck.

C. H. DeRome has resumed his old place in the electric works after a lay off of six weeks.

Jim Young, a switch-tender for the Pittsburg at the east yards, is at Van Wert on a brief visit.

John C. Manary, of the Pittsburg shops, has gone to Kalkaska, Mich., to remain a week on his farm.

The Chicago Great Western has a weed-burning car which it is using with marked success on its lines in Iowa.

Charles Smith, a carpenter at the electric works, is sorely afflicted with hay fever and is unable to work.

W. E. Hunter, of the Wayne Oil Tank company, has gone to Cleveland to attend to some business for the firm.

Machinist Louis Seibt has gone to Columbia City to set up a Bass engine in the power plant of the Ruch Brothers.

Charles Young, of the draughting department of the Bass works, is on duty again after a two weeks' visit in Detroit.

Fireman A. Lawson, of the Nickel Plate, accompanied by his wife, left yesterday for Milwaukee for a ten days' visit.

New names on the sick list of the Pittsburg blacksmith shop are Casper Lehmkuler, Henry Dryer and Michael Gans.

M. Griley, the Nickel Plate fireman, who had been sick several days, resumed his duties on the road yesterday.

The Nickel Plate trainmen were well represented at the park theater last evening, there being twelve or fifteen of them present.

Mrs. F. I. Stump, wife of the Findlay trainman, and her daughter, are visiting friends and relatives in Tiffin and Bellevue, Ohio.

L. G. Dalley resumed his duties as clerk at the Pittsburg machine shop this morning, after a ten days' stay at Rome City with his family.

Mr. and Mrs. George Moore have returned home after a visit to the Omaha exposition. Mr Moore is a passenger engineer on the Nickel Plate.

That part of the Illinois Central system running from East St. Louis to Belleville, fourteen miles, will be converted into an electric line, the better to accommodate suburban travel.

Jacob Scheafer this morning resigned a position in the lumber department of the Pittsburg shops and took a position in the foundry department of the Kerr Murray works.

The Terre Haute car works last week received an order from the Iowa Central road for 100 box and 150 coal cars, to be standard in every respect, and to be delivered in October.

O. W. Lassett, a machinist, had his lips badly cut this morning by being struck by an iron wedge, which rebounded [illegible]. He had to quit work and [illegible] the [illegible] of Dr. G. C. Stemen.

The directors of the Fort Wayne and Jackson road have declared a dividend of 2½ per cent on its preferred stock, payable September 1. There is no common stock, being leased to the Pennsylvania.

W. H. Hill, of S. F. Bowser's oil tank works, has been called to Grand Rapids by the serious illness of his mother. Mrs. Hill will soon be ninety years old and little hopes are entertained for her recovery.

James Muirhead, chief engineer of the Phoenix engineering works, St. Petersburg, Russia, and Arthur G. Hopper, machinery builder, of Leeds, Eng., are visiting the locomotive works of this country and other important iron industries.

It is now stated that the Ohio Southern road will be sold on September 20, at foreclosure sale, and it is further stated that the Brice syndicate will secure the property, now having securities in its possession to justify such statement.

D. D. Spencer & Co., of Chicago have the contract to build the extension of the Lake Erie and Western road from Akron, Ohio, to Niles, and Ryan & McDonald the contract to build the line from Niles to New Castle, Pa. The distance from Akron to New Castle is eighty five miles.

J. D. Lauso, a railway brakeman, has transferred his services from the Wabash to the Nickel Plate. Formerly he ran on local between Toledo and Fort Wayne and resided in the former city. He is now at Toledo packing up his household furniture, preparatory to moving to this city.

Last night the local lodge of Modern Woodmen completed arrangements with the Lake Erie and Western road for the excursion to Rushville on Monday, Sept. 5, when the state log rolling takes place there. The Woodmen will be accompanied by the Olympia band and they expect to take 300 or 400 excursionists.

Business men's excursions to large cities are becoming very popular, especially with the wholesalers, who are thus enabled to sell goods without the expensive traveling salesman. The wholesale merchants of Cleveland have arranged with the Nickel Plate and other lines running into that city for an excursion some time in September.

Captain Stoll is in receipt of a letter from F. M. Butcher, the man who resigned a position on the Pennsylvania police force to enter the service of his country. He enlisted as a private in Company F, United States Volunteer engineers, and has arisen in the ranks until he is now first sergent. His company is stationed at Camp Wikoff, N. Y.

Some time ago the American and Adams Express companies "consolidated" in the maintenance of offices at many Indiana towns. This method has been very unsatisfactory, and at a number of places, notably Anderson, Crawfordsville, Greencastle, Franklin and Columbus, each company is again maintaining a separate office and agent.

The large picture of Pennsylvania police department officials and patrolmen mentioned in THE SENTINEL a few days ago, has arrived, and now occupies a conspicuous place on the wall of the captain's office. In the center of the group is the photograph of Captain Henry Stoll and on either side are the pictures of his four lieutenants, Messrs. W. M. Somers, A. M. Fox, I. B. Dreeson and E. Distel. Surrounding this quintet are the pictures of the patrolmen, thirty-one in number, the whole making a very pretty piece of wall decoration.

THE FARMERS' OUTING.

They Will Have a Great Time at Robison Park Tomorrow.

Tomorrow will be farmers' day at the park and a great day it will be, too. Last year there were farmers on the grounds until further orders. They came by rail, by wagon, on horseback and on foot, and one fellow even landed in a parachute, but he was hired to do it. This year promises to eclipse last year in point of attendance. One of the interesting events of the day will be the barbecue. Ten beeves and 500 loaves of bread will be distributed and all without fee or charge of any kind. The barbecue will be held about noon and everybody will be made welcome. One of the special features of the day will be a balloon ascension and parachute drop by Miss LeRoy, queen of the air.

SAID PASHA TONIGHT.

There were over 500 people at the park theater last evening to witness the first production of "Olivette" by the Mackay Opera company.

Tonight "Said Pasha" will be repeated and the advance sale indicates that the first production on Sunday was pleasing. The reserved seats are already pretty well taken. Since the first presentation several voices have been added to the chorus and the orchestra music has been revised.

From September 5th to 10th, there will be a great gathering of the boys of '61, at Cincinnati, for their National Encampment. The Nickel Plate road sells tickets to that point at very low rates. For complete information, address any agent of the Nickel Plate road, or B. F. Horner, general passenger agent, Cleveland, Ohio.

SAVE THE BOYS.

Mass Meeting Held in the City Hall Last Night.

A Petition Prepared and Sent to President McKinley Asking Him to Send the Soldiers North.

The city hall was comfortably filled last evening with citizens who came to discuss the best manner of protecting the lives and health of the young men who went south as volunteers to fight for their country.

The meeting organized by the election of Col. C. B. Oakley as chairman and Capt. Pet. Ryan as secretary. Speeches were made by Dr. C. B. Stemen, Rev. P. J. Rice, F. W. Kiel, Hon. R. C. Bell and others. Many ladies were present. The following telegram was ordered sent to the president:

"FORT WAYNE, Ind., Aug. 23, '98.

"To the president, the Hon. William McKinley, Washington. We, the citizens of Fort Wayne, Ind., in mass meeting assembled hereby petition your excellency to use your utmost power to remove to the north the Indiana troops, especially the One Hundred and Fifty seventh Indiana regiment at Fernandina and the Twenty eighth battery at Camp Thomas, Ga. We are informed that the condition of the boys is little less than deplorable, that the fever is spreading and that they are all liable to the disease since their systems are full of the malaria.

"Our boys went out cheerfully and we believe that should necessity compel, they would be as ready to go again, and we earnestly petition you to listen to our prayers and do all in your power to save our boys' lives by sending them to the north. We present Fort Wayne as a desirable camp ground."

The telegram was signed by members of the committee who immediately dispatched it to the president at Washington.

COUNCIL PETITION.

A committee appointed by the city council prepared the following petition, which was unanimously adopted:

Whereas, There are now with the One Hundred and Fifty-seventh regiment, Indiana volunteers, now in camp at Fernandina, Fla., two companies of Fort Wayne soldiers; and,

Whereas, The war with Spain is now practically at an end and the government of the United States does not now require the services of this volunteer soldiery; and,

Whereas, The health and lives of these soldiers are endangered by the unsanitary conditions, unhealthful atmosphere and impure water of the camp at Fernandina; therefore, be it

Resolved, That in behalf of the soldiers themselves and their relatives and friends in this city, that the secretary of war be respectfully petitioned to take such action as is necessary for the immediate removal of the One Hundred and Fifty-seventh Indiana regiment to the state of Indiana, there to be mustered out or to remain until such time as their active service is required by the government of the United States.

G. R. HENCH,
P. J. SCHEID,
SYLVESTER MCMAHON,
D. S. ECKERT,
A. W. CLARK,
Special Committee.

Adopted, and it was directed that a copy be sent to the governor of the state and secretary of war.

PRACTICAL QUESTIONS.

Bankers Convention in Denver Takes Up Business Topics.

DENVER, Aug. [illegible] — [illegible] day's session of the twenty-fourth annual convention of the [illegible] Bankers' association was called to order [illegible] o'clock, with practically a full attendance of delegates. Prayer was offered by Rev. H. Martyn Hart, dean of St. John's cathedral.

Today's session was devoted to the discussion of practical banking questions. There were four general subjects under discussion, thirty minutes being allotted for each and only five minute speeches being allowed. The first subject was, "Practical Spirit of Bankers." The discussion was opened by J. D. Powers, president of the First National bank, of Owensboro, Ky.

Lincoln's P[illegible]

[illegible] Lincoln [illegible] Joshua [illegible] "Let me look at you. Ways awful risky, it's tacklin' for a little rag on one of your eyebrows."

War Afield and Afloat.

A generation has passed since the battle cry of America was silenced by the Angel of Peace; so long an interval that even veterans have almost forgotten the part they played in the great tragedy, while the masses, being without experience, have no appreciation of the true significance of war. Aroused from our happy reveries and peaceful pursuits by Cuba's appeals and Spain's inhumanities, the plowshare again gives place to the sword, and the national emblem is flung to the breeze amid bugle blast and drum beat, that echoes from shore to shore. "Our Nation in War" is the pictographic record of this conflict against Spanish barbarism and cruelty, which will picture by photograph and graphic drawings the chief incidents of our conflict with Spain, and by reproduction of the most famous paintings in the galleries of states and the nation, will illustrate the memorable events of American history; noted battles by land and sea; incidents of thrilling heroism; and representations of the ships, weapons, fortifications and military resources of the country, thus presenting pictorially and descriptively the struggles and the victories of the United States from 1776 to 1898. Each weekly number will contain sixteen or more stirring and instructive photographs of noted paintings and actual scenes connected with the wars of the century, showing objectively, aided by brief but well drawn text, the decisive engagements and personal heroism that have mightily influenced the nation, and make us the supreme power in the western hemisphere.

Parts 1, 2, 3, 4, 5, 6, 7, to be had at this office at 10c each, or same will be mailed on receipt of price.

The Spanish War is Over.

The people of Greater America will now be in a position to pay more attention to domestic affairs transpiring in our midst, among which we know of none more interesting to contemplate than the Trans-Mississippi and International Exposition, popularly recognized as our Omaha Exposition. The Columbian Exposition at Chicago in 1893 may have been of greater proportions, but we are assured the Great Omaha Exposition is in all essential particulars, possessed of equal merit. Reduced rates are authorized via the Nickel Plate road every day. Look out for special train excursions at low rates on dates to be announced later.

17-18-23 24

The most interesting portfolios published—"Our Nation in War." Parts 1, 2, 3, 4, 5, 6 and 7 are now ready and can be had at this office.

CHOOSE OFFICERS

[illegible] Fort Wayne Was Elected Secretary The Addresses

The afternoon session of the Sunday school convention of the Zion classis of the German Reformed church yesterday opened by devotional services led by Father Rettig of the orphans home Reports on the condition of the Sunday schools followed and then came the election of officers, which resulted as follows

President Rev G N Hirsch, of Marion

Secretary—H Rupp, of Fort Wayne

Treasurer—Henry Pohler, of Huntington

Rev F W Kruse, of Decatur, delivered an address taking for his topic the question "How May Children Who Go to Sunday School, but Not to Church be Won Over to the Church" He took the ground that it depended on the parents who are chiefly responsible for the child's inclinations To reach such children one must influence the parents

Rev G M Hirsch handled the question, "Who Should be Superintendent of the Sunday School taking the ground that all members of the congregation should take an interest in teaching the little ones, instead of leaving that duty wholly to the pastor In the discussion which followed it was decided that a member, assisted by the pastor, should be the superintendent

Rev C H Schoepfle spoke on "Encouraging the Sunday School, and at the conclusion of his address the convention adjourned

The classis was in session after adjournment, examining a candidate for clerical orders E Werkman of this city who has passed the theological course In the evening there was a German service in the church led by the Rev Ruf, of Berne

Sessions were held this morning and afternoon and the visitors were tendered a banquet in the church parlors Later they enjoyed a visit to Robison park

U. S. CONSUL
CURED OF
ECZEMA
BY
CUTICURA
I had an attack of Eczema, and ordered a box of oxide of zinc ointment. The first application changed the Eczema to hell-fire, which seemed unquenchable. The druggist had used a rancid cerate and I was poisoned. A local physician did not help matters, and everything else failed to help, or made it worse. I was becoming desperate, when I thought of CUTICURA REMEDIES, and dispatched my servant for a cake of CUTICURA SOAP and a box of CUTICURA (ointment). The first application relieved me and in three days I was well.

ARE COMING HOME.

Fort Wayne Soldiers Will be Mustered Out.

Orders Issued for One Hundred and Fifty-Seventh.

Twenty-Eighth Light Battery Also to Quit Service.

War Department Begins the Important Work of Disbanding the Mighty Armies of Volunteers.

WASHINGTON, Aug. 24.—Orders have been issued for the mustering out of the following regiments:

First Vermont, First Maine, Fifty-second Iowa, Sixth Pennsylvania, Second New York, Second Nebraska, One Hundred and Fifty-seventh Indiana, all infantry; also battery of Ohio light artillery, First Illinois volunteer cavalry, batteries A and B, Georgia light artillery, Twenty-eighth Indiana light battery and the New York and Pennsylvania cavalry troops now in Porto Rico.

Other orders to muster out troops will be announced as soon as definite decisions are reached.

RAILROADS RUSHED MOVING TROOPS.

CHICKAMAUGA, National Military Park, Aug. 24.—The Eighth Massachusetts, Twelfth New York and Twenty-first Kansas left Camp Thomas today for Lexington, Ky., where they will camp until further orders. Other regiments were ready to move but on account of lack of railroad facilities were unable to do so. General Breckinridge is now making the removal of troops his main business and the regiments under orders are kept working until they are ready to go. The regiments of the second brigade, second division, first corps, will begin moving to Knoxville. The First Illinois cavalry is expected to leave at an early hour tomorrow for Chicago, arriving at its destination Friday night.

The commissary supply depot, which has been located at Chattanooga for several months, is to be moved at once to Huntsville, Ala. Major Nye, commissary of subsistence, began today preparing for the move. A large amount of supplies is now on hand.

This corps will begin moving to Huntsville as soon as the remaining regiments of the First corps gets to Knoxville and Lexington. Huntsville is to have by far the largest camp in the south. When the regiments ordered there arrive, there will be about 40,000 men at the little Alabama village. The place is well watered, healthy and in every way adapted for a camping ground.

ALGER PAYS VISIT TO CAMP WIKOFF.

NEW YORK, Aug. 24.—The report of the condition of the men on the Yale which arrived off Camp Wikoff, Montauk Point, L. I., last night, has not yet been made by the quarantine officers.

In the electrical storm which continued for four hours last night, the wind blew down many of the soldier's tents, twisted the wires about the camp, blew down the Red Cross hospital tent in the general hospital and caused havoc generally. Two tents were picked up from the ground and carried into the ocean.

The wrecking of five unoccupied tents in the detention hospital will prevent the landing of some sick soldiers on the transports.

This forenoon soldiers are busy fixing up tents which were blown down and putting the camp into fine shape again.

The large Y. M. C. A. tent, in which the soldiers spend much of their time writing to their relatives or reading, was also leveled by the gale.

The news that an order is soon to be issued at Washington to muster out the volunteers in camp, including the rough riders and the Seventy-first regiment, has been received with much satisfaction by the volunteer troops.

The transport Arcadia which arrived last night was inspected today. Captain Capron, father of Captain Capron, of the rough riders, who was killed at Santiago, is on board sick.

Secretary Alger arrived at the camp today on a special train. To a newspaper correspondent Secretary Alger stated that he hoped to make as thorough inspection as possible of the camp in the length of time he had at his disposal.

He rode with the army officers, who met him at the depot, to headquarters and as soon as he was recognized by the volunteers and regulars the secretary was loudly cheered.

Secretary Alger was especially interested in the condition of the sick men and how they were being cared for. He intimated that President McKinley was much concerned in the matter of properly caring for the sick soldiers.

The secretary will make a complete tour of the big camp before he returns to New York. He will also be fully informed when he leaves as to how the volunteers feel about their being mustered out.

For this reason he will spend considerable time in the camps of the Rough Riders and the Seventy-first New York.

It is said that Secretary Alger informed General Wheeler that he would stay in camp two or three days if necessary to make a thorough inspection of everything and devise some means for the relief and comfort of the soldiers, especially those in the hospital.

PUBLIC SCHOOLS TO OPEN IN SANTIAGO.

SANTIAGO DE CUBA, Aug. 23, 6:45 p. m.—(Delayed in transmission)—The conference between General Wood, military governor of Santiago and the local authorities with reference to opening the public schools has resulted satisfactorily, and places will be ready for 1,000 children on September 15. The salaries of the school commissioners have been fixed at somewhat reduced figures; the element of sectarianism has been eliminated from the management and an American basis of education have been proposed.

The San Juan arrived today from Guantanamo Bay bringing two companies of Hood's regiment and 107 bags of mail, delivered there by the Fern from Key West. It was the first mail matter received for ten days. When the Fifth regular infantry arrives for garrison duty in the city, taking the place of Hood's regiment, that will be transferred to San Juan de Porto Rico. Crane's immunes will be assigned to guard the Spanish prisoners of war.

The embarkation of the latter continues. Today 1,200 sailed by the transport Montevideo and 1,000 by the transport Pedro de Satrustegui. Thirteen hundred will leave by the transport Leon tomorrow.

The Spanish general, Linares, whom General Toral succeeded in command at Santiago prior to the evacuation, left by the Pedro de Satrustegui. There was a great demonstration by the Spanish soldiers on his departure.

The United States transport Minnewaska left today with ninety-five men of the Thirty-third Michigan volunteers, the Second regular cavalry, a balloon detachment of the engineer corps and about 250 men of the First District of Columbia volunteers.

ADMIRAL SCHLEY MUCH IMPROVED.

WESTPORT, Conn., Aug. 24.—This morning found Rear Admiral W. S. Schley greatly improved and everything now points to a speedy and complete recovery. The admiral passed a very comfortable night and arose with the other members of the Worley household at an early hour. The admiral announced today that he intends going to Washington tomorrow unless his physician absolutely forbids it.

A BOLD HOLD-UP.

Traveling Man Robbed by a Thug on Superior Street.

The Robber Gets a Gold Watch and $40 in Money—Police are On the Trail.

At 3 o'clock this morning a well-known traveling man reported to the police that he had been robbed of $40 in cash and a gold watch and chain. He was coming east on Superior street, and when about 100 feet west of Calhoun was stopped by a man who held a gun to his breast and demanded that he hold up his hands. The robber kept the gun pointed at the traveling man, and with the other hand went through the pockets of his victim.

The fellow who committed the robbery is about five feet eight inches in heighth, has square shoulders and weighs about 170 pounds. He wore a gray beard, which his victim believes was false. He sported a dark suit of clothes and a pair of eye-glasses, but wore his slouch hat drawn over his eyes.

While the police have no positive clue which points to the guilt of any particular person they have suspicions and two of three fellows are being closely watched and followed.

Convention Killed Him.

DAYTON, Ohio, Aug. 24.—Homer Parrott, of this city, dropped dead from heart disease today while attending the democratic state convention. He was a brother of Col. Ed Parrott, of Dayton, and of Col. Charles Parrott, of Columbus.

PEACHES! PEACHES!
Remember that the Early Yellow Crawford is the best flavored peach for canning that there is on the market. We will have in a car load (400 bushel) tomorrow forenoon. We are bringing them here to sell and they must go, so be sure and call early for they will be the finest car-load brought in this season.
Remember the place.
THE NEW KEYSTONE,
238 and 240 Calhoun St.
N. B.—The car will arrive on the Wabash and we will sell from the car and store both. Yours,
A. R. WALTER & Co.

William C. Ferguson this morning pleaded guilty to harboring a dog and was fined by 'Squire Tanbey.

The Walther League will hold an ice cream social at Swinney park this evening.

DO NOT TRUST SPAIN

Philippine Insurgents State Their Attitude.

They Want American or British Protectorate.

In That Case They are Willing to Disarm.

Will Not Lay Down Their Guns Under Spanish Domination—Conference Held in Manila.

MANILA, Philippine Islands, Aug. 24.—At a conference today between the insurgents and the Americans the former declared emphatically that they were willing to co-operate with the Americans and to surrender their arms promptly if assured that the islands would remain either an American or a British colony or under the protectorate of the United States or Great Britain.

Otherwise the insurgent leaders asserted they would not dare disarm but must positively refuse to do so. They threaten a fresh rebellion within a month if the Americans withdraw.

FIGHTING REPORTED IN THE PHILIPPINES.

MADRID, Aug. 24.—4:30 p. m.—The government has received a dispatch from General Rios, governor of the Viscayas islands and the successor of General Jaudenes in the governor generalship of the Philippines, saying that there has been bloody fighting between the Spaniards and the insurgents with an estimated loss to the latter of 500 men. The Spanish losses were "unimportant."

The dispatch says that a number of the insurgent chiefs were captured and shot. A sergeant of the gendarmes who attempted to incite a rising against the authorities barely escaped lynching at the hands of the populace. He was turned over to the courts and shot.

General Rios adds that he has organized six battalions of natives and Spaniards for the purpose of resisting a threatened invasion of insurgents from the island of Luzon, and also a small squadron to watch the coasts and rivers of Mandanao island and the Viscayas. The government is highly satisfied with the services of General Rios.

RELIGIOUS ORDERS ARE MAKING TROUBLE.

MANILA, Philippine Islands, Aug. 24.—The natives assert that the religious orders are instigating opposition to American supremacy.

Many Spaniards assert that they are eager to invest their fortunes in new enterprises but that they fear ruin if the Americans withdraw. A few monopolists, fearing competition, are secretly intriguing against the new regime.

Newspapers published in both the English and Spanish languages have already appeared.

The United States transports Rio Janeiro and Pennsylvania arrived today, the former bearing two battalions of South Dakota volunteer recruits for the Utah light artillery and a detachment of the signal corps and the latter the First Montana volunteers and 300 recruits for the First California volunteers.

GENERAL MERRITT HAS ASSUMED HIS DUTIES.

SAN FRANCISCO, Aug. 24.—A special from Manila, of Aug. 23, says: General Merritt has assumed the governor's duty and transferred the command of the eighth corps to Major General Otis.

Brig. Gen. G. H. Otis, of California, has been ordered to report to General Anderson and General MacArthur has been assigned to command the second division. Colonel Overshine, of the Third regulars, will command the brigade in place of General MacArthur.

CLOSING SALOONS IN CITY OF PONCE.

PONCE, Porto Rico, Aug. 24.—(Morning)—General James H. Wilson has assumed control of the district of Ponce and has ordered that all saloons shall be closed for three days, with a view to quieting the existing orders. They will be opened subsequently under special regulations. General Grant has established his headquarters here.

FIGHTING IN CUBA REPORTED IN SPAIN.

LONDON, Aug. 24.—According to a dispatch from Madrid to a local news agency, there has been serious fighting between the Spaniards and the insurgents in Cuba, in which the insurgents lost 500 killed and wounded.

The report cannot be confirmed from other sources.

A HOSPITAL TRAIN LEAVES FOR SOUTH.

PHILADELPHIA, Aug. 24.—The Philadelphia hospital train left here at 8:40 this morning via the Pennsylvania and Southern roads for Fernandina, Fla., to bring home the sick soldiers of the Third regiment, Pennsylvania volunteers, who live here. The train consists of four hospital cars, a baggage car, fitted up as a kitchen and medical headquarters and two Pullman cars for nurses, doctors and the committee of city councils under whose auspices the train is being sent south. The train is in charge of District Passenger Agent John M. Beall, of the Southern railway, and is due at Fernandina at 9:30 o'clock tomorrow morning. The train will bring back about seventy-five sick soldiers.

GENERAL MILES IS DELAYED IN PONCE.

PONCE, Porto Rico, Aug. 23, afternoon.—(Delayed in transmission) A cable message announcing that Mrs. Miles, accompanied by her daughter, Mrs. Colonel Rice, sailed for Ponce on the United States transport Obdam from Charleston last Saturday, will delay the departure of General Miles and his staff possibly several days.

During the attempt last night to locate a fire to the east of Ponce, a platoon of troop A, of New York, under command of Lieutenant Coudert, accompanied Lieutenant Davenport, of the signal corps, to Santa Isabel. The men had an exciting time, riding at a furious gallop after midnight and covering twenty miles in two hours. Lieutenant Davenport tapped the telegraph wires at several points without locating the fire. The party returned this afternoon utterly exhausted.

AUXILIARY CRUISERS AT CRAMPS' SHIP YARD.

PHILADELPHIA, Aug. 24.—The United States auxiliary cruiser St. Louis arrived at Cramps' ship yard today. The St. Paul, the sister ship of the St. Louis, is already at Cramps'. It is thought two months will elapse before the great ocean greyhounds will be in condition to be returned to the International Navigation company.

WEARY WAITING ON TRANSPORTS.

(Correspondence of the Associated Press.)

WITH THE TRANSPORTS, Montauk Point, L. I., Aug. 22.—It is weary waiting for the American troops on the transports anchored off Camp Wikoff. There is absolutely nothing to do on board, and the men lounge about the decks, seeking what scant shade that can be found under awnings and longing for the orders that will free them from irksome confinement. Again and again the men discuss the happenings of the days before Santiago. Plans are made for trips home whenever freedom finally comes.

Pay day is spoken of as many of the men are without money and the everlasting subject of something good to eat in the future fills all minds.

Fortunately the weather is cool. There is a good breeze every day, and in the evenings it is even chilly. Overcoats are brought out, and the warm corners behind the steamers' smokestacks are the spots most sought after. The men are poorly provided with clothing and the prolonged stay on the vessels has used up the supply of clean linen that the officers had carefully hoarded.

TYPOTHETÆ MEETS.

President's Address Speaks Hopefully of Employer and Employe.

MILWAUKEE, Wis., Aug. 24.—The United Typothetæ of America convened its twelfth annual meeting in the club room of the Hotel Pfister today with about 150 delegates in attendance.

A. J. Aikens, president of the Milwaukee Typothetæ, and Mayor Rose welcomed the delegates to the city, response being made by Louis A. Weyman, of Boston.

President N. L. Burdick then delivered his annual address. President Burdick noted with pleasure that happenings of the past year affecting the business interest of those engaged in the printing and publishing business have been few and not of great importance and that minor disturbances have been brought to a satisfactory settlement in most cases.

"Employers and employes have begun to see, I trust," said the speaker, "that their interests are not antagonistic; that one side cannot succeed by crippling and harassing the other and that it is for their mutual interest to uphold and help each other in all lawful ways. I do not wish to intimate that the millenium has arrived, but surely the tendency should be in the direction of a harmony of interests; the workman doing what he can to enable his employer to make money enough to keep out of bankruptcy and pay his weekly salary list and the proprietor to pay his hands what he can consistently afford out of the profits of his business."

He then referred to the deaths of Wesley Washington Pasko, an honored member of the Typothetæ of New York, and Cyrene Blakely, one of the founders of the Typothetæ, of Chicago, and closed by thanking the gentlemen of the convention for their generous attendance.

The annual report of the executive committee, which furnished matter for discussion during the convention, was then read.

POLICE WILL EXCURT.

The Special Train Leaves Fort Wayne at 7 a. m. Tomorrow.

The policemen have completed arrangements for their big excursion which leaves for Rome City tomorrow morning at 7 o'clock. The program is complete and the roosters have been in daily training for their exhibition. The officers do not often have an outing together and they are certain to have a fine time tomorrow with their friends.

DOWN TO WORK.

The Ohio Democrats Meet in Convention.

Chairman Smalley Makes a Speech in Which he Discusses the Issues—Other Conventions.

DAYTON, Ohio, Aug. 24.—The democratic state convention assembled at 11 a. m. today, at the Fairview Casino, a suburban summer resort. The attendance of delegates was not as large as usual, but the factional fighting was more bitter than usual. For two days the factions, headed respectively by Joseph H. Dowling and Allen O. Myers, had contended for control of the convention, the state committee and the whole party organization. At the district meetings yesterday and at the committee meetings last night the fighting at times got beyond harsh words.

It was expected that the factions would fight on the floor of the convention and a large crowd of visitors assembled to witness the exhibition. The convention was called to order by W. W. Durbin, chairman of the state committee, who briefly reviewed the work of the last campaign. Prayer was offered by Rev. E. E. Baker, when the following temporary organization was announced: Chairman, Judge Allen Smalley; secretary, Col. W. A. Taylor; assistant, Martin J. Burke; sergeant-at-arms, L. D. Abell; assistant, Byron Bowers.

In taking charge of the convention Chairman Smalley made a long speech in which he touched upon all the great issues now prominent, specially those growing out of the war with Spain, concluding his speech as follows:

"The grand old democratic party has stood manfully by the administration in our war with Spain, but, at the same time, we commend our representatives in congress for the resistance they made to the war revenue measures. The gold men had their wrongful way, and an enormous bond war debt has been saddled upon our people, which the wealth producers of our country must ultimately pay. The honest, patriotic legal tender greenback, without the exception clause, should have been utilized to meet all expenses growing out of the war with Spain, so that our currency should not have been withdrawn from our ordinary business and commercial pursuits.

"The only hope for a political millenial dawn lies through a triumph of the people over monopoly. Democracy alone offers the correct solution of the troublesome questions that confront us. Let the liberty-loving, constitution-loving, trust and plutocratic-hating citizens of this country rally around the flag of democracy on the Chicago platform, with proper additions touching the Spanish war questions, and successfully conduct the successive advancing skirmishes until 1900, when 10,000,000 of American freemen will triumphantly sweep through the grand arch of victory, singing praises to Almighty God for our great deliverance and shouting for brotherhood, bimetallism and Bryan."

The resolutions adopted reaffirm the Chicago platform, endorse Bryan and his "conduct in peace and war," demand that the spirit of the congressional resolutions with respect to Cuba be observed and fully carried out.

The resolutions favor the building of the Nicaraguan canal, enlarging the militia of all states and reducing the standing army, oppose alliance with England or any other foreign power and demand that the United States senate take action upon the findings of the Ohio senate on the election of Marcus A. Hanna as senator.

FILLEY'S SUCCESSOR.

ST. LOUIS, Aug. 24.—Last night's festivities kept many of the delegates to the republican state convention up until a late hour and it was long after the scheduled time that they assembled in Music hall today and Vice-Chairman Cyrus P. Walbridge called the convention to order.

He immediately proceeded to the regular order of business, which was the placing in nomination of candidates for the position of chairman of the republican state central committee to succeed the veteran manager, Chauncey Ives Filley, who for many years has been at the head of the party in this state.

Herbert A. Hadley, assistant city counsellor of Kansas City, put in nomination Wallace Love, of that city. T. K. Aikins, of Hunnewell, Polk county, was nominated by Joseph Upton, of Bolliver. Hon. Matt Reynolds, of St. Louis, presented the name of W. L. Morsey, of Warrenton. Aikins was elected on the second ballot.

California Republicans.

SACRAMENTO, Cali., Aug. 24.—The republican state convention reconvened today and listened to the reports of the various committees. The balloting for governor will not take place until late in the day. The platform will endorse the administration of President McKinley and the annexation of the Hawaiian Islands and will strongly advocate the permanent retention of the Philippines.

CORTES CONVOKED.

Queen Regent Summons the Spanish Parliament.

Body Will Assemble in Early Part of September.

Royal Decree of Convocation Has Been Signed.

First of the Repatriated Spanish Soldiers Reach Corunna—Enormous Crowds Were Gathered.

MADRID, Aug. 24—3 p. m.—The queen regent has signed the royal decree convoking the cortes for September 5.

HAS NOT ORDERED BLANCO TO FIGHT.

MADRID, Aug. 24.—4 p. m.—The government definitely denies that it has sent an order to General Blanco instructing him to resume hostilities against the insurgents.

General Blanco has full liberty to act as occasion may require.

TNE REPATRIATED HAVE REACHED SPAIN.

CORUNNA, Spain, Aug. 24.—The Spanish steamer Alicante, with the first of Spain's repatriated soldiers who arrived from Santiago de Cuba, reached here today.

Enormous crowds gathered on the quays but were not allowed to get near the vessels for fear of the yellow fever contagion.

All the military and civil authorities were present.

Some of the sick will be taken to the Oza Lazaretto, where they will be quarantined.

Others will be kept five days in hospital ships before they are dispatched to their homes. Those who are in good health will be promptly disembarked.

CROWD YET THERE.

Fifty Thousand Strangers in Indianapolis.

All Is Not Lovely in the Supreme Lodge of the Knights of Pythias Convention.

INDIANAPOLIS, Aug. 24.—While a great many people who came here since Saturday have gone home there is still an immense crowd in the city, estimated at about 60,000 strangers.

The supreme lodge today continued at work on the charges of extravagance that have been made against the supreme officers by some of the representatives.

One of the members of that committee announced this morning that he would also bring a suit for libel in the United States court for the district of North Carolina as soon as he got home. While a strong fight is being made against the supreme officers it is understood that the present officers will be continued. Ninety votes have been pledged to Judge Carter, of California, for supreme vice chancellor, and in the event that he cannot be elected his strength will be thrown to some one against Charles E. Shively, who is being pushed for the place by the knights of Indiana. The supreme lodge has not yet got down to business, the investigation going on having taken up all the time of the representatives. J. H. Abbott, of Massachusetts, and J. D. Turner, of Virginia, this morning announced themselves as candidates for major general of the uniform rank, but the indications are that James R. Carnahan, of Indianapolis, will be re-elected.

A seat in the supreme lodge was refused this morning to Representative Berry, of Wisconsin, on account of the filing of a written protest that he secured his credentials in an irregular manner and he has demanded an investigation and a committee was appointed for that purpose.

This evening the supreme lodge will give a popular reception to all visiting knights at the state house. The major general reviewed the uniform rank at Camp Colgrove this afternoon. About 14,000 uniformed men were in the review.

The Knights of Khorassan this afternoon re-elected John A. Hinsey, of Chicago, imperial prince; H. W. Belding, of St. Louis, imperial secretary, and H. H. Stolte, of Chicago, imperial treasurer.

The laws of the order were amended so as to create offices for three supreme past imperial princes; changes were made in the constitution providing for the election of the alternate delegates, and there is no requirement now that the author of the ritual shall be a member of the order. The great parade of the Knights of Khorassan, in full Arabic costumes, will take place tomorrow evening, and will be the largest and most unique of its kind ever attempted. About 5,000 uniformed men will be in rank and the imperial officers will be escorted by the First Regiment Indiana Knights of Uniform Rank.

CANDIDATE KILLED.

Thomas M. Adams Foully Assassinated in Georgia.

COLUMBUS, Ga., Aug. 24.—Hon. Thomas M. Adams, democratic nominee for the legislature, has been assassinated at Giles, a country town in Chattahoochee county, remote from here. The deed was committed in a general row at a political gathering. A dispute between Jeff Davis, a negro school teacher, democrat, and William Bagley, populist nominee for the legislature, precipitated a general fight, in which several shots were fired. Mr. Adams was a bystander and received one bullet in the temple and one in the heart. Mr. Adams was very popular.

SHE WILL CONFESS.

Mrs. Botkin, Alleged Poisoner, is Breaking Down.

Arrested in San Francisco Charged With Sending Poisoned Candy to Mrs. Dunning in New Jersey.

SAN FRANCISCO, Aug. 24.—Detective Gibson, who assisted in the arrest of Mrs. Botkin, charged with the murder of Mrs. Dunning and her sister, states that he has no warrant for the arrest of any other woman. He thinks that Mrs. Botkin will break down and has taken precautions to prevent her from committing suicide. She was much agitated when told that she would have to stand trial on a charge of murder, but soon recovered herself and said that the charge would have to be proved. A trunk belonging to Mrs. Botkin was seized in this city today by Detective Seymour. Chief of Police Lees has not yet opened it and will not do so until formal extradition papers are received from Delaware.

MR. DUNNING TALKS.

DOVER, Del., Aug. 24.—John P. Dunning, whose wife and sister-in-law were poisoned by candy sent from San Francisco, has made a statement to the Associated Press. He says:

"I have talked with the attorney general and other state officials of Delaware disclosing all facts within my knowledge which could lead to the detection of the person whose act caused this tragedy. From the moment I learned of the fiendish murder of my wife and sister-in-law, upon my arrival in New York, from Porto Rico last Friday, my one desire has been that the guilty should be brought to justice. I have withheld nothing from the officials which could lead to the detection of the criminal. But for two reasons I must refuse to make any statements for publication. First, because it might defeat the ends of justice, and, second, because innocent persons might be involved. I will continue to maintain this course even at the risk of subjecting myself to unjust criticism."

LIGHTNING'S FLASH

Sets Fire to Two Barns Owned by Louis Oetting.

Both Structures and Most of Their Contents Were Completely Destroyed—Big Loss.

During the heavy storm early this morning lightning struck a barn on the farm of Louis Oetting in Wayne township south of the city. There were two barns on the place, one a handsome new structure. The flames carried from one to the other and it was impossible to save them. The horses and other live stock were taken out, but the machinery and 1,200 or 1,500 bushels of grain were burned. The loss will reach several thousand dollars. Mr. Oetting carried some insurance, but not enough to recompense him for the entire loss.

DEATHS AND FUNERALS.

The death of Fred H. Stonebrook, the four-months-old son of Mr. and Mrs. Thomas Stonebrook, occurred last evening at the home of the parents at 119 Fairfield avenue. The father is a painter at the Pennsylvania shops, and is quite ill himself.

TIERNEY.

John Edward Tierney, the two-year-old son of Mr. and Mrs. Edward Tierney, of 73 Melita street, died last night of summer complaint. The funeral will occur tomorrow morning from the residence, and at 9 o'clock from St. Patrick's church.

FISHER.

Ernest, the sixteen-year-old son of Jobest Fisher, of New Haven, died last night at Hope hospital. He was operated upon last Sunday for appendicitis. He was a member of the New Haven Cornet band.

Tugboat Sinks.

NEW YORK, Aug. 24.—The tugboat Marian, of the Pennsylvania railroad, sunk at South Amboy this morning. All the crew escaped except the pilot, James Honnooby, who was drowned.

THE MARKETS.

CHICAGO, Aug. 24.—Wheat—Aug., 67¢; Sept., 63¼¢; Dec., 61½@⅝¢; May, 63⅝¢.

Corn—Aug., 29⅝¢; Sept., 29¾@⅞¢; Dec., 29⅞¢; May, 32@⅛¢.

Oats—Aug., 19¾@⅞¢; Sept., 19⅝@¾¢; Dec., 19⅞¢; May, 22¼¢.

Pork—Aug., $8.90; Sept., $8.90; Oct., $8.87; Dec., $8.92; Jan., $9.65.

Lard—Aug., $5.10; Sept., $5.10; Oct., $5.15; Dec., $5.20.

Ribs—Aug., $5.15; Sept., $5.15; Oct., $5.17; Dec., $4.95.

Barley—No. 2 Sept., 41½¢.

Rye—Aug., 44¢; Sept., 40½¢.

Flax—Cash, N. W., 91¢; Sept., 89¼¢.

Timothy—Aug., $2.50; Sept., $2.27@ $2.30.

A. M. E. CONFERENCE

Notable Gathering of Colored Ministers.

Celebrated Bishop Arnett is Present.

One of the Great Leaders of His Race.

The Sessions of the Michigan Conference Began in the A. M. E. Church This Morning.

The most notable gathering of colored people ever held in northern Indiana began in Fort Wayne this morning, when the annual sessions of the Michigan conference of the African Methodist Episcopal church opened in the chapel of the local congregation on East Wayne street.

A large number of colored ministers are present and the sessions promise great profit and interest. The most illustrious minister present is Bishop Benjamin William Arnett, of Ohio, whose wonderful eloquence and power in the pulpit has caused him to be denominated the "Beecher of the colored church."

Another noted divine is Rev. William H. Butler, D. D., of Michigan, presiding elder of the conference. Rev. Butler is also an eloquent minister and quite famous.

Tonight one of the most interesting features of the conference will take place at the A. M. E. church. It will be a reception to the bishop and the visiting clergymen. Elaborate preparations have been made.

THE PROCEEDINGS.

It was late this morning before Bishop B. W. Arnett called the twelfth annual conference to order, addressing a few remarks to the delegates. Rev. G. W. Brown offered up prayer and then a chapter was read from Israel, "And are we yet alive."

A few remarks were made by many of the reverends present before a permanent organization was proceeded with. S. Simmons, of Ann Arbor, was elected secretary, the former secretary and assistant secretary having been transferred.

Rev. W. W. Clark, of Detroit, was chosen assistant secretary. Revs. J. F. Williams and Thornton Bocks were elected marshals and Rev. William Simpson postmaster of the conference.

Rev. Dr. Hurley was selected as reporter for the Christian Recorder and the Voice of Mission.

Among the transfers announced were those of Rev. Pettiford from the Illinois conference, and Rev. Clark from the Indiana conference.

Rev. Ballinger, of the United Brethern church, Rev. Johnson, of the Simpson M. E. church and Rev. J. A. Welmar, of the Baptist church were among the local reverends who visited the conference this morning. This afternoon Rev. W. D. Parr called on the conference. All these gentlemen were cordially received by Bishop Arnett and responded with remarks encouraging to the members of the Michigan conference.

A motion was made and adopted extending to the visiting members of the colored Masons the freedom of the conference, and they were invited to visit it whenever their time allowed.

Bishop Arnett appointed the following examining committees:

Admissions—Benjamin Roberts, Robert Miller and G. W. Brown.

First Year—G. B. Pope, J. I. Hill and J. W. Saunders.

Second Year—William Collins, J. S. Masterson and J. K. Hart.

Third Year—Louis Pettiford, Robert Miller and S. Simmons.

Fourth Year—W. H. H. Butler, J. H. Alexander and W. H. Brown.

Education—Rev. R. F. Hurley, W. H. H. Butler and G. T. Woodson.

Temperance—S. Simmons, J. K. Hart and Benjamin Roberts.

Missions, Circuits and Stations—W. H. H. Butler, J. H. Alexander and Benjamin Roberts.

Sunday Schools—J. S. Masterson, William Simpson.

Condition of the Church and Country—R. F. Hurley, Robert Miller and W. W. Clark.

Publication Department—C. F. Hill, J. S. Masterson and H. L. Haywood.

Bible Cause—J. K. Hart and J. E. Lyons.

Finance and Contingent Expenses—William Simpson, R. F. Hurley and Louis Pettiford.

Church Extension—William Collins and J. I. Hill.

Public Worship—William Simpson, W. H. H. Butler and G. W. Brown.

Dollar Money Committee—R. F. Hurley, W. H. H. Butler and G. W. Brown.

It was announced that Rev. R. French Hurley would preach at the United Brethren church this evening.

This afternoon's session was devoted to the raising of funds and the discussion of matters for the good and welfare of the conference.

Bicycle Freaks En Route.

SPRINGFIELD, Mass., Aug. 24.—E. Victor Sergeant and Robert McKisson, both of Lowell, passed through this city yesterday evening on bicycles on their way to San Francisco where they they must arrive by December 1 without the assistance of railroad or steamboat conveyance to satisfy a wager made by members of Vesper country club of Lowell.

C. J. WELKER,

[illegible] 118 Calhoun Street.

Final Reduction Sale of Summer Goods.

This week every department in our store will offer most extraordinary inducements in all lines of summer goods which must be closed out at once to make room for our unusually large Fall Stock.

Men's 50c and 65c summer shirts, reduced to 39c.

Ladies shirt waists that sold at $1.25 to $2.00, reduced to 75c.

Ladies' lawn wrappers worth $1.25, at 69c.

Ladies' vest 15c, worth 25c.

Ladies' black lisle hose 25c a pair, worth 39c.

7c outing flannel, 5c yd.

10c outing flannel, 8c a yd.

The Evening Sentinel.

BY E. A. K. HACKETT.

WEDNESDAY, AUGUST 24, 1898.

TONIGHT.

- Lawn Social—Given by members of the Church of the Redeemer at Swinney park; Walther League, at Swinney park.
- Prayer Meetings—At various city churches.
- Retail Clerks—Regular meeting union No. 10.
- Lodges—Fort Wayne Council, No. 4, R. & S. M.; Mechecunnochqua Tribe, No. 106, I. O. R. M.; Concordia Lodge No. 228, I. O. O. F.; Kekionga Council, No. 93, National Union; Fort Wayne Lodge, No. 1517; Eden Lodge, No. 1, Adams Royal Sons; Wayne Council, No. 35, Jr. O. U. A. M.; Degree of Honor, No. 26; Maumee No. 50, A. O. U. W.
- Robison Park—Mackey Opera company every afternoon and evening this week.

At all events, "let there be light."

Among the horrors of war deeply felt in New York is the fact that Colonel Jack Astor was compelled, while in Cuba, to wear a celluloid collar.

The Princess Kaiulani, of Hawaii, is a loyal American young woman. She believes in annexation, and as an evidence of her faith will annex an American husband.

The Ohio democrats appear to be violently indisposed to permit their friends the enemy to enjoy alone the circuses and other blessings to be had from a red-hot factional fight.

The story that John R. McLean had been slated to succeed Secretary Alger in the war department was what the square jawed guild would call a "fogy tale." And, indeed, it was. So bald was it that McLean himself, who seldom denies anything, felt constrained to authorize its denial.

The Warsaw National Union has been sold by Frank J. Zimmerman, who for thirty five years dispensed conscientious and consistent democratic doctrine through the columns of that newspaper. Mr. Zimmerman has worked hard and with a faithfulness that his party in republican Kosciusko could never substantially reward, but he has thrived and retires from the newspaper field, it is said, in comfortable circumstances, able to enjoy a rest that he must greatly need.

Priest Arezer of Flanders is home again, and from some of his statements of what he saw in this country, as made to a Brussels newspaper, it would appear that he was, at times, too highly entertained during his visit to this country. "The remarkable industries," he says, "are refining petroleum in New York, factories in Hartford, slaughter of pigs in Boston, Cramp's dockyards, the Baldwin Locomotive works and the agricultural methods near San Francisco." What he best remembers of some Sunday concerts he attended—though he doesn't say whether they were in Boston or San Francisco—is that the women chewed gum as they listened to the music.

Concerning the failure of somebody or anybody to invite Captain Sigsbee and his ship, the St. Paul, to participate in the welcome accorded the fleet at New York, although his ship was right there in the harbor, Admiral Sampson says the reception was a purely municipal affair. "I did not issue the invitations. I did not signal the St. Paul to follow because she did not belong to my fleet," he adds. This the secretary of the admiral supplements by pointing out that the St. Paul did not take part in the battle of Santiago, but he can scarcely mean this as the reason, or one of the reasons, for the failure of the cruiser to be recognized in the celebration, for, as everyone will remember, there was another ship which had no part in the battle.

Perry Heath, Hoosier and incidentally first assistant postmaster general, writes home from Europe, where he is making the most of present opportunities to impress the old world folk, as follows: "It's a genuine pleasure traveling in Europe since we whipped Spain. Europeans have believed that we wouldn't fight if we could, and couldn't fight if we would. Now they believe the reverse—that we are the bravest, most skillful and most dangerous foe on earth. Commercially and for respectable objects this is worth more than the rest of the war. President McKinley stands in Europe as the equal of Grant, Lincoln, Napoleon or Emperor William I. The first in all that humanity and war represent."

APPROVE THE CONTRACT.

The council is wearing hard on the public patience in delaying approval of the electric lighting contract. The contract prepared by the board of public works should be approved and the contention which is becoming acrimonious put aside.

As The Sentinel on a previous occasion said, the majority of the people of Fort Wayne are doubtless in favor of a municipal lighting plant. Such a project is, however, at the present time impracticable. The city cannot legally contract the obligations necessary to construct a plant and install a public lighting system. The thing for the council to do is to approve the lighting contract now before it and at the same time take steps in the direction of a fund to erect a municipal plant by the time the contract now pending shall expire. That will be practicable, satisfactory and an exhibition of common sense.

And it should be here stated that neither council nor public should treat with patience any devious scheme for accomplishing municipal ownership by any such means as Councilman Poirson's resolution proposes. The purposes of that resolution are as hard to follow as its grammar; and as a specimen of fearful and wonderful syntax the document is unique. The councilman who wants a serious hearing for municipal ownership will do well to be frank. The people want public lighting, but not by any system of perpetual contract to fasten forever on the city a blood sucking institution that shall exist in the name of municipal ownership.

Let the council ratify the contract now before it and follow that action with an ordinance that will begin the accumulation of a fund that will make municipal ownership possible.

PROTECT HOME CAPITAL.

Whenever it shall be necessary for the people of Fort Wayne to choose between loyalty to home capital and distinctively home enterprise and devotion to outside capital and interests, they will choose wisely and patriotically.

Such choice has been presented to the people of Fort Wayne in the telephone war which has been in progress for many months and which has within the past few days presented some new phases. The Home Telephone company is a Fort Wayne institution. It was conceived, projected, organized and established by Fort Wayne men and its stocks and its bonds are owned and held in this city. It therefore behooves all citizens to give moral and material support and encouragement to the Home telephone by continuing to patronize it. Low telephone rates were unknown in this city until the Home company installed its system. The monopoly that is seeking to wreck the company by ruinous competition will collect with abundant interest all it is giving away, once it gets the people again at its mercy, as it hopes to.

Other gigantic corporations, notably the express companies, are throwing their powerful influence to the great telephone monopoly in an effort to strangle the Fort Wayne institution. The people of Fort Wayne cannot on any account afford to abandon their support of the Home company. It is the one bulwark against exhorbitant telephone charges. Support of the local company should be united and determined so long as the monopoly is bent on prosecuting its war of extermination. It is an invasion that should be resisted with all determination. Home capital and home capitalists should be protected.

SITUATION SERIOUS.

Pana Miners are Much Incensed by Importation of Negroes.

Pana, Ill., Aug. 24.—Sheriff Coburn assembled 125 deputies at the city hall today, swore all in and gave them instructions to reassemble armed with Winchesters and meet a number of negroes expected to arrive from Alabama to work here in the coal mines.

Ten negroes arrived in Pana last night to take the places of white miners here who have been on strike for several months. The negroes were escorted to the city limits by a committee of miners and induced to leave town.

The strikers are being reinforced by union miners from over the state. The strikers today assembled near the Illinois Central railway tracks in large bodies awaiting the arrival of negroes. During the day a special train arrived in Pana from Birmingham, Ala., with two hundred negroes. The train was rushed through the city to the Springside coal mine, outside the city limits, where the negroes were unloaded under the guard of deputy sheriffs.

Several hundred miners were at the Union depot to meet the negroes and talk with them but were unable to do so. All the grounds at the Springside mine are under heavy guard and no citizens are permitted to pass the lines. The strike leaders have requested Governor Tanner to take action regarding the mining efficiency of the negroes, and he has answered that he will send state mine inspectors to examine the men.

THE COUNCIL ACTS.

Refuses to Pay More Than $85 Each for Street Lights.

Councilman Poirson Introduces a Resolution Providing for a Municipal Plant—The Curfew.

There were more people in the lobby of the city council chamber than usual last evening when Mayor Scherer rapped for the council to come to order. Most of them were employes of the Fort Wayne Electric corporation, who were present to see what disposition would be made with the city lighting contract. The matter came up immediately after the minutes of the previous meeting had been approved. Councilman Haag, who had signed the report of the committee of the whole, moved that the report of that committee be reconsidered, and Councilman Poirson moved to lay Councilman Haag's resolution on the table. The motion to lay on the table carried by a vote of 11 to 7, Councilmen Wheelock and Schwartz being absent when the vote was taken. The latter arrived at the council chamber later in the evening.

City Clerk Menning next read a petition signed by business men and citizens asking the council to approve the contract submitted by Mr. McDonald and the board of works. Councilman Scheid moved to refer the petition without reading to the committee on contracts and franchises and Councilman Ehrman opposed the motion. The council voted to hear the petition, which the clerk occupied an hour in reading. The board of works reported back the contract originally made with the company with the section providing for lamps at $120 and a rebate stricken out. A motion was made to refer the report to the committee on contracts and franchises. Councilman Bauer opposed the motion and believed it should go to the street light committee. The committee on contracts was given the report on a vote of the council. The Trades and Labor council submitted a resolution requesting the city to build a municipal lighting plant. On motion of Councilman Scheid, R. T. McDonald was permitted to address the council. He said the Jenney Electric Light and Power company would never accept the proposition of the council and the contract submitted by the board of works was the only one he would agree to.

Later in the meeting Councilman Poirson introduced the following resolutions, which were preceded by a long preamble reciting the cost of maintaining an electric light plant:

Be it resolved by the council:

First—That the Jenney Electric Light and Power company be required to refuse or accept the offer of $85.00 per annum on or before the meeting of the council on the 13th day of September, 1898, and in the event said offer is refused by said company, the board of public works is hereby directed to report same at once to the council; and,

Second—That in case said offer is refused by said company, then in that event the board of public works is hereby directed to at once enter into a contract with a local company, organized in the city of Fort Wayne, allowing said company the sum of $100 per light per annum; said lights to be of 2,000 candle power, operated on the same schedule as we now have, upon the condition that said company shall, after receiving the actual running expenses of the plant to be erected by it, including a reasonable rate of interest on the money invested, account to the city for the balance of the $100 per light each and every month, and that said balance be credited upon the original cost of said plant each and every month; and when said credits shall equal the original cost of the plant, said plant shall immediately become the absolute property of the city; and,

Third—In case the contract for lighting the city is awarded to such new company, the board of public works and the common council, jointly, shall have the exclusive right to determine upon what kind of plant shall be erected, where the power house, or power houses, shall be erected, the kind and character of all machinery purchased and shall have general supervision over the conduct of the business of said company.

Councilman Bauer moved to lay the preamble and resolutions on the table. His motion was defeated by the following vote:

Ayes, 9, viz: Bauer, Eckert, Ehrman, Haag, Hench, McMahon, O'Ryan, Schabler, Zurbuch.

Nays, 10, viz: Berkenstein, Buhr, Clark, Gerding, Hayes, Hosey, Lennart, Poirson, Scheid and Schwartz.

A motion to adopt was then carried.

OTHER BUSINESS.

Comptroller Berghoff then submitted his estimates for appropriations needed by the departments of the city next year. The total amount was fixed at $228,000, as announced in yesterday's Sentinel. The comptroller recommended that the water works trustees be compelled to pay the interest on the water works bonds. He also recommended that the levy be fixed at 95 cents, divided as follows: General purposes, 89 cents; sinking fund, 5 cents; firemen's pension fund, 1 cent. The recommendations were referred to the committee on finance and will be acted on at the next meeting of the council.

Hon. R. C. Bell addressed the council and suggested that they adopt resolutions requesting the governor of Indiana and President McKinley to have the Indiana soldiers moved north. Mayor Scherer appointed the following committee to draft resolutions: Councilmen Hench, Scheid, McMahon, Clark and Eckert. Appropriate resolutions were prepared and signed by the councilmen.

A claim of $150 against the city for damages received from a fall from his bicycle was presented by Samuel R. Baddeck. It was referred to the committee on claims and city attorney.

An ordinance submitted by Councilman Bauer providing for changing the name of the Northside park to Anthony Wayne park was referred to the committee on parks. Another ordinance submitted by Councilman Bauer prohibiting the burning of rubbish on public streets and alleys was referred to the committee on streets and alleys.

Councilman Eckert introduced a resolution calling on the school trustees to submit a report of last year's business. Carried.

The rules, regulation and ordinance committee reported in favor of the curfew law and later Councilman Schabler introduced a new ordinance, prohibiting children under the age of fifteen from being on the streets of the city between the hours of 9 p. m. and 4 a. m. from April 1 to November 1, and between the hours of 8 p. m. and 4 a. m. from November 1 to April 1 without the permission of their guardians or parents. The ordinance was read a first and second time, but Councilmen Scheid and Zurbuch voted against a suspension of the rules and the ordinance went to the committee on rules, regulations and ordinances.

In the case of Rebecca Smith, who was awarded damages against the city for injuries received during a parade of Ringling Bros.' circus, it was recommended that the city pay the claim and then proceed to collect the same from Ringling Bros., who show in Wabash August 31.

Residents of Columbia street remonstrated against the removal of the street railway tracks.

FAST SEARCHLIGHT.

Paces Two Heats at Dubuque in 2:04 1-2 and 2:04 3-4.

May Bloom Won the 2:23 Trot—Miss Logan Takes Two Heats in the 2:25 Pace.

Dubuque, Iowa, Aug. 24.—The 4,000 spectators who braved the threatened storm were repaid by witnessing the magnificent performance of Searchlight in the 2:07 pace. The wonderful four-year-old put to his credit the fastest heat of the season in a race—the 2:04½ of Chehalis at Columbus excepted—and the two fastest consecutive heats in a race. His victory against such a field was a popular one, and when McHenry landed him under the wire in the final heat a great cheer went up from the crowded amphitheater.

May Bloom, the favorite in the 2:23 trot, also encountered a fast field, and the performance of Borgenia in this race was particularly creditable. She drove out the winner in every heat and forced the favorite to stop the first in 2:13.

Miss Logan, though it was reported she had an injured knee, was good enough to reach the wire first in the the 2:25 pace. After the second heat the storm broke out and the race was postponed. The rainfall was slight, though the temperature fell considerably and an ideal day and track are promised for today.

The summaries:

RAIN AT GLENS FALLS.

Glens Falls, Aug. 24.—The grand circuit meeting opened here under quite unfavorable circumstances. At 2 o'clock there promised to be an afternoon of fine sport, but after two heats had been worked off one of the heaviest thunder storms of the season rolled down from the Adirondacks and flooded the ground and grand stand. The attendance was large for a first day, and included some of the best known horsemen in the country. In the 2:30 trot John Nolan won from Timorah in 2:13¼ and Helen Grace won a heat in the 2:40 pace in 2:25¼.

WOULD TEACH SPANISH.

Dr. Benjamin Andrews Believes the Language Will be Useful to Americans.

Chicago, Aug. 24.—Spanish will be added to the list of studies taught in the Chicago schools if Dr. E. Benjamin Andrews, the new superintendent, has his way. Chicago's new educational chief also favors the annexation of the Philippines.

Dr. Andrews says that when Cuba, Porto Rico, and the Philippines come under the control of this government, rich new fields for business enterprises will be opened to the young men of Chicago. For that reason he considers it fully as essential now to teach the Spanish language as German and French.

"Since we are beginning to spread out," said he, "and take in new territory, some of our school boys may want to seek their fortunes when they grow up, in these countries wrested from Spanish control. It would be greatly to their advantage to understand the Spanish language which is spoken by the common people of those islands."

Would-Be Murderer Sentenced.

Gibraltar, Aug. 24.—Owen Collan, the solicitor who shot and bludgeoned Hubert Birkin at the Bristol hotel, Tangier, Morocco, a couple of months ago, after Birkin had insured his life for £50,000 and had made a will leaving Collan £25,000, has been found guilty of intent to murder and sentenced to ten years' penal servitude.

HAYMAKERS WON.

Batted Norcum's Curves When Hits Meant Runs.

The Element of Luck Was With the Visitors. Toledo-Dayton and New Castle Shut Out.

The crippled Haymakers won the third game of the series by batting Norcum's curves when hits counted for runs. Luck was with the visitors. In the fourth when they scored four runs a pretty grounder went toward Fisher, but just before it reached him the ball took a high bound and passed three feet over his head. This was after one man was out and had the ball not taken the high bound the batter would have been easily out. The feature of the game was a catch of a high fly by Beecher. Brodie hit the ball and it was about to hit the left field fence when Beecher reached out, and as he collided with the fence grabbed the ball and Brodie was out. The catch saved at least two runs. In the ninth inning Belden and Norcum were on bases and nobody out. Two runs were needed to tie. Fisher went to bat and was foolishly ordered to sacrifice. He did. Griffin then went out on a short foul to Brett and Babb was an easy out. Score:

FORT WAYNE.

Other Inter-State Games.

TOLEDO, 8; GRAND RAPIDS, 10.

Toledo, Ohio, Aug. 24.—A small crowd saw a very poor exhibition of ball. The home team put up the worst game of the season and for two hours the visitors ran them a close second. The batting of the Grand Rapids team was a little more lucky and they were a little more assisted by errors. Carson was pounded out of the box and Wayne substituted. Terreyson was removed for using abusive language to the umpire. The score:

Gr. Rapids	4	2	0	1	0	0	3	0	*	—10
Toledo	0	4	0	3	1	0	0	0	0	— 8

Base hits—Toledo, 14; Grand Rapids, 14. Errors—Grand Rapids, 2; Toledo, 5. Batteries—Ewing and Arthur; Carson, Wayne and Cote.

DAYTON, 0; SPRINGFIELD, 15.

Springfield, Ohio, Aug. 24.—Poole was invincible, not a visitor reaching third base. Bates was wild and was hit freely, retiring in the seventh in favor of Lattimer, who was wilder than the former. Darrott's batting was the feature. The score:

Springfield	0	1	2	2	0	3	0	4	3	—15
Dayton	0	0	0	0	0	0	0	0	0	— 0

Base hits—Springfield, 15; Dayton, 2. Errors—Springfield, 1; Dayton, 5. Batteries—Poole and Grafius; Bates, Lattimer, Pequinney and Donahue. Umpire—Donovan.

YOUNGSTOWN, 13; NEW CASTLE, 0.

Youngstown, Ohio, Aug. 24.—Helberger was invincible. Umpire Lally put Ganzel out of the game for questioning a decision. Katz's batting and the fielding of Miller and Esterquest were the features. The score:

Youngstown	4	2	0	0	3	4	0	0	0	—13
New Castle	0	0	0	0	0	0	0	0	0	— 0

Base hits—Youngstown, 18; New Castle, 2. Errors—New Castle, 3. Batteries—Youngstown, Helberger and Schrecongost; New Castle, Minnehan, Hewitt, Barclay and Zuram.

Detroit, 4; Minneapolis, 1.
St. Joseph at Indianapolis—postponed.

MANAGER HANLON RESTRAINED.

Baltimore, Md., Aug. 24.—An injunction was served on the Baltimore Base Ball and Exposition company yesterday restraining it from suspending J. William Holmes, familiarly known as "Ducky," an outfielder, and preventing his earning his livelihood. Ten days is given President Hanlon to show cause why a permanent injunction should not be granted.

The suit was directed against President and Manager Edward Hanlon and Treasurer Harry W. Vonderhorst. Judge Phelps signed an order for the club to show cause before September 3 why the injunction should not be issued. In order to keep within the provisions of the national board's findings Manager Hanlon has already served a notice of suspension on Holmes. The injunction proceeding will not be warmly contested by the base ball company. Manager Hanlon does not intend to allow Freedman the slightest loophole to get out of paying his fine, but at the same time he is determined that Holmes shall not suffer.

Washington, Aug. 24.—President Vonderhorst, of the Baltimore base ball club, passed through Washington with his club, which was on its way to Cincinnati. Mr. Vonderhorst filed with Mr. Young, president of the league, a certified copy of the injunction secured by Holmes from the court in Baltimore, enjoining the Baltimore club temporarily from restraining him. He did this to show to the league that the Baltimore club had complied with the directions of the board of directors at the Philadelphia meeting. No further steps will be taken by the league until the decision of the court. In case the injunction is made permanent it is difficult to see how Holmes can be suspended.

NOTES.

Beecher is tough, but as a ball player is par excellence.

Kihm continues to play a sensational first base. He has no superior in the league.

The Fort Waynes go to Toledo tomorrow for five games, two of which may be played next Sunday.

Youngstown Telegram: "John A. Blakeney of Washington, upon recommendation of Cy Swain, was added to the list of Youngstown twirlers yesterday. He will report tomorrow and is said to be the equal of any pitcher in the Inter-State league."

HOPE FOR SILVER.

Moreton Frewen Believes the Indian Mints Will Soon Open.

Denver, Aug. 24.—G. G. Merrick has received a letter from Moreton Frewen, the noted British bimetallist, in which he expresses the hope that the party in this country which favors currency expansion will also favor national expansion. Regarding the currency experiment in India, he says:

"I understand that the commission now sitting—a commission carefully packed with complacent officials—are yet unable to get any evidence which they dare print which favors the gold standard in India. It cannot then be very long before the Indian mints re-open."

Mr. Frewen also says China will absorb an enormous quantity of silver "if the trade of those myriads is about to be unlocked by modern conditions of transportation."

Killed Her Husband With Roach Poison.

New York, Aug. 24.—Anton Wozonocski, a Pole of Jersey City, died today from the effects of a dose of roach poison administered to him by his wife, instead of rochelle salts for which he had asked. The drug clerk says she called for roach poison and he marked it plainly as such. Mrs. Wozonocski insists that she asked for rochelle salts.

FALL HATS

From time immemorial the 1st of September has sounded the "sunset gun" of the straw. It's bad form--very--to wear a straw hat longer--"but that's another story"--what we want to say to you is that the Fall blocks are now all in--the stock's complete, and handsomer Hats we've never handled.

THE

Howard Derby Hat

For which we are sole agents in Fort Wayne, is without question the peer of any $5.00 agency Hat on the market--but when we control anything the price is bound to be the lowest, and that's why we sell the Howard for $3.00.

Our Hats at $2.00 come in both Derby and Fedora styles, and in all the newest shades--no $3.00 Hat in town can touch these in the salient point of style, quality and finish.

At $1.50 and even at $1.00 we show both Derby and Fedora Hats that are really price wonders. Dealing as we do directly with the manufacturers, we are enabled to save you the jobbers' profit.

IN TROUBLE.

Grand Trunk Runs Against Dominion Government.

Violated the Law Upon Importing Laborers—Probably a False Rumor Concerning the Limited.

A dispatch from Hamilton, says: "A gang of about sixty Italian laborers have been imported from Buffalo by the Grand Trunk authorities to work on the double-tracking of the system between Hamilton and Burlington. Today a gang of Canadian workmen were discharged to make room for the imported Italians. The Canadians called on T. H. MacPherson, M. P., and asked to have the alien labor law brought to bear against the railway people and have the Italians sent back. Mr. MacPherson told them no officer had been appointed in this district to enforce the law, but gave them a letter to ex-Mayor W. N. McMurrich, of Toronto, who had been appointed by the Dominion government for that purpose, and who will be asked to investigate the circumstances and do what is necessary."

A NEW AND POWERFUL ENGINE.

Our former fellow citizen, William S. Morris, now superintendent of motive power of the Chesapeake and Ohio road, has designed a consolidation freight locomotive from which he expects great work. In its design Mr. Morris has retained as many as possible of the parts now considered standards, and has thus simplified construction and at the minimum cost. A railway magazine thus describes this engine:

"The most interesting features of the design are the great weight, and the large boiler capacity. The weight on the driving wheels will be 165,000 pounds and the total weight in working order, 181,000 pounds, or 11,000 pounds less than the weight of the big class H-5 consolidation "helpers" lately built by the Pennsylvania railroad. The tube heating surface of the Chesapeake and Ohio engine will be 2,596 square feet, and that of the fire box 230 square feet; the corresponding values for the Pennsylvania class H-5 are 2,720 square feet, and 197 square feet.

"The boiler of the Chesapeake and Ohio engine will be of the extended wagon top type, built of acid open-hearth steel to carry a working steam pressure of 200 pounds per square inch, and must be tested by the makers with a water pressure of 280 pounds per square inch. The boiler will be covered with magnesia sectional lagging, containing about 85 per cent. of carbonate of magnesia and jacketed with planished iron. The same covering will be used for the dome and cylinders, and the jackets of these parts will be sheet iron. The cylinders are to be twenty-two inches in diameter by twenty-eight inches stroke, and the driving wheels fifty-six inches in diameter; the driving wheel centers will be cast iron. The main crank pins only will be of nickel steel, the others being of high-carbon steel treated by the Coffin process. The driving axles and piston rods will also be of Coffin process steel, and the tender axles of hammered iron. The cross heads and driving boxes will be cast steel.

"The tender will weigh about 87,000 pounds when loaded, and will have a capacity for seven tons of coal and 4,500 gallons of water. The underframe will be of steel construction and diamond frame trucks will be used, having Simplex body and truck bolsters."

TROUBLES OF A RAILROAD.

The Detroit and Lima Northern road has a few troubles of its own at Wapakoneta, Ohio, just at present. The trouble with the Cincinnati, Hamilton and Dayton regarding a crossing has been settled, but not so the difficulties with citizens of the town. The company, it seems, made certain promises to the town if it would be allowed to build through it, but it refused to keep the agreements and the town decided to not let it build across the streets unless it lived up to its promises. A detail of police was put to watch the different streets and the company cannot cross them. It is constructing its tracks, however, between the streets.

TALK OF WITHDRAWING THE LIMITED.

This morning's edition of the Chicago Record says that there is a probability that the only two Chicago-New York limited trains now in existence, that of the Pennsylvania and the Lake Shore, will be taken out of service.

The Record adds that "the whole matter comes out of the determination of the standard lines to knock out the differential fares in the east. The plea for differentials has been chiefly based on the fact that the strong lines were able to, and did in fact, make better time to New York than the other roads could. Now the first-class roads are figuring that by withdrawing these limited trains they will deprive the differential roads of any plea for special consideration. A few days ago the Michigan Central withdrew its North Shore limited, which made the journey between Chicago and New York in twenty-four hours. This left only the limited trains of the Lake Shore and Pennsylvania making such time."

A SENTINEL reporter this morning called Superintendent C. D. Law's attention to the foregoing, and asked his opinion of it. He had heard of no intention to withdraw the Pennsylvania limited and did not believe the officials contemplated such a move. The limited is not a money-maker, Mr. Law said, but he thinks it will continue in the service.

A BOILER SALE.

Yesterday the Bass Foundry and Machine company secured a contract to build two boilers of 100 horse power each and a stand pipe twenty feet in diameter and twenty feet high for the town of Kaukauna, Wis. That city is putting in water works.

A SHOPMAN HURT.

The accident yesterday to August Kaado, of the Wabash shops, which was at first considered a trivial affair, proves to be more serious and the unfortunate man will do well if he is able to resume work inside of a month. While working under an engine, a drive wheel jaw wedge dropped from the jaw and alighted upon Mr. Kaado, bruising the right leg between the knee and the hip. This morning the injured man was unable to use the limb in the least and he suffered considerably.

FOUND A DEAD BODY.

The section men at Kirby, Ohio, on the Pittsburg, this morning discovered a headless body lying along the tracks just east of the crossing. The remains were turned over to the coroner and are now being held for identification. It is supposed to be a case of suicide.

FREIGHT AGENTS ENJOY A FEAST.

H. C. Medorwolf, agent of the Nickel Plate, entertained the other local freight agents at a 6 o'clock dinner last evening and later gave them a ride to Robison park. The meal was a sumptuous affair, served in six courses, and followed by a social session at cigars prior to taking the street car ride. The guests were Messrs. F. E. Sawyer, of the Pennsylvania; C. H. Newton, of the Wabash, and E. S. Philley, of the Lake Shore.

General and Local Gossip.

Nickel Plate Fireman C. Souder is sick and off duty.

Sickness keeps J. A. Wise from his work in the Pittsburg tank shop.

Nickel Plate Brakeman F. H. Wolf is off duty on account of sickness.

The Wabash pay car arrived in the city this morning at 9.35 o'clock.

G. Moyers, of the Pittsburg planing mills, is disabled by a big carbuncle on his neck.

C. H. DeRome has resumed his old place in the electric works after a lay off of six weeks.

Jim Young, a switch-tender for the Pittsburg at the east yards, is at Van Wert on a brief visit.

John C. Maury, of the Pittsburg shops, has gone to Kalkaska, Mich., to remain a week on his farm.

The Chicago Great Western has a weed burning car which it is using with marked success on its lines in Iowa.

Charles Smith, a carpenter at the electric works, is sorely afflicted with hay fever and is unable to work.

W. E. Hunter, of the Wayne Oil Tank company, has gone to Cleveland to attend to some business for the firm.

Machinist Louis Seibt has gone to Columbia City to set up a Bass engine in the power plant of the Ruch Brothers.

Charles Young, of the draughting department of the Bass works, is on duty again after a two weeks' visit in Detroit.

Fireman A. Lawson, of the Nickel Plate, accompanied by his wife, left yesterday for Milwaukee for a ten days' visit.

New names on the sick list of the Pittsburg blacksmith shop are Casper Lehmkuhler, Henry Dryer and Michael Gans.

M. Griley, the Nickel Plate fireman, who had been sick several days, resumed his duties on the road yesterday.

The Nickel Plate trainmen were well represented at the park theater last evening, there being twelve or fifteen of them present.

Mrs. F. I. Stump, wife of the Findlay trainman, and her daughter, are visiting friends and relatives in Tiffin and Bellevue, Ohio.

L. G. Dailey resumed his duties as clerk at the Pittsburg machine shop this morning, after a ten days' stay at Rome City with his family.

Mr. and Mrs. George Moore have returned home after a visit to the Omaha exposition. Mr. Moore is a passenger engineer on the Nickel Plate.

That part of the Illinois Central system running from East St. Louis to Belleville, fourteen miles, will be converted into an electric line, the better to accommodate suburban travel.

Jacob Schaefer this morning resigned a position in the lumber department of the Pittsburg shops and took a position in the foundry department of the Kerr Murray works.

The Terre Haute car works last week received an order from the Iowa Central road for 100 box and 150 coal cars, to be standard in every respect, and to be delivered in October.

O. W. Fassett, a machinist, had his lips badly cut this morning by being struck by an iron wedge, which rebounded when he struck it. He had to quit work and seek the aid of Dr. G. C. Stemen.

The directors of the Fort Wayne and Jackson road have declared a dividend of 2¼ per cent. on its preferred stock, payable September 1. The road has no common stock, being leased to the Pennsylvania.

W. H. Hill, of S. F. Bowser's oil tank works, has been called to Grand Rapids by the serious illness of his mother. Mrs. Hill will soon be ninety years old and little hopes are entertained for her recovery.

James Muirhead, chief engineer of the Phoenix engineering works, St. Petersburg, Russia, and Arthur G. Hopper, machinery builder, of Leeds, Eng., are visiting the locomotive works of this country and other important iron industries.

It is now stated that the Ohio Southern road will be sold on September 29, at foreclosure sale, and it is further stated that the Brice syndicate will secure the property, now having securities in its possession to justify such statement.

D. D. Streeter & Co., of Chicago, have the contract to build the extension of the Lake Erie and Western road from Akron, Ohio, to Niles, and Ryan & McDonald the contract to build the line from Niles to New Castle, Pa. The distance from Akron to New Castle is eighty five miles.

J. D. Lause, a railway brakeman, has transferred his services from the Wabash to the Nickel Plate. Formerly he ran on local between Toledo and Fort Wayne and resided in the former city. He is now at Toledo packing up his household furniture, preparatory to moving to this city.

Last night the local lodge of Modern Woodmen completed arrangements with the Lake Erie and Western road for the excursion to Rushville on Monday, Sept. 5, when the state log rolling takes place there. The Woodmen will be accompanied by the Olympia band and they expect to take 300 or 400 excursionists.

Business men's excursions to large cities are becoming very popular, especially with the wholesalers, who are thus enabled to sell goods without the expensive travelling salesman. The wholesale merchants of Cleveland have arranged with the Nickel Plate and other lines running into that city for an excursion some time in September.

Captain Stoll is in receipt of a letter from F. M. Butcher, the man who resigned a position on the Pennsylvania police force to enter the service of his country. He enlisted as a private in Company C, United States Volunteer engineers, and has arisen in the ranks until he is now first sergeant. His company is stationed at Camp Wikoff, N. Y.

Some time ago the American and Adams Express companies "consolidated" in the maintenance of offices at many Indiana towns. This method has been very unsatisfactory, and at a number of places, notably Anderson, Crawfordsville, Greencastle, Franklin and Columbus, each company is again maintaining a separate office and agent.

The large picture of Pennsylvania police department officials and patrolmen mentioned in THE SENTINEL a few days ago, has arrived, and now occupies a conspicuous place on the wall of the captain's office. In the center of the group is the photograph of Captain Henry Stoll and on either side are the pictures of his four lieutenants, Messrs. W. M. Somers, A. M. Fox, I. B. Dreeson and E. Distel. Surrounding this quintet are the pictures of the patrolmen, thirty-one in number, the whole making a very pretty piece of wall decoration.

THE FARMERS' OUTING.

They Will Have a Great Time at Robison Park Tomorrow.

Tomorrow will be farmers' day at the park and a great day it will be, too. Last year there were farmers on the grounds until further orders. They came by rail, by wagon, on horseback and on foot, and one fellow even landed in a parachute, but he was hired to do it. This year promises to eclipse last year in point of attendance. One of the interesting events of the day will be the barbecue. Ten beeves and 900 loaves of bread will be distributed and all without fee or charge of any kind. The barbecue will be held about noon and everybody will be made welcome. One of the special features of the day will be a balloon ascension and parachute drop by Miss LeRoy, queen of the air.

SAID PASHA TONIGHT.

There were over 500 people at the park theater last evening to witness the first production of "Olivette" by the Mackay Opera company.

Tonight "Said Pasha" will be repeated and the advance sale indicates that the first production on Sunday was pleasing. The reserved seats are already pretty well taken. Since the first presentation several voices have been added to the chorus and the orchestra music has been revised.

From September 5th to 10th, there will be a great gathering of the boys of '61, at Cincinnati, for their National Encampment. The Nickel Plate road sells tickets to that point at very low rates. For complete information, address any agent of the Nickel Plate road, or B. F. Horner, general passenger agent, Cleveland, Ohio.

SAVE THE BOYS.

Mass Meeting Held in the City Hall Last Night.

A Petition Prepared and Sent to President McKinley Asking Him to Send the Soldiers North.

The city hall was comfortably filled last evening with citizens who came to discuss the best manner of protecting the lives and health of the young men who went south as volunteers to fight for their country.

The meeting organized by the election of Col. C. B. Oakley as chairman and Capt. Pet. Ryan as secretary. Speeches were made by Dr. C. B. Stemen, Rev. P. J. Rice, P. W. Kiel, Hon. R. C. Bell and others. Many ladies were present. The following telegram was ordered sent to the president:

"FORT WAYNE, Ind., Aug. 23, '98.

"To the president, the Hon. William McKinley, Washington: We, the citizens of Fort Wayne, Ind., in mass meeting assembled hereby petition your excellency to use your utmost power to remove to the north the Indiana troops, especially the One Hundred and Fifty-seventh Indiana regiment at Fernandina and the Twenty-eighth battery at Camp Thomas, Ga. We are informed that the condition of the boys is little less than deplorable, that the fever is spreading and that they are all liable to the disease since their systems are full of the malaria.

"Our boys went out cheerfully and we believe that should necessity compel, they would be as ready to go again, and we earnestly petition you to listen to our prayers and do all in your power to save our boys' lives by sending them to the north. We present Fort Wayne as a desirable camp ground."

The telegram was signed by members of the committee who immediately dispatched it to the president at Washington.

COUNCIL PETITIONS.

A committee appointed by the city council prepared the following petition, which was unanimously adopted:

Whereas, There are now with the One Hundred and Fifty-seventh regiment, Indiana volunteers, now in camp at Fernandina, Fla., two companies of Fort Wayne soldiers; and,

Whereas, The war with Spain is now practically at an end and the government of the United States does not now require the services of this volunteer soldiery; and,

Whereas, The health and lives of these soldiers are endangered by the unsanitary conditions, unhealthful atmosphere and impure water of the camp at Fernandina; therefore, be it

Resolved, That in behalf of the soldiers themselves and their relatives and friends in this city, that the secretary of war be respectfully petitioned to take such action as is necessary for the immediate removal of the One Hundred and Fifty-seventh Indiana regiment to the state of Indiana, there to be mustered out or to remain until such time as their active service is required by the government of the United States.

G. R. HENCH,
P. J. SCHEID,
SYLVESTER MCMAHON,
D. S. ECKERT,
A. W. CLARK,
Special Committee.

Adopted, and it was directed that a copy be sent to the governor of the state and secretary of war.

PRACTICAL QUESTIONS.

Bankers' Convention in Denver Takes Up Business Problems.

DENVER, Aug. 24.—The second day's session of the twenty-fourth annual convention of the American Bankers' association was called to order by President Hendrix at 10 o'clock with practically a full attendance of delegates. Prayer was offered by Rev. H. Martyn Hart, dean of St. John's cathedral.

Today's session was devoted to the discussion of practical banking questions. There were four general subjects under discussion, thirty minutes being allotted for each and only five minute speeches being allowed. The first subject was, "Patriotic Spirit of Bankers." The discussion was opened by J. D. Powers, president of the First National bank, of Owensboro, Ky.

Lincoln's Pioneer.

Abraham Lincoln's western pioneer, always on the lookout for danger and ready to magnify it beyond its true proportions, is only one of a large class of people who use up, in one way and another, a good deal of vitality which might be profitably applied. Mr. Lincoln's old backwoodsman had very heavy, overhanging eyebrows, and wore big spectacles with brass rims. One day he came rushing into his cabin, and seizing his rifle, aimed it carefully through a crack of the door at a great oak tree that stood near, and fired. "What is it?" whispered his wife. "A wildcat, Sairy, the orneriest wildcat you ever see, an' I missed him!" He hastily loaded and fired again, and then again. "Now hold on, Joshua," said his good wife. "Let me look at you. Why, lawks-a-daisy, it's nothin' but a little bug on one o' your eyebrows."

War Afield and Afloat.

A generation has passed since the battle cry of America was silenced by the Angel of Peace; so long an interval that even veterans have almost forgotten the part they played in the great tragedy, while the masses, being without experience, have no appreciation of the true significance of war. Aroused from our happy reveries and peaceful pursuits by Cuba's appeals and Spain's inhumanities, the plowshare again gives place to the sword, and the national emblem is flung to the breeze amid bugle blast and drum beat, that echoes from shore to shore. "Our Nation in War" is the pictographic record of this conflict against Spanish barbarism and cruelty, which will picture by photograph and graphic drawings the chief incidents of our conflict with Spain, and by reproduction of the most famous paintings in the galleries of states and the nation, will illustrate the memorable events of American history; noted battles by land and sea; incidents of thrilling heroism; and representations of the ships, weapons, fortifications and military resources of the country, thus presenting pictorially and descriptively the struggles and the victories of the United States from 1776 to 1898. Each weekly number will contain sixteen or more stirring and instructive photographs of noted paintings and actual scenes connected with the wars of the century, showing objectively, aided by brief but well-drawn text, the decisive engagements and personal heroism that have mightily influenced the nation, and make us the supreme power in the western hemisphere.

Parts 1, 2, 3, 4, 5, 6, 7, to be had at this office at 10c each, or same will be mailed on receipt of price.

The Spanish War is Over.

The people of Greater America will now be in a position to pay more attention to domestic affairs transpiring in our midst, among which we know of none more interesting to contemplate than the Trans-Mississippi and International Exposition, popularly recognized as our Omaha Exposition. The Columbian Exposition at Chicago in 1893 may have been of greater proportions, but we are assured the Great Omaha Exposition is, in all essential particulars, possessed of equal merit. Reduced rates are authorized via the Nickel Plate road every day. Look out for special train excursions at low rates on dates to be announced later.

UTAH KIDNEY BEANS

The Great Kidney and Bladder Remedy.

A sure the cure for Bright's Disease, Diabetes, Dropsy, Stone in Bladder, Gall Stones, [illegible] Retention in Urine, Sediment in Urine, [illegible] Difficulty in Passing Urine, and Bed Wetting of Children, Rheumatism, Dropsical Swellings, Pains in the Back, Irritation and Pains in the [illegible], Palpitation of the Heart, Pains Under the Shoulder Blades, Extreme Pain in the Loins, Sallow Complexion, Blotches, Continuous Headache, Lame Back.

Beware of Liquid Kidney Remedies!

People suffering [illegible] should not be fed on Alcohol, it aggravates the disease. Utah Kidney Beans are solid; they are concentrated, and they act directly on the kidneys.

Rev. Robert Hull, an eminent clergyman of the Baptist Church, residing at [illegible], Tennessee, [illegible] Utah Kidney Beans for the great relief his wife received from using them. Rev. Mr. Hull is known from one end of the State of Tennessee to the other having been in the ministry for over half a century. This good man would not endorse a [illegible] unless he knew beyond the shadow of a doubt that it was worthy. Therefore, such endorsements give Utah Kidney Beans a standing that no other kidney remedy in the country has. Mrs. Hull received great benefit from the use of Utah Kidney Beans; they gave her new strength and health. They will lift all sufferers from kidney troubles out of sick beds and restore them to vigorous health. Strength begins to return after the first few doses.

Utah Kidney Beans, made by the Turners of Philadelphia.

Turners' Little Liver Turners—A very small pill. Turns your liver. A true laxative. No after-dinner pill. As gentle as the dew.

A Cure for Dyspepsia.

I was troubled with liver trouble, and my stomach was out of order, and after eating my breakfast would throw up what I eat. It went on this way for about two years. At last, after trying other remedies without any good effect, I was induced to try Ramon's Liver Pills and Tonic Pellets. After using one or two boxes I found myself in a healthy condition. I use them occasionally yet, always when in need of pills. I consider them the best pill on the market, and feel safe in saying that they are the finest things ever used.—John Livesay, Luther, Hancock Co., Tenn.

Its notable that Dewey didn't tie the cable till his work was done.

GENERAL ALGER has begun too late his effort to find out what is wrong in the big soldier camps. The boys are going home.

Soon affairs in Washington will be in a normal condition. Mark Hanna has resumed the use of "we" when speaking of the government.

FROM Washington come the odors of scandal in the war department. President McKinley more than any one else will profit by an investigation. The people believe his hands are clean and it should be demonstrated.

THE council has shown a majority in favor of the curfew law and the ordinance will pass at the next meeting. That it was not passed Tuesday night was due to the objection of two members, one of whom on his feet declared that he "believed boys and girls should be allowed liberty; didn't see no good in a curfew law anyhow." It will pass, nevertheless.

WHEN returning gold hunters arrived at San Francisco from Alaska the other day they were told that the war was over, and one of them responded: "Well, it's all over with the Klondike, too." This seems to express the exact situation. Undoubtedly gold will continue to be taken from the mines and new mines will be developed, but the efforts of promoters and capitalists to resurrect the boom is evidently destined to failure. The Klondike has ceased to be attractive for the men who would grow rich in a hurry.

IN the forthcoming annual report of Pension Commissioner Evans it will be shown that on June 30, 1897, there were on the rolls 976,014 pensioners. To this must be added 6,862 original claims granted but not recorded and 762 restorations. Commissioner Evans granted 63,648 original claims during the past year and restored 1,089 pensioners to the benefits of pensions. The pensioners now aggregate 1,010,356. More pensions were granted last year than any time from 1859 up to 1880. The pension office has done nothing with the claims that have been filed as a result of the war with Spain. They do not aggregate a hundred, and for the most part are claims of widows and next of kin for the boys who fell before Santiago.

THERE is in charge of a committee of the city council an ordinance now on its second reading that provides for changing the name of Northside park to "Mad" Anthony Wayne park. The main purpose of the ordinance is admirable. The name at present borne by the park is neither euphonious nor significant. To call it after the great Indian fighter and revolutionary hero whose name this proud city bears will be quite the thing. But let the name be plain Anthony Wayne park, without making it grotesque with the sobriquet of that warrior. It would be quite as sensible and no more shocking to good taste to call one of our parks "Crazy Bill" Sherman park and another "Bull" Shafter park. The council should not run too much to madness in the matter of names.

DEALING WITH THE CUBANS.

Some special press telegrams from Santiago, which seem to be reliable, declare that the Cuban soldiers are laying down their arms and returning to peaceful avocations, some of them in the city of Santiago and some in the country districts. They are doing this in response to the advice of General Lawton. The American commander is allowing complete freedom to all the insurgents who are willing to do this. The prospect of being able to labor and trade in peace, with no danger of being robbed of any of the products of their industry, must be alluring to many thousands of the armed Cuban soldiers who have been campaigning for three years amidst great hardships and with barely enough food to keep them alive, and the policy of encouraging them to return to industrial pursuits ought to have the effect of rapidly disintegrating the forces that have been fighting for freedom.

The Cubans have within their grasp now just what they have been contending for—a chance to live in peace, to enjoy the fruits of their labor, without danger of confiscation or being plundered of all their profits by excessive taxation. While the United States is in control of the island the industrious, well meaning people of Cuba are certain to remain undisturbed in the possession of all their rights, of person and property. Their lives, under these conditions, will be in such marked contrast with what they have had to endure for past years that distrust of the United States will rapidly give way to complete confidence in the high purposes of this country, except among lawless classes who have been fighting merely with the bandit's pleasure in a fight, instead of for the noble purpose of securing freedom for the people.

There will be, doubtless, a few selfish, ambitious leaders who will incite opposition to this country's occupation of the island because it means failure for some of their schemes of self-aggrandizement. But if the great mass of the Cuban insurgents are as deeply concerned in securing the pacification of the island and the freedom of the people as they claim to be, and as they ought to be, the problem of dealing with the insurgents in the interim between the evacuation by the Spaniards and the establishment of a new permanent government should not present any serious difficulties.

DEAD AND DYING.

Hotel Guests Poisoned by Eating Ice Cream.

Flavoring Extracts Purchased From a Peddler—A Tragedy at a New York Summer Hotel.

MIDDLETOWN, N. Y., Aug. 25.—Ice cream prepared with lemon extract purchased from a traveling salesman a few days ago has caused the death of three persons, and a score of others are sick and more fatalities are expected. The deaths are:

Mrs. Herman Michaels, No. 613 Ninth avenue, New York.

Mrs. William Seder, of Mount Vernon, N. Y.

Robert Jones, a farmer, living near Greenfield, Ulster county.

The dangerously sick are:

H. J. Harding, New York; Herman Ausderah, Mount Vernon; Mark Holmes, New York; Mrs. Snyder and daughter, Louise, Mrs. Hanson, Mrs. C. E. Allen and two children, all of New York; Mrs. D. A. Osborn, Newburg; Mrs. Katharine Taylor, Philadelphia, Pa.; Miss Alice Cleaton, Brooklyn, N. Y.; Otto Seifert, New York; Mrs. H. A. Stuthoof, Brooklyn, N. Y.; Henry Weber, New York; Mrs. Arthur Jones and sons, Floyd, Ward and Edward, of Greenfield, N. Y.; Mr. and Mrs. William Jones, of Mountaindale.

These constitute nearly all summer guests at Arthur Jones' cottages at Greenfield, which is about five miles from Mountaindale, and the proprietor's parents and his family. The ice cream was eaten at Sunday's dinner and about 9 o'clock that night Mrs. Seder was attacked with nausea. Soon after others were similarly attacked, and by midnight the two cottages were filled with the sick.

Dr. J. F. Curlotte, of Mountaindale, was summoned and he diagnosed the cases as ptomaine poisoning. He called Dr. Munson, of Woodbourne, and the two have worked incessantly. Mrs. Seder died Tuesday, Mrs. Michaelis Wednesday night and early this morning Robert Jones died. Dr. Curlotte believes six more deaths will occur.

POSSEL SUICIDES.

Was Charged With Murder of His Wife for Her Life Insurance.

PARIS, Aug. 25.—Ernest Joseph Possel, the German who had been trying to collect a claim of 10,000 pounds upon a life insurance Co., which had resisted payment on the ground that he had thrown her off a cliff near Florence, Italy, committed suicide last evening at the Durand restaurant, in the Place de La Madeleine.

Possel, who called himself the Marquis de Gondeville and pretended to be a French subject, was under heavy bail and the authorities had ordered the exhumation of the body of his wife.

The maiden name of Mrs. Possel was Eleanora Beckett and she was about twenty-one years old. The couple had been staying at Florence and one day Possel returned home alone from a drive, saying that his wife fell off the cliff on the edge of which she was resting while he was mending the harness.

They were married in England last March and Possel insured her life almost immediately. It developed, after her body was found beneath the cliff that Possel had been seen there several days before, throwing down large stones and watching their descent. The mother of Mrs. Possel, however, stoutly maintained that Possel was innocent of the death of his wife.

When in Rome City stop at Spring Beach Hotel. Rates, $1.50 per day. Special rates by the week. 23-eod-tf

FALL HATS

From time immemorial the 1st of September has sounded the "sunset gun" of the straw. It's bad form—very—to wear a straw hat longer—"but that's another story"—what we want to say to you is that the Fall blocks are now all in—the stock's complete, and handsomer Hats we've never handled.

THE

Howard Derby Hat

For which we are sole agents in Fort Wayne, is without question the peer of any $5.00 agency Hat on the market—but when we control anything the price is bound to be the lowest, and that's why we sell the Howard for $3.00.

Our Hats at $2.00 come in both Derby and Fedora styles, and in all the newest shades—no $3.00 Hat in town can touch these in the salient point of style, quality and finish.

At $1.50 and even at $1.00 we show both Derby and Fedora Hats that are really price wonders. Dealing as we do directly with the manufacturers, we are enabled to save you the jobbers' profit.

ALL FAVORITES WON.

Miss Logan, Dr. Leek, Anna Lee, and Seraphina Take Purses.

Fair Sport at Dubuque—Pilatus Reduces His Record to 2:13 1-4 in First Event—Rain at Glens Falls.

DUBUQUE, Iowa, Aug. 25.—The 3,000 spectators at Nutwood park witnessed only indifferent sport and favorites landed every event in straight heats except the 2:15 trot. In this Pilatus failed to win, though he secured what his owner prized more—a mark of 2:13¼. Dr. Leek was laid up for two heats, then took the third in the fastest time of the race, and he had plenty of speed to spare in the two succeeding heats. Anna Lee took the 2:15 pace in hollow style, and could have stepped a few seconds faster had occasion required.

The summaries:

2:25 pace; purse, $1,000.

Miss Logan, b m, by General Logan, dam Birdie, by Fireball (Hughes)	1	1	1

Time—2:16¼, 2:15, 2:16¼.

RAIN STOPS THE RACES.

GLENS FALLS, N. Y., Aug. 25.—Another storm came up yesterday after the track had been put into first-class shape after Tuesday's drenching, and only one heat was trotted—the second in the unfinished 2:20 event. There are ten events scheduled for today. Timorah led off on the first turn and kept her place to the stretch, then became nervous and left her feet. Nolan moved up and was not headed again, and won the heat easily in 2:15¼.

MAD RUSH IN WIND STORM.

Two Killed and Three Injured at a County Fair in Columbus.

COLUMBUS, Ind., Aug. 25.—In a mad rush from a grove near this city, where the county fair is being held, to an open field, during a severe electrical storm, two people were killed and several were injured. The dead:

Mrs. Samuel Cooper, aged thirty-six, knocked down and trampled upon. She was picked up unconscious and died soon afterward. Mrs. Cooper had a two-year-old babe in her arms, which miraculously escaped.

Charles Hayman, aged forty, hit on the back of the head by a falling tree and instantly killed. Hayman was a wealthy farmer, residing near Hope.

The injured:

Andrews, Peter, aged fifty, run over by the crowd and seriously bruised.

Turner, Solomon, aged twenty-five, arm broken and otherwise injured.

Pancake, Walter, injured internally.

It is estimated that over 10,000 people were present when the storm cloud was seen, and before the mass of humanity could get out of the woods the rain and lightning were descending. Trees fell in every direction, destroying the exhibition tents and buildings. Some of the injured were brought to this city and taken to the city hospital and others were transported to Hope, where medical attention was obtained.

TWELVE INJURED.

Serious Collision on the Flint and Pere Marquette Railway.

PORT HURON, Mich., Aug. 25.—Twelve persons have been more or less seriously injured in a collision on the Flint and Pere Marquette railway here. None were fatally hurt. Miss Bessie Baker, of Memphis, and Mrs. Helen Wilcox, of Wales, were so badly shaken up as to require medical attention, but no bones were broken.

The collision was between the Almont train and train No. 609 of the Saginaw division. The former was loaded with circus excursionists. Four cars of the Almont train were overturned and almost telescoped. The engine of the other train was derailed.

When the trains came together a frightful panic ensued, the 200 or more passengers in the overturned cars screaming and struggling to extricate themselves. In the excitement many women were trampled under foot and innumerable slight injuries inflicted.

FEAR CONFISCATION.

Carlists Registering Property in Names of Persons Friendly to King.

LONDON, Aug. 25.—The Madrid correspondent of the Daily Mail says:

"It is significant that the principal Carlists here are registering their property in the names of other persons to prevent its confiscation in the event of trouble.

"The military judge at Barcelona has ordered a court martial on a sergeant, two corporals and several soldiers who were trying to recruit among the garrison for the Carlists.

"Carlist disturbances are reported in several small towns in Aragon, caused by the closing of the Carlist clubs."

Yacht to Face the Shamrock.

LONDON, Aug. 25.—The duke of Abruzzi, nephew of King Humbert, of Italy, and an officer in the Italian navy, has commissioned G. L. Watson, the English yacht designer, to design and have built on the Clyde a yacht ninety feet long at the water line, in time for trial spins with the Shamrock, the yacht with which Sir Thomas J. Lipton will compete for the America's cup.

FEAR CUBAN ARMY.

Santiago Merchants Wants It Disbanded.

Property, They Declare, Is Not Safe—Insurgents a Bar to Business Prosperity in Cuba.

NEW YORK, Aug. 25.—A dispatch to the Herald from Santiago says: The merchants here are anxious that the Cuban army should be disbanded at once. It is a standing menace to business, they say. They are all anxious to resume, but find it impossible to do so, because property is threatened by the ill disciplined levies of Garcia's command.

Cultivators refuse to return to plantations where they will be subject to contributions for the support of the Cuban soldiers who are still in the field. No produce, therefore, will come to the market here and the ships that bring cargoes cannot take anything back. If the province is to return to a self-supporting basis and trade begin again, the Cuban army, it is generally admitted, must be disbanded.

Robert Mason, the British consul here, said that business is at a standstill.

"No produce is coming from the country," he said, "because the condition of things there is unsettled and merchants are afraid to engage in operations until the political situation is better defined.

"Owing to the lack of labor, lighters and wharfage facilities, we are completely blocked and our business interests are suffering. We cannot order cargoes. There is no money in the province. If trade is to be resumed some definite steps must be taken immediately by the United States."

Spanish merchants view the situation from a most gloomy standpoint and are prepared to cease all connection with Cuba if the question of dominion is settled in any other way than that the United States shall be in possession.

Julian Beudoza, agent of the Ward line, makes a statement to the effect that utter disregard is shown in the chief quartermaster's department to private importers.

"We had arranged," he said, "to establish a regular mail and freight line between New York and here, but we have had to discontinue it temporarily owing to the difficulty of discharging cargoes. For instance, when the Philadelphia came here with a cargo of only 400 packages, the vessel had to remain unloaded for fifteen days, eleven of which, on demurrage, cost the company $400 a day. Much of this unreasonable delay was due to Colonel Humphreys, who paid no attention to my protest.

"The war is over and it is to the interest of the government to encourage private trade; but the reverse is apparently the case. I obtained a lighter at considerable expense and it was confiscated by Colonel Humphreys, together with a gang of men I had employed."

General Lawton places no credence in the stories of intended Cuban violence and says they have shown no disposition to make trouble for the United States military authorities.

"There has been nothing," he said, "to disturb the peaceful state of affairs, nor do I expect any trouble."

If there should be any, however, General Lawton is prepared to demonstrate to all concerned that the United States military authorities are supreme in the capitulated province of Santiago.

Meat for the Philippines.

BRISBANE, Queensland, Aug. 25.—The British steamer Urmston Grange, last reported at Townsville, August 6, and the British steamer Duke of Sutherland, which arrived here, August 9 from London, sailed today for Manila, Philippine Islands, with 3,000 tons of frozen meat.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman." Trial bottles free at Dreier & Bros.' drug store. Regular size 50c and $1.00. Guaranteed or price refunded.

The Sure La Grippe Cure.

There is no use suffering from this dreadful malady if you will only get the right remedy. You are having pain all through your body, your liver is out of order, have no appetite, no life or ambition, have a bad cold, in fact are completely used up. Electric Bitters is the only remedy that will give prompt and sure relief. They act directly on your liver, stomach and kidneys, tone up the whole system and make you feel like a new being. They are guaranteed to cure or price refunded. For sale at Dreier & Bros.' drug store, only 50 cents per bottle.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Dreier & Bros.

VIA PENNSYLVANIA

To Chicago and return for $2.00 next Sunday. Train leave at 3:55 a. m. Returning, leave Chicago at 8:00 p. m. or 11:30 p. m.3w,t,f,s,tf

"Our Nation in War."

HOOSIERS WON AGAIN

The Haymakers Were Easy Victims Yesterday.

Kostal Had One Bad Inning and After That It Was All Over—Toledo Lost Two Games—Notes.

The Mansfields played their last game of the season in Fort Wayne yesterday and lost because they were outplayed at the bat and in the field. Kostal and Ed Herr were opposing twirlers and the big blonde had all the best of it. He was very effective until the Hoosiers had "cinched" the game in the fifth inning. His support was gilt edged, the two errors counting for nothing. Kostal had a hard time of it in the fifth and when the smoke of the bombardment had cleared away eight runs had been credited to the Hoosiers, two of them scored by Al Fisher. Features of the game were the batting of Griffin, Balden, Belt and Francis and the backstopping of Patterson. Score:

FORT WAYNE.

	A.B.	R.	1B.	P.O.	A.	E.
Fisher, 1b	4	4	1	9	1	0
Griffin, ss	4	0	2	0	6	1
Babb, 3b	5	2	1	0	0	1
O'Meara, 2b	5	2	1	0	0	0
Flood, cf	5	2	1	3	0	0
Nattress, lf	5	1	1	2	0	0
Patterson, c	5	1	3	5	0	0
Balden, rf	5	1	2	2	1	0
Herr, p	5	1	0	0	2	0
Totals	40	13	12	27	10	2

MANSFIELD.

	A.B.	R.	1B.	P.O.	A.	E.
Beecher, lf	4	2	1	1	0	0
Francis, ss	5	0	3	3	5	0
Plotrous, cf	5	0	2	4	0	0
Hoff, 3b	4	0	1	2	0	0
Law, c	5	1	1	2	1	2
Warrick, 2b	5	1	0	2	3	1
Howard, 1b	4	1	1	13	0	0
Belt, rf	4	1	2	2	0	0
Kostal, p	4	0	0	0	1	0
Totals	40	6	12	25	10	3

BY INNINGS.	1	2	3	4	5	6	7	8	9	
Fort Wayne	3	0	0	0	8	1	1	0	0	—13
Mansfield	1	0	0	0	4	1	0	0	0	—6

Earned runs—Mansfield, 1; Fort Wayne, 3. Two-base hits—Griffin, Fisher, Law. Three-base hit—Griffin. Sacrifice hits—Griffin, Babb. Stolen bases—Howard, Flood. First base on balls—Off Herr, 3; off Kostal, 5. Hit by pitched ball—By Herr, 1; by Kostal, 2. Struck out—By Herr, 5. Passed ball—Law, 1. Double play—Griffin to Fisher to O'Meara. Umpire—Colgan. Time of game—2:00.

Other Inter-State Games.

TOLEDO, 5-1; GRAND RAPIDS, 7-6.

TOLEDO, Ohio, Aug. 25.—Grand Rapids defeated the champions in both games, making three out of the four played here. The games were a repetition of yesterday's hard hitting and yellow fielding. Taylor was benched and Torreyson flund in the second game. Score of the first game:

Toledo.........0 1 0 0 0 1 2 0 1— 5
Gr. Rapids...1 1 0 0 0 0 2 0 *— 7

Base hits—Toledo, 13; Grand Rapids, 15. Errors—Grand Rapids, 1; Toledo, 1. Batteries—Ferguson and Arthur; Herbert and Cote.

Second game:

Gr. Rapids...3 0 1 1 0 0 1 0 *— 6
Toledo.........0 1 0 0 0 0 0 0 0— 1

Base Hits—Toledo, 5; Grand Rapids, 12. Errors—Toledo, 3; Grand Rapids, 4. Batteries—Fisher and Arthur, Harper and Cote.

YOUNGSTOWN, 6; NEW CASTLE, 3.

YOUNGSTOWN, Ohio, Aug. 25.—Two games were scheduled, but rain stopped the second at the end of the third inning, when the score stood 3 to 2 in favor of the locals. The first game was a ten-inning contest. Pitcher Miller, of the home team, was very effective, only allowing New Castle five singles. The score:

Youngstown 0 2 0 0 1-0 0 0 0 3—6
New Castle..0 0 0 3 0 0 0 0 0 0—3

Base hits—Youngstown, 11; New Castle, 5. Errors—New Castle, 3. Batteries—Youngstown, B. Miller and Schrecongost; New Castle, Gliesse and Zinram.

NATIONAL LEAGUE.

Chicago, 2; Boston, 1.
Cleveland, 4; New York, 1.
Brooklyn, 5; Pittsburg, 1.
Philadelphia, 6; Louisville, 11.
St. Louis, 14; Washington, 5.
Baltimore at Cincinnati; rain.

WESTERN LEAGUE.

Milwaukee, 13; Kansas City, 5.
Indianapolis, 5; St. Joseph, 3.
Indianapolis, 0; St. Joseph, 3.
Minneapolis, 2; Detroit, 1.
St. Paul at Columbus, rain.

NOTES.

The Fort Waynes will play two games at Toledo next Sunday.

Fort Wayne will play only seven more games at Lakeside park this season.

"Chick" Stahl played his first game for more than a month with the Bostons yesterday.

Youngstown established a new record this week by winning three straight from the New Castles.

The New Havens were defeated by the Superior street Standards, by a score of 14 to 1. Batteries—For New Havens, Fisher and Stalk; for Superior Street Standards, Tegtmeyer and Walters.

The French Town Juniors defeated the Clinton Streets by a score of 22 to 1. Batteries—French Town Juniors, Smith, Manofield and Longfield; Clinton Streets, Heit, Ryan and Sosenheimer.

The Shamrocks and Emeralds will meet on the diamond at Robison park next Saturday afternoon, the occasion being the second annual outing of the A. O. H. Both teams will be made up exclusively of Irish players.

Two championship games of ball will be played at Robison park on Labor Day, being postponed games in the league race. The Crystals and Keystones will play the first game and the Standards and Blues the second game.

The Orioles defeated the White Stars on the McCulloch grounds yesterday afternoon by a score of 10 to 9. Willmeyer's home run was one of the features of the game. Batteries—Orioles, McCarthy brothers; White Stars, Willmeyer and Thieme.

The Fort Waynes went to Toledo today, where they will play a series of five games. Three out of the five will be a good record and four victories will be simply grand and take some of the inflation out of the cranium of Sir Charles Strobie. After the Fort Wayne series Toledo plays only two games at home this season and the opinion is growing that the Mud Hens will do well to finish as good as fourth.

WERE THROWN OUT.

Two Ladies Have a Narrow Escape From Serious Injury.

Mrs. Hockemeyer and Mrs. Pleitt Slightly Injured in a Runaway Today.

Mrs. Henry Hockemeyer and Mrs. Henry Pleitt, with a six-year-old niece of Mrs. Hockemeyer, were out riding in the east end this morning. At the corner of Washington and Monroe street the horse became unmanageable and upset the buggy, throwing Mrs. Hockemeyer to the curbing and Mrs. Pleitt and the child into the street. The horse then ran west on Washington leaving pieces of the vehicle strewn along the sidewalk. The ladies were taken to the home of Dr. Kappell, who attended their injuries. Mrs. Hockemeyer was badly bruised about the arms and forehead and Mrs. Pleitt was slightly injured on one arm. The child was uninjured. The horse was stopped at the corner of Barr and Washington.

STEPPED ON NAIL.

William Lane, an employe of Louis Brames, stepped on a rusty nail, which was forced about one inch into the ball of the foot. The nail was rather easily extracted and Dr. Kappell was called to dress the injury. He removed the rust and cauterized the wound.

HAD TWO BONES BROKEN.

Harry Koons, a twelve-year-old son of Mrs. A. Koons, of 212 Francis street, had two bones of his right hand broken yesterday while engaged with some companions in a ball game. Dr. J. W. McCausland was called to reduce the fractures.

FARMERS' DAY.

People From the Country at Robison Park.

Annual Occasion a Huge Success—Thousands Fed at the Barbecue—Balloon Ascension.

The third annual celebration of farmers' day at Robison park is in progress today. It is estimated that not less than 6,000 people are on the grounds and they are thoroughly enjoying themselves. The attendance is not quite so large as it was last year.

Lopshire's orchestra from Maysville is furnishing inspiring music in the dancing pavilion, where the young men and maidens are "tripping the light fantastic toe." The Aboite brass band and another brass band from Nine Mile are on the grounds and furnishing melody divine for the thousands.

The barbecue was a great success. At 2 o'clock 3,000 persons had been fed and hundreds more were waiting their turn.

At 5 o'clock the balloon ascension and parachute drop will take place.

All in all it is a most successful affair and Manager Heilbroner is to be congratulated.

WAS NOT KILLED.

Report of C. P. Huntington's Death Was Not True.

UTICA, N. N., Aug. 25.—The report that Collis P. Huntington, the railroad magnate, was shot at his camp at Pine Knot, on Racquette Lake, in the Adirondacks, is not true.

LOCAL NEWS.

Dr. Neischang returned home last night.

Miss Dyke Beals, of 311 East Wayne street, is quite ill with long fever.

School will commence in the Lutheran parochial schools next Monday.

A lawn social of the West Jefferson Street Church of Christ will be held this evening at the home of Mrs. Will Diether, 179 West Superior street.

The police took with them this morning to Rome City 319 persons. A hundred or more will go down this evening, among them the day officers. When the coppers left the city with their hundreds of friends everybody was prepared to have a royal good time. Rumors that Sergeant Stevens was to take a bath are untrue. It is one month too soon for his regular annual bath and he promised not to go near the water. Ben Elliott and Clerk Langard wouldn't trust the Sylvan lake article and early this morning went to Swinney park and filled several bottles with water from the flowing well. Bob Dickson will manage the fight between Charley Spillner and the game cock.

PEACHES! PEACHES!

Car Just Arrived Containing Over Five Hundred Bushels.

Finest Stock in the Market.

They are going like hot cakes. Everybody getting them. Call early and make your selection.

Remember now is the time to do your canning. Remember also that the yellow Crawfords are the best flavored peach to can.

You cant miss it on this lot, they are just ripe enough and not too ripe.

THE NEW KEYSTONE,
238 and 240 Calhoun Street.

Persons leaving the city for the summer can have THE SENTINEL sent to their address at 10 cents per week.

YOUNG WOMEN desiring to make their home at the new

Y. W. C. A. Rooms,
49 and 51 W. Berry Street,

Should apply at once. Miss Johnson has charge of the rooms to be rented and may be seen after 3 o'clock at the association home West Berry Street.

DIVORCE CASES.

Three New Ones Filed and One Application Granted.

There Is Said to be Some Sensational Episodes in One of the Suits—Court Notes.

The divorce courts are busy again. Since yesterday afternoon there have been three new suits filed and this morning Judge Dawson granted one divorce. The new cases are: Hattie B. Galloway vs. John W. Galloway, in which the plaintiff asks for $5,000 alimony; Jennie V. Smith vs. Geo. W. Smith, in which plaintiff asks for $500; Elizabeth Schroeder vs. Louis C. Schroeder, in which plaintiff asks for $500 alimony. There is said to be some sensational episodes connected with the Smith divorce, but the reporter couldn't learn the allegations as Vesey & Heaton, plaintiff's attorneys, had possession of the complaint. P. B. Colerick is attorney in the Galloway case.

Judge Dawson this morning granted Mary Bates a divorce from Theodore Bates. The husband's cross complaint was withdrawn and the divorce was granted on default. Mrs. Bates was given the custody of the two children and $500 alimony.

NOTES.

In the suit of the Kealoy Brewing Co. vs. Lane the plaintiff was given judgment for $390.

The commissioners visited the poor farm yesterday afternoon and made a rigid inspection of the buildings. Everything was found to be in excellent condition and the health of the inmates could hardly be better. The crops are large and the commissioners are commendatory in their statements of H. W. Felts' management of the institution.

John Ryan, of Lake township, reported to Sheriff Melching last night that he had seen a woman, evidently insane, sitting by the roadside on the line between Lake and Washington townships. The sheriff and Deputy Stout drove out about 10 o'clock and found Sarah Cronin, a domestic who worked in leading families in Fort Wayne, sitting in a fence corner. She was thinly clad and nearly starved. She informed the sheriff that she left town a week ago to look for work, and had lived in the open ever since. She is evidently insane, as she had a place in the city and wandered off suddenly.

Weather Men to Meet.

WASHINGTON, Aug. 25.—A triennial convention of weather bureau meteorologists will be held at Omaha in the middle of October. The convention will be opened by Prof. Willis L. Moore, chief of the bureau. Secretary of Agriculture Wilson may attend. From one to three meteorologists are expected from almost all of the states. The meeting will last two days.

Private Soldiers Die.

ATLANTA, Ga., Aug. 25.—Privates Patrick Liddy, Troop M, Fifth cavalry, and Sebard Herbard, Troop L, Second cavalry, died at Fort McPherson today of typhoid fever.

NERVOUS DEPRESSION.

[A TALK WITH MRS. PINKHAM.]

A woman with the blues is a very uncomfortable person. She is illogical, unhappy and frequently hysterical.

The condition of the mind known as "the blues," nearly always, with women, results from diseased organs of generation.

It is a source of wonder that in this age of advanced medical science, any person should still believe that mere force of will and determination will overcome depressed spirits and nervousness in women. These troubles are indications of disease.

Every woman who doesn't understand her condition should write to Lynn, Mass., to Mrs. Pinkham for her advice. Her advice is thorough common sense, and is the counsel of a learned woman of great experience. Read the story of Mrs. F. S. BENNETT, Westphalia, Kansas, as told in the following letter:

"DEAR MRS. PINKHAM:—I have suffered for over two years with falling, enlargement and ulceration of the womb, and this spring, being in such a weakened condition, caused me to flow for nearly six months. Some time ago, urged by friends, I wrote to you for advice. After using the treatment which you advised for a short time, that terrible flow stopped.

"I am now gaining strength and flesh, and have better health than I have had for the past ten years. I wish to say to all distressed, suffering women, do not suffer longer, when there is one so kind and willing to aid you."

Lydia E. Pinkham's Vegetable Compound is a woman's remedy for woman's ills. More than a million women have been benefited by it.

Culver Military Academy

(Founded and endowed by H. H. Culver, St. Louis.)

Those terrible [illegible] spells in which woman [illegible] subject are due nine times in ten to some weakness or unhealthy condition of the distinctly feminine organism. The average doctor in general practice does not half realize this. He prescribes some specific treatment for headache or dyspepsia or liver trouble without suspecting the real cause of the difficulty.

A woman usually understands what is the trouble but is loath to undergo the mortifying and generally useless "examinations" and "local applications" on which the local practitioner is almost sure to insist. But there is a far more sensible alternative; Any woman afflicted with a delicate weakness of this nature should seek the aid of that marvelous "Favorite Prescription" invented by Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y.

In any case so obstinate as not to be promptly cured by this great "Prescription" special advice for inexpensive home-treatment adapted to the individual case, will be sent by Dr. Pierce to any one who will address him by mail. All letters are treated with the strictest privacy and never printed except by the writer's special request. Cases intrusted to his care are in the hands of one who has a lifetime's experience and who stands among the most eminent of living specialists in this particular field of practice.

Every woman should possess a copy of Dr. Pierce's famous thousand-page illustrated volume, the Common Sense Medical Adviser which has had a larger sale than any medical book in any language. A paper-bound copy will be sent *absolutely free* on receipt of 21 one-cent stamps *to pay the cost of mailing only*. Address World's Dispensary Medical Association, Buffalo, N. Y., or send 31 stamps for cloth-bound copy. A whole medical library in one 1000-page volume.

SHOP AND RAIL.

Several Accidents to Railway and Shop Employes.

Conductor Grober Has Some Toes Pinched, Conductor Zeigler Sprains a Hand and Brakeman Hall Loses an Eye.

Freight Conductor Grober, of the Grand Rapids and Indiana road, will be off duty a few days from the effects of an accident, which might have been worse. While doing some switching out on the road yesterday one of his feet was caught and the wheels of a pair of trucks passed over it, pinching the toes quite severely, but not breaking any bones. Mr. Grober is congratulating himself upon his escape from more serious injury.

Charles W. Zeigler, local freight conductor on the Nickel Plate, fell yesterday while out on his run and severely sprained his right hand. He was obliged to abandon his run and come home on No. 6 last evening.

Jesse Hall, a Grand Rapids and Indiana brakeman, laid a railway torpedo upon the rails at Grand Rapids Tuesday evening and then from the platform of the caboose dropped a coupling pin upon it. The shell was loaded and in the explosion a portion of it lodged in Hall's eye, inflicting a wound, which resulted in the removal of the optic. The operation was performed at the hospital in Grand Rapids. The unfortunate brakeman is a resident of Saginaw. He only recently took a position with the Grand Rapids road and was out on his first trip when he met with this accident.

DEAD MAN IDENTIFIED.

The man killed at Kirby, Ohio, yesterday by a Pennsylvania train was C. E. McManara, a resident of that village. The coroner has not rendered a verdict as to the cause of death, but it is understood he inclines to the opinion that it was a case of suicide. It is said that the deceased was slightly intoxicated when last seen alive.

ENGINEER HENRY JONES SICK.

A letter from A. Johnson, the Pennsylvania engineer, states that his traveling companion, Engineer Henry Jones, is sick and that they will be compelled to cut the journey short and return home. They are expected here Saturday. Messrs. Jones and Johnson left here last week for a trip to the upper end of Lake Michigan, intending to visit the principal cities and resorts on route. It is sincerely hoped that Mr. Jones' illness is of a trivial character and that he will return home in good health.

General and Local Gossip.

Nickel Plate Engineer C. Merrett is sick and off duty.

Blacksmith Henry Tonsing, of the Pittsburg shops, is sick.

C. Rodenbeck, a Pittsburg shopman, is on the sick list.

Division Freight Agent W. A. Spotz, of the Wabash, was in the city.

D. T. McFee has resumed his place at the throttle after a week's fishing at Rome City.

Nickel Plate Brakemen P. E. Caloy and D. C. Potts are off duty, looking after some private affairs.

After an illness of ten days, Engineer M. F. Moloney reported for duty on the Nickel Plate yesterday.

Charlie Barnes, the blacksmith, is on his way to Traverse City, Mich., where he will spend two weeks with friends.

G. N. Sauer, Nickel Plate conductor, who had been spending a week at Rome City, resumed work on the road yesterday.

Machinist John Thompson, who has just completed a tour of the lakes, resumed his place in the Bass works this morning.

The engines of the Louisville and Jeffersonville Bridge company are to be overhauled at the shops of the Big Four at Wabash.

Henry Shives and J. Schultz, of the Bass blacksmith shop, are at work again after a few days' absence. Both were injured.

William Bauck, who had a foot hurt on the 17th inst., has recovered sufficiently to resume work at the Pittsburg tank shop.

George W. Ellenwood, baggage master of the Lake Shore, and wife and children left at noon today for Flint, Mich., to spend two weeks.

Conductor W. B. Kitselman resumed his duties on the Nickel Plate yesterday, after an absence on account of the death of his father.

Fred Thorpe, of the Pennsylvania offices, suffers severely from chills and fever and had to return home after an hour's service this morning.

Operator C. H. Meek, of the Nickel Plate, has gone to Pierceton, Ind., to spend a week in visiting friends and fishing. He is accompanied by his wife.

J. F. Sullivan, boiler inspector at the Pittsburg round house, is suffering from a derangement of the stomach and has been unable to work for a few days.

Commodore G. B. Simonds, the first railway master mechanic to be appointed in the United States, last week celebrated his seventy-ninth birthday. He resides at Sedalia, Mo.

E. R. Benedict, the Pittsburg railroad man who has been laid up for the past ten weeks with rheumatism, is out and went to Chicago on No. 37 today for a trip around the lakes.

The American Glucose company, which has its large works at Peoria, will build a branch railroad from Peoria to Washington, a distance of ten miles, to connect with the Chicago and Alton direct.

J. A. George, general agent of the Chicago and Northwestern lines, has resigned. He had been in the service of the company for thirty years, and now goes into the brokerage business at Chicago.

N. G. Kucher, Captain H. Stoll's stenographer, is taking his summer's vacation. This morning, in company with his sister, he left for Chicago, where they will take the steamer for Milwaukee and other points in Wisconsin.

The Pennsylvania has just completed, at its shops in Altoona, a model instruction car. It is sixty-five feet long; ten feet at one end is for an office and examination room, ten feet for a lavatory, and forty-five feet for the instruction room.

Two or three weeks ago A. Tassler, of the Pittsburg tank shop, smashed his right thumb. The member, it was thought, had healed, but yesterday it became painful and is now so bad that a portion of it may have to be amputated. He is unable to work.

There are twenty through passenger trains daily between New York and Chicago, and it is said there is not business enough to make ten of them pay were the other ten to be withdrawn. Evidently the railways have been developed beyond the demands of the public.

The Electric corporation has the contract of equipping an electric plant at Lehighton, Pa., and is now engaged in shipping the machinery and station material. Included in the shipments today were a 1,000-light alternating dynamo, a 40 light arc dynamo and forty arc lamps.

Cashier Joseph Sunderland, of the Wabash, yesterday sold his fine residence at 177 West DeWald, to W. S. Cooper, the general foreman of the Wabash shops. Mr. Sunderland's family will move out of the house as soon as they can secure other quarters, and Mr. Cooper's family will immediately afterwards move into it.

The Vandalia officials are disposed to boast of the hauling power of their freight engines, one of them having recently pulled ninety empty cars from Terre Haute to Brazil. One of the class R engines built in the Fort Wayne shops last spring pulled 125 cars from this city to Chicago, and the feat was treated as only an ordinary incident.

The excellent crops of the middle states, and particularly Indiana, Ohio and Illinois, have put much money in the hands of the farmers, and as a result they have been liberal patrons of the manufacturers of farm and harvest implements and machinery. All the railroads report handling an unusual amount of this class of freight during the spring and summer months.

The monster freight engine on the Pennsylvania road which hauled, west of Columbia, on the main line, 130 cars up a grade of fifteen feet to the mile, next morning continued its trip to Morrisville, Pa., 115 miles. On this division the train was reduced to sixty loaded cars, the grade east of Columbia being thirty feet to the mile. In handling these long trains the air brake was in use on the first twenty cars.

Indianapolis Journal: "There is likely to be a lively contest for the successorship to F. P. Sargent as grand master of the Brotherhood of Locomotive Firemen. The selection lies between Frank Arnold, now secretary of the association, and J. J. Hannahan. It is thought a majority of the membership would prefer Mr. Arnold. The feeling is so bitter between the two factions that it may result in the dropping of both and substituting some other member of the organization."

MR. RESOLUTION NEW BUYS AN ALARM CLOCK.

SAYS IT IS BAD.

Dr. Dudley Makes an Analysis of Fort Wayne's Water.

G. L. Potter, superintendent of motive power of the Pennsylvania company, is in receipt of a letter from F. D. Casanave, in which the writer gives the results of the second analysis of Fort Wayne's drinking water. The analysis was made by Dr. E. B. Dudley, of Altoona, the Pennsylvania company's chief chemist, and the sample of water was drawn from the fire plug at the corner of Clinton and Holman where the city sprinkling wagons draw their supply, and it is thought to be a fair representation of the water now used for drinking and other purposes by almost the entire population. Dr. Dudley says the water contains ammonia and chlorine to a degree which renders it very unwholesome and indicating that it is contaminated by drainage from sewers, vaults or barns. Dr. Dudley made an analysis of some water drawn from a spigot in the Pennsylvania superintendent's building, on Clinton street, several weeks ago and his report of the result was not different from the report of the second analysis. Mr. Potter thought then the specimen water might have been contaminated by dead animal matter, possibly a little fish, which might have lodged in the metre or pipes, and hence the second analysis. Dr. Dudley says that the water should not be used for drinking purposes unless it is previously heated to a high temperature. Mr. Potter inclines to the belief that the wells from which the water supply is drawn are too close to the river. The soil in that locality is underlaid with a continuous bed of gravel through which the water from the stream passes into the wells and the distance traversed is not sufficient to clear it of organic impurities. Mr. Potter has forwarded to Dr. Dudley samples of river water, one taken from Edmund's dam on the St. Mary's, above all the sewers, and the other from a point about opposite the pumping station and below the mouth of the largest sewers of the city. He has not yet received a statement of the analysis, but is expecting it soon. This analysis will be awaited with interest by citizens of Fort Wayne, as it involves a matter of much dispute—the proper location of future water supply wells. It is the opinion of many of our citizens that the city should have gone south of town for a portion of its water supply, and some go so far as to say that the establishment of wells upon the low lands along St. Mary's avenue is a mistake which will be sadly realized later.

STRIKE SHORT LIVED.

Hazleton Coal Miners Return to Work After a Day Out.

HAZELTON, Pa., Aug. 25.—The 700 coal miners and laborers employed in the Audenreid and Honeybrook strippings of the Lehigh and Wilkesbarre coal company, who went on a strike yesterday, returned to work this morning. The men struck because of what they claimed to be the unjust discharge of two Hungarian laborers.

The prompt and decisive action of Superintendent Richards in posting a notice that if the men were not at work this morning the mines would be shut down for the balance of the year produced a wholesome effect on the strikers, although they claim the discharged men will be reinstated.

PLOT AGAINST MILES.

Odor of War Scandal Comes From Washington.

Belief Among His Friends That There Has Been a Cabal to Bring Him Into Disgrace.

CHICAGO, Aug. 23.—The Record has the following special from its Washington correspondent:

Official life in Washington is much agitated over the disclosures that are reaching the public of friction in the arrangement of the war department, and what appears to be an organized clique at work to disparage Major General Miles, relieve him of his responsibilities and make his position at the head of the army uncomfortable, if not ridiculous. Even the most conservative men are now inclined to believe that the volumes of smoke arising about the war department indicate the presence of a conflagration that threatens to burst out and envelop several prominent officers.

They accept with a degree of credence the various reports of General Miles' trials and tribulations during the preparation for the Santiago campaign, and the administration feels the necessity of investigating the charges that rank from malfeasance in office down to conduct unbecoming an officer, and which, if proved, must, for the discipline and good of the service, result in court martials for at least one, if not more, of the general's officers engaged in the Santiago campaign.

An old army officer, in discussing the situation tonight, said that, from his view, General Shafter must be court martialed should it be proved that he deliberately violated the orders of General Miles by permitting Cubans to enter the American lines, and in permitting American soldiers to enter Cuban houses. It is uncontestably true that yellow fever got a hold upon the American soldiers through contact with Cubans and by some of the men sleeping in infected houses.

General Miles seems to receive all the sympathy of disinterested officials, who are now inclined to believe that while reports of his elaborate special train, equipped with gorgeous bathtubs, were being circulated, a plot was forming to deprive him of what he sought and by rank was entitled to—the command of the troops at the front. It is known that the president desired him to be at the front, and was unable to understand why he remained in the United States, until the general was invited into a conference at the white house while General Shafter's army was in front of Santiago. It accidentally developed during the conversation between the president and his general that the latter never received orders which the president directed should be forwarded him at Tampa. These orders instructed him to proceed at once to Cuba and assume command.

It is known that when the president learned, greatly to his surprise, that his orders never reached General Miles, that he instructed him to leave for Cuba immediately. It is reported that Secretary Alger was at once called to the white house for an explanation of the failure of the orders to reach General Miles. It is stated further that when General Miles reached Cuba General Shafter had been coached to ignore him politely. The details of the interviews between the two generals are not definitely known, but with all the other scandal involved will be aired by congress at the next session unless the department brings it out in an investigation on its own responsibility.

TO SEA IN A WEE BOAT.

Captain Andrews Undertakes a Fifth Trip in His Dory.

ATLANTIC CITY, N. J., Aug. 25.—In a boat thirteen feet long, provisioned with canned goods and vichy, Captain William Andrews sailed from Young's ocean pier for a trip to Europe.

In his peculiarly constructed ship, known as the Phantom Ship, he sailed for the Azores, his intention being to leave there for the European coast.

Captain Andrews does not know what fear means, and, fortified by the past experience and a well-constructed craft, thoroughly provisioned, he expects to reach Europe within sixty days, in spite of all storms.

Captain Andrews says there is nothing experimental in the performance. This will be his fifth similar voyage across the Atlantic, his first having been in 1878. His last voyage was in 1892, and it was one full of severities and discomforts. But, aside from these minor details, he has always been successful to a remarkable degree.

Deadlock Broken.

COUNCIL BLUFFS, Iowa, Aug. 25.—The deadlock in the Ninth congressional republican convention was broken today by the nomination of Smith McPherson, of Montgomery county.

LOST AT SEA.

Fishing Schooner Sunk by Liner Norge.

Collision Occurred on New Foundland and Sixteen of Schooner's Crew Were Lost.

NEW YORK, Aug. 25.—The Thingvalla line steamer Norge, which arrived here today, reports that she sunk the French fishing schooner La Coquette, of Bayonne, France, on Saturday last, on the Grand banks. The captain and eight seamen were saved. Sixteen went down with the unfortunate vessel. The Norge sailed from Stettin August 3. The weather was generally fine to the banks of New Foundland, when it became foggy, with patches of clear weather. On Saturday, Aug. 20, between 3 and 4 o'clock in the afternoon, the weather was foggy, but not so thick that the vessel's speed was reduced.

Captain Knudson said he could see about three cables' lengths ahead. The wind was fairly brisk from the west southwest, when a vessel suddenly loomed up from the north with sails full and stood directly across the bow of the steamer. The bells were rung to stop and back at full speed, but too late to check the steamer's headway. The stranger, a fishing schooner, fell across the bow and with a crash was forced over and sunk. Three men sprung aboard of the Norge. The passengers of the Norge, most of whom were about the decks, rushed about in alarm at the shock, but were soon quieted when they learned that the steamer was uninjured.

A boat was lowered and six men and a dog were picked up. The vessel sank almost immediately and in sinking carried with her sixteen of her crew. Captain Knudson, of the Norge, said that as a steam vessel he was obliged to keep out of the way of all sailing craft, but that this was a time when the sailing vessel could do more to help herself than the steamer. The latter was going ahead at full speed, for the fog was not, in the judgment of the captain, sufficient to reduce headway.

The fisherman was an active vessel, had a good breeze and was under good steerage way but made no attempt to avoid the collision, keeping on with sails full until squarely under the bow. The large hull of the Norge, Captain Knudson said, should have been visible for a long distance.

SAYS IT IS A PROBLEM.

Senator Hanna Expresses His Views on the Question of Expansion.

ST. PAUL, Minn., Aug. 24.—Senator M. A. Hanna, of Ohio, accompanied by his daughter, Miss Ruth Hanna, and her friends, Misses Phelps and McCurdy, arrived in the city last evening after a trip through Yellowstone park. In an interview Senator Hanna said:

"The Philippines present a problem we cannot solve in a hurry. We, of course, must retain a coaling station there, but I do not think it likely we shall want more than Manila and its harbor.

"Cuba is another problem. I never was much of a Cuban and am not prepared to commit myself as to the policy we should pursue there. We propose to establish a stable government in that island, but what constitutes a stable government has not yet been defined. I think, however, Cuba will be an evolution and in twenty years it will be so thoroughly Americanized that there will be no question as to what a stable government means.

"I do not think there will be a formal alliance with England.

"This country is now entering upon a period of industrial and commercial prosperity such as it never has known. The war has put $300,000,000 in circulation and business in every quarter has been stimulated.

"It is too early to speak of presidential prospects, but I believe President McKinley will be the next republican nominee. He will not be a candidate for the office, but the people will call him and will elect him."

Smoke the "Tilford Carolina," best 5 cent cigar made. Sold by Freese & Ranke. 26eo110t

SUDDENLY STRICKEN.

Russell J. Wilson, Director of the Southern Pacific Very Ill.

SAN FRANCISCO, Aug. 25.—Russell J. Wilson, one of the representatives of the Stanford estate on the board of directors of the Southern Pacific company, is lying dangerously ill at his residence in this city. He was stricken with apoplexy or something very much akin to that malady while dining with a number of friends at the Pacific Union club. While there is no immediate danger of his death, the attending physician, Dr. C. M. Richter admits that his condition is most serious.

The Hartzell ice cream is the best. Call up either 'phone. 16eod

FACTS FOR SHOPPERS.

THE FINEST. THE MOST POPULAR,

and most centrally located store in this city, and for your convenience in reaching this store, all street car lines have a terminus right at our doors.

The plans for the Great Fall Trade already matured, will be developed to our patrons as soon as the workmen who are busy remodeling and beautifying the store are through with their work. The goods already bought—imported and American fabrics—will be ordered in, and you will have the finest stocks to select from that has ever been brought to this city. To get the best goods, the cream of the looms, selections have to be made early. This is the class of goods we are going to lay before you To get the lowest prices, importations of goods from Europe and of American make, orders must go to the factories direct. This will be your gain in the low prices we are going to sell at. No profit stands between our patrons and the manufacturer.

Trading Here is a Paying Investment.

WOMEN'S SUITS.

We show some new suits for Women—handsome and small priced. Jacket and Skirt, the new fall styles. $15 to $20 each.

And at a reduction, all suits left from Spring just as good now as then—colors and cloth suited for fall.

DRESS GOODS.

Piles of pretty dress stuffs. Remnants—dress lengths for school girls, skirts, etc., all selling around half-price. The odd pieces from all over the dress goods sections.

DOMESTICS.

Around these departments women will find many new goods, those we had to order in for the very early Fall—the things needed now.

Prints, Outings, Shirtings, Tickings and hosts of small priced goods. Cottons for Comfortables.

STOCKINGS.

For children—two fine bargains. At 10c—Seamless, fast black.

At 15c or 2 for 25c—double sole, double knee and high splice heels. Warranted fast black.

The Rurode Dry Goods Co.

Pure Drugs

SWORN TESTIMONIALS

Are the only testimonials upon which reliance can be placed. We are the only physicians in the United States today who have sworn statements to show that we can cure what we claim to cure. Cases that other doctors did not, could not cure, have given us their affidavits that we have cured them after all other doctors have failed.

We positively cure Piles, Rupture, Varicose Veins, Varicocele, Hydrocele, Gleet, Stricture, Night Losses, Drains in Urine, Weak Backs, Sexual Weakness, Premature Discharges, Private Diseases, Blood Poison, Pimples and other bad results of secret vice, exposure and excesses; Catarrh, Rheumatism, Dyspepsia, Kidney and Bladder Trouble, all Chronic and painful complaints.

All persons holding tickets to the ice cream social last Tuesday evening given by the Woman's society of the Grace Lutheran church, can get the ice cream by presenting their tickets at Brudi Brothers, 195 Lafayette street, between now and Sunday.

Mrs. T. C. Taylor, of Chicago, will speak this evening at the prayer meeting in St. Paul M. E. church Mrs. Taylor is a missionary in the great metropolitan at the head of Lake Michigan and has been devoting her efforts to uplifting the poor and wretched in the slums. Her talk tonight will be upon missionary work in the slums of Chicago.

The board of school trustees have appointed Edward A. Ross-Lewin chief janitor of the public schools to succeed James Gavin, who has faithfully discharged the duties of the position for more than twenty years. John W. Gray was appointed janitor of the Lakeside school and Mrs. Kramer was appointed janitress of the Holton avenue school.

Sergeant John Vordermark was brought home this morning from Chickamauga. He was accompanied by his father and they were met down the Grand Rapids railway by George Humphrey. Sergeant Vordermark is very weak and his father was compelled to stop over between stations and allow him to rest. His condition is no longer considered dangerous and it is believed the cooler climate here will soon bring him around to perfect health.

A beautiful lawn party was given by Miss Bertha Huestis, yesterday afternoon, in compliment to her guests, Miss McCarthy, of Carthage, Mo., and Miss Turner, of Wheeling, W. Va. Mrs. Huestis, Miss Huestis, Miss McCarthy and Miss Turner received the guests on the lawn, standing beneath a canopy of flowers and vines. Miss DeEtta Davis wore a pretty Japanese costume, and dispensed punch to the thirsty. Miss Alice Crane was a gypsy queen and in a bower all to herself, read the future of the guests. In the house a bevy of young girls served ices and other refreshments. The rooms were decorated with asparagus vine, nasturtiums and scarlet geraniums, and the assistants in the dining room were Miss Mary Huestis, Miss Maud Jenness, Miss Daisy Viberg, Miss Florence Hall, Miss Coorman and Miss Stirk. Out of town guests were the Misses Schreck and Meyers, of Decatur, and Miss Gussman, of Huntington.

AT THEIR BEST.

Michigan Plums are now at their best for canning purposes. We are receiving daily direct from the growers immense quantities of "Genii" variety, put up in half-bushel baskets, and would advise you to buy at once.

We are also receiving daily large shipments of Michigan Freestone Peaches, which we are selling at very low prices.

Large Sweet Heart Melons, 12c each.

Jersey Sweet Potatoes, 15c peck, Home Grown Celery, Large Bunches, 10c.

THE GREATEST GROCERY.

MRS. ARNETT ARRIVES.

Mrs. Arnett, the accomplished and charming wife of the bishop, arrived in the city yesterday afternoon at 4 o'clock from Wilberforce, Ohio. She was accompanied by Charles S. Smith, private secretary to the bishop. The conference did Mrs. Arnett the honor to adjourn early in the afternoon that she might be received at the train.

Rev. T. W. Henderson, D. D., business manager of the book concern in Philadelphia, arrived from the Bermuda conference yesterday and will represent his department during the week. Dr. Henderson is one of the strongest men in his church and is a leader of the race.

LIFE OF BISHOP ARNETT.

Bishop Benjamin W. Arnett, of the African Methodist Episcopal church, was born at Brownsville, Fayette county, Pennsylvania, March 6th, 1838, his parents being of negro and Scotch-Irish ancestry. When a small boy he was only afforded a meagre advantage for acquiring an education but he was apt at study, learned rapidly and was always found with a book in his hand.

He found employment on the Monongahela, Ohio and Mississippi rivers, running on the large steam boats to New Orleans, St. Louis and Cincinnati. He soon fitted himself to take charge of a school and from 1859 to 1863 he taught school in Brownsville, his native home and was called "Bennie" by the old citizens and the whites soon discovered that he was gifted with wonderful power of oratory. He had great success during his stay at home and the educators of Washington, D. C., called him to that city in 1864, and he was selected principal of the colored schools. In 1865 he was licensed to preach by the quarterly conference at Washington, D. C., and joined the Ohio conference in 1867. The second year of this conference he was elected the secretary and continued as such for years. Every charge he took hold of he brought to the highest standard, and so successful was he in bringing poor charges to success he was called the "Church Builder." He has held all the principal charges in the state of Ohio. In 1873 he was elected chaplain of the house of representatives of Ohio and from 1885 to 1887 represented Greene county in the lower house and while a member introduced the bill, which upon its passage repealed the "black laws" of that state and gave the colored man equal rights and privileges with the white men. He also introduced and secured the passage of the educational bill prepared by the W. C. T. U. He has held all the offices in the general conferences of the A. M. E. church and is at the present secretary of the bishop's council, historian, and is writing a complete history of the church. He was the founder of the great Payne seminary, situated at Wilberforce, Ohio, is one of the trustees of the great combined and normal industrial school at Wilberforce. As an orator, he needs no introduction, his name is familiar with all platform speakers and at the great Christian Endeavor convention held at San Francisco, Cala., last year, he held the vast audience spellbound for hours and when he made an attempt to stop the vast crowd cried with loud applause for more.

The citizens of Fort Wayne will have an opportunity to hear this great speaker Sunday in some one of the larger churches, where all can be accommodated to seats.

REV. W. M. SIMPSON.

The pastor of the Fort Wayne A. M. E. church, Rev. W. M. Simpson, is a native of Indiana. He was born in Rush county in 1850, and there resided with his parents until he was seven years of age, when the family removed to Cass county, Mich., where Rev. Simpson grew to manhood. He was an industrious and ambitious boy and lost no opportunity for self-education. His first charge was Day circuit, Cass county, Mich. He came to Fort Wayne early in the present year and his pastorate has been both popular and successful.

The ice cream social to have been given tomorrow evening at the Railroad Y. M. C. A. has been indefinitely postponed.
